

The background of the slide is a composite image. The top left shows a line of yellow school buses, with the word 'SCHOOL BUS' visible on the front of one. The bottom left shows a classroom with blue walls, several desks and chairs, and colorful balloons hanging from the ceiling. A large white diagonal shape cuts across the top right of the image, serving as a background for the main text.

Career and Technical Education (CTE) State Advisory Committee

Kentucky Department of Education (KDE)
Office of Career and Technical Education (OCTE)

November 20, 2023

Welcome

Harmony Little, Chair

Greeting

Robin Fields Kinney, Interim Commissioner

Introductions

Harmony Little, Chair

Approval of minutes from May 11, 2023, meeting

Harmony Little, Chair

OCTE Staffing Updates

Beth Hargis, Ed.D., Associate Commissioner

Division of Student Transition and Career Readiness Updates

Tom Thompson, Director

Perkins Deadline for Career and Technical Student Organizations (CTSOs)

Dec. 1, 2023

CTE programs must have paid members with their corresponding national CTSO by Dec. 1, 2023 (federal requirement)

Supply Chain Management (SCM) Pathway Update

- Futuring panel was held in May of 2023
- Panel included SCM and logistics executives and professionals across Kentucky
- SCM Advisory Taskforce is developing the pathway, including four courses and possible certifications
- Including SCM trends and issues that impact workforce needs today, and in the years, to come
- The new SCM pathway is included in the 2024-2025 Program of Studies
- Currently in the development process of the occupation-based standards and designing the two new courses

