π Differentiated Instruction Prentice Hall Literature, Penguin Edition provides you

with all the tools you need to deliver differentiated instruction easily and seamlessly. Each Unit of Prentice Hall Literature is divided into two parts, both of which develop a specific set of skills. Either selection fully develops the skills being taught, so you have freedom of choice without the fear of skipping a standard. This unique organization, which has been classroom tested, ensures complete skills and standards coverage and realistic pacing, while providing differentiated instructional opportunities for each skill.

Real authors serve as program guides. Fifty-three of today's most recognized authors have collaborated on this extraordinary new program. Each unit in each level of Prentice Hall Literature is hosted by one of the featured authors. These authors serve as a guide for your students, introducing them to literary concepts and terms, illustrating the writing process at work, and answering questions about reading, writing, and literature from real students just like yours.

With this series, your students learn about reading, writing, and literature from the authors themselves as they share their personal experiences, insights, and expertise while presenting instructional concepts.
