

KY Valid Course List

HOW TO USE THIS DOCUMENT

This document contains a listing of course descriptions and parameters along with certifications that fit the parameters for a given course. The grade range and population information listed for each course are not absolute. Please choose the course that most closely represents the students in a given course.

EXAMPLE

John Q Middle School had 5th, 6th, and 7th grade students taking a Creative Art course. This course would be linked to course number **500711: Creative Art – Comprehensive**, which shows with a recommended grade range of 6th – 12th.

The courses listed in this document are not meant to replace the course titles and course numbers already in use at the school level. Schools will link their courses on the Infinite Campus “Course Master” tab OR in the “Course” tab to courses listed in this document.

Schools may have created courses that are very unique in order to meet students’ needs. If a course does not meet the definition or content of one contained in this document, please use course number **909999: School Defined Course**, and code the correct content through the LEAD report.

CERTIFICATIONS

It is important to note that the certificates listed are the ones that fit **ALL** of the parameters for a specific course – there may be other certificates that can teach it with slightly more restrictive parameters.

It is very important to note that not all of the certificates listed under a specific course will meet the Highly Qualified Teacher standards as defined by The No Child Left Behind Act of 2001. Please refer to the Highly Qualified guidance documents located on the Education Professional Standards Board (EPSB) website at <http://www.epsb.ky.gov/nclb.asp>.

In addition to Highly Qualified considerations, please take note of the following information from **The Kentucky Core Academic Standards** with regard to middle school courses that are offered for high school credit.

High School Credit Earned in Middle School

It is expected that most students will earn these credits during their high school years. However, local school districts may offer these courses to middle level students if the following criteria are met:

- the content and the rigor of the course is the same as established in the *Kentucky Core Academic Standards*
- the students demonstrate mastery of the middle level content as specified in the *Kentucky Core Academic Standards*
- the district has criteria in place to make reasonable determination that the middle level student is capable of success in the high school course
- **the middle level course is taught by teachers with either secondary or middle level certification with appropriate content specialization**

Although middle level courses list the Provisional and Standard Elementary Certificates, Grades 1-8 as allowable under the parameters of these courses, they will not meet the above requirements for courses that are offered for high school credit.

This document is a guide; therefore the EPSB disclaims any warranties as to the validity of the information in this document. Users of this document are responsible for verifying information received through cross-referencing the official record in the EPSB’s Division of Certification. The EPSB shall not be liable to the recipient, or to any third party using this document or information obtained therefrom, for any damages whatsoever arising out of the use of this document.

Please contact Robin Chandler, policy advisor for the Office of Next Generation Learners in KDE, at 502-564-2106 with any questions on content and curricula.

Please contact EPSB’s Division of Certification at 502-564-4606 with any questions on credentials or permissions.

701020 - Primary Language Arts

Grade Level: 0 - 3

Credits:

Description: Content is designed to build a wide range of reading experiences with print and non-print materials that have literary, informational, persuasive, and practical purposes. Students use writing-to-learn and writing-to-demonstrate learning strategies, as well as the writing process and criteria for effective writing, to develop writing in a variety of forms and for multiple audiences and purposes. Speaking, listening, and observing skills are used to communicate information for a variety of authentic purposes, situations, and audiences. The integration of inquiry skills and technology with the other strands allows students to discover and communicate ideas and information. Course adheres to Program of Studies requirements.

701040 - Primary Math

Grade Level: 0 - 3

Credits:

Description: This course is designed so the student accomplishes all the End of Primary Mathematics Program of Studies by the time he/she completes 3rd Grade. Primary level problem solving, mathematical communication, connections, mathematical reasoning, and multiple representations should be a part of the mathematics curriculum. Accuracy is an integral part of the mathematics program.

701050 - Primary Social Studies

Grade Level: 0 - 3

Credits:

Description: The social studies program for the primary grades includes essential content from five areas of social studies: government and civics, culture and society, economics, historical perspective, and geography. The essential content descriptions for the five social studies areas are not course or grade-level descriptions. Rather, they describe a comprehensive and integrated social studies program to be completed during the primary school experience.

701060 - Primary Science

Grade Level: 0 - 3

Credits:

Description: Primary level science contains the physical, earth/space, and life science concepts shown in the conceptual understandings chart. These concepts will be taught through scientific inquiry and applications and connections. Kentucky's Academic Expectations 2.2 through 2.6 provide ways of thinking that help students link physical, earth/space, and life science concepts to scientific inquiry and applications and connections.

702040 - Intermediate Math

Grade Level: 4 - 5

Credits:

Description: This course is designed so the student accomplishes all the Intermediate Program of Studies by the time he/she completes 5th Grade. Intermediate level problem solving, mathematical communication, connections, mathematical reasoning, and multiple representations should be a part of the mathematics curriculum. Accuracy is an integral part of the mathematics program. Systematic review of earlier concepts and procedures is also an integral part of the intermediate program. Features of the intermediate level mathematics programs include active, hands-on work with manipulatives (concrete materials) and appropriate technologies.

Content: Mathematics

Population: General

702050 - Intermediate Social Studies - Grade 4

Grade Level: 4 - 4

Credits: None

Description: Intermediate level social studies utilizes the five strands of social studies (historical perspective, geography, economics, government and civics, and culture and society) in an integrated program which focuses on a different grade-level context each year. For example, grade four focuses on Kentucky studies and regions of the United States through integration of all five strands. Grade five includes an integrated focus on United States history. Regardless of the grade-level context, students incorporate each of the five categories of social studies to explore the content

702060 - Intermediate Science

Grade Level: 4 - 5

Credits:

Description: Intermediate level science contains the physical, earth/space, and life science concepts shown in the conceptual understandings chart. These concepts will be taught through scientific inquiry and applications and connections. Kentucky's Academic Expectations 2.2 through 2.6 provide ways of thinking that help students link physical, earth/space, and life science concepts to scientific inquiry and applications and connections.

703010 - Elementary Art

Grade Level: 0 - 5

Credits:

Description: Creative Arts courses provide students with knowledge and opportunities to explore a variety of art forms and to create individual works of art. Courses address design elements and principles, language, materials, and processes used to produce various kinds of visual arts. As students advance they are encouraged to develop their own creative styles. Although the focus of most of these courses is on production of art, study of major artists, art movements, and styles may also be included. Career opportunities in visual art may also be explored.

703021 - Elementary Dance/Creative Movement

Grade Level: 0 - 5

Credits: 0

Description: Dance Appreciation courses expand knowledge of dance as an art form, and develop the students' ability to evaluate dance performances. Learning about dance in historical and cultural contexts may also be included as a course objective. Creative Movement courses develop students' ability to move expressively without being based on particular dance forms or on developing specific dance techniques.