Elementary and Secondary School Emergency Relief Fund (ESSER) – Looking Forward

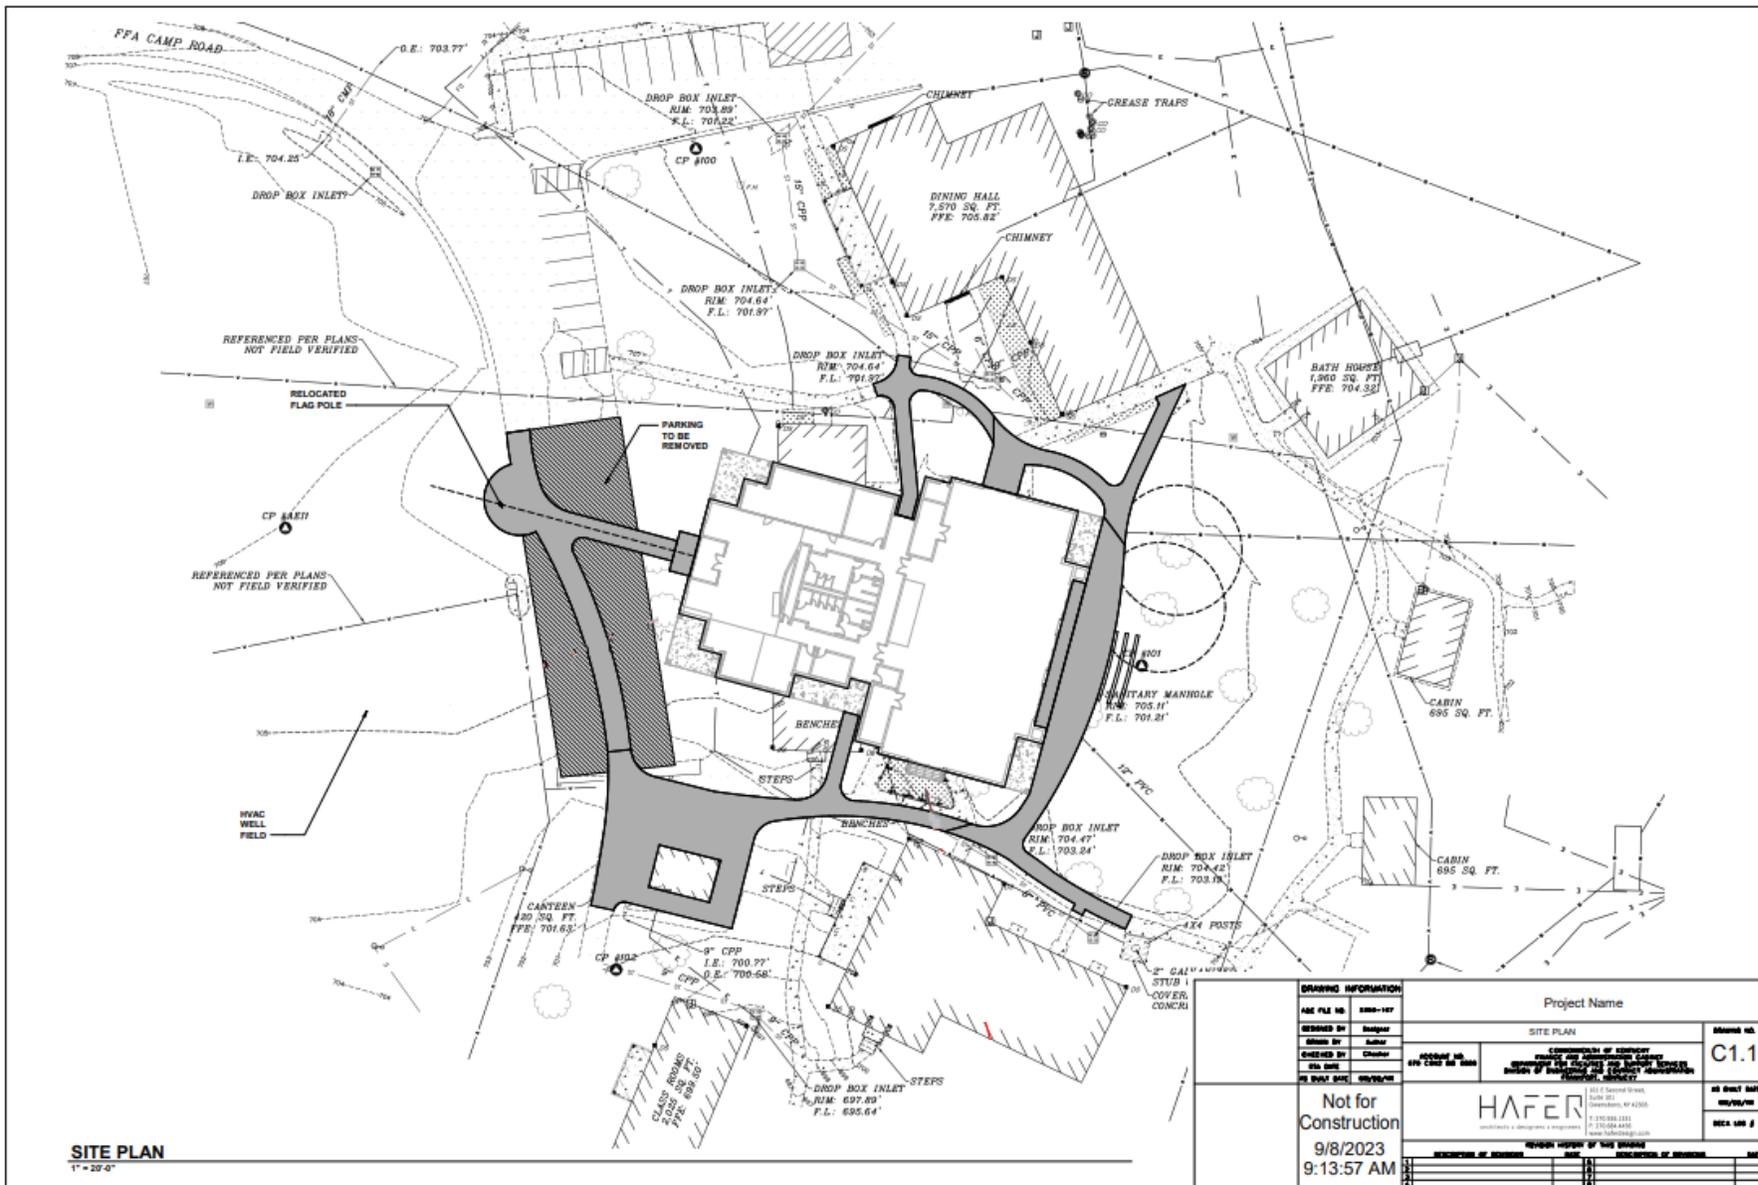

- Summer Leadership Camps (June 2024)
- Marketing for CTE Month in February 2024
- Mini-grants for local advisors to judge state competitions
- Mini-grants for CTE Showcase at the Kentucky School Boards Association Conference on March 1, 2024
- Travel to national conferences

FFA Leadership Training Center Update

- Completed the five-cabin renovation in June 2023
- Currently planning a 10-cabin renovation (only five left after this project)
- Will plan to address the remaining five cabins when funding is available
- The camp will have 22 fully remodeled or new (two) cabins once all projects are completed
- Currently in the design phase of the new activity center to replace the old administration building that was built in 1961

2023-2024 ATC Student Advisory Committee

*"Train Today
...Own Tomorrow"*

Lake Cumberland Regional Career And Workforce Center Profile of a Student

Using the acronym "CASH," staff will focus on embedding these critical skills in the classroom to help students be successful in their future. Each nine weeks, students will be evaluated using a rubric over these skills, just as an employee would receive a performance evaluation. This rubric will score students in one of three categories; unemployable, employable and sought after. We hope to demonstrate the importance of these skills and how they will exponentially increase opportunities for students as adults.

Profile of a LCRCWC Student

Skills That Pay

C **Characteristics**

- Honesty
- Servant attitude
- Doing what's right
- Takes initiative
- Takes responsibility for actions
- Willingness to learn

A **Attitudes**

- Demonstrates self control
- Accepts constructive criticism
- Flexibility
- Adaptability
- Respectful
- Team player

S **Skills**

- Takes pride in work
- Problem solver
- Critical thinker
- Demonstrates strong communication skills

H **Habits**

- Strong organizational skills
- Good attendance
- Punctuality
- Safety compliance
- Task completion

Lake Cumberland Regional College and Workforce Center

Estill County ATC HOSA

Estill County ATC HOSA chapter had the privilege of hosting the 2nd Annual Breast Cancer Awareness Ceremony at the Estill County Court House.

Barren County ATC SkillsUSA

Annual Community Service Day at Barren River State Park. The 94 members led by eight officers gave 110% effort.

Legislative Updates and Initiatives

Regan Satterwhite, Policy Advisor

CTE Funding Background

- 2022 biennium state budget – \$58 million increase to Local Area Vocational Education Center (LAVEC) funding for secondary schools
- Allowed for the expansion of the “LAVEC pot,” which previously funded 42 LAVECS with five or more programs, to include all locally-operated CTE programs in the state (266)

- Codify a new formula that creates equity in funding for all CTE programs so that a CTE student will equal the same value in a state-operated center and in a locally operated center or program.
- Ensure emphasis on high-quality instructional resources and industry-standard equipment for enhanced student learning in CTE pathways.
- Incentivize indicators of high-quality CTE that are important to workforce development.
- Simplify types and terminology.
- Leverage federal dollars and ensure high-quality programs by requiring Perkins eligibility.

CTE Funding Progress

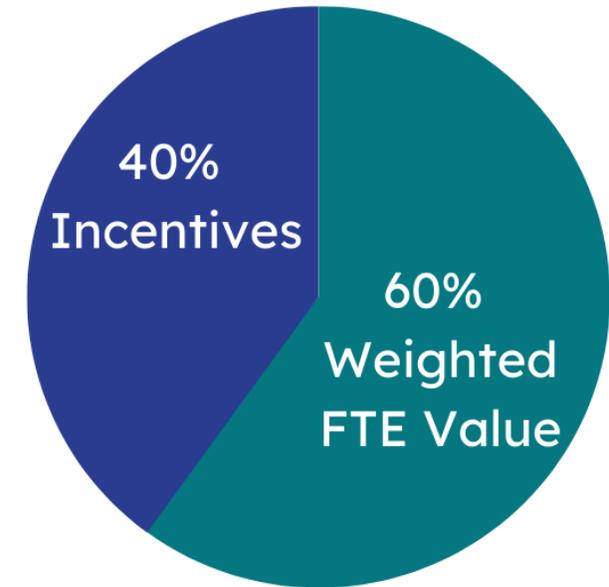

- Continued progress building capacity with the Kentucky General Assembly to codify a new funding formula for all CTE programs in the state.
- Established a CTE funding committee which provided specifications for an equitable formula that includes incentives for high-quality indicators.
- Secured bill sponsors to file a bill to amend the current LAVEC formula statute (KRS 157.069) during the 2024 session.
- Submitted a bill draft to both House and Senate sponsors which incorporates the committee recommendations and legislative guidance.

The Funding Formula Bill Draft

The state CTE funding allocation will be divided into a 60/40 split.

- 60% will be allocated based on the weighted full-time equivalent (FTE) value of students enrolled in the pathway
- 40% will be allocated based on four incentive categories:
 - Concentrators
 - Earned CTE dual credit (with a grade of "C" or higher)
 - Technical Skill Attainment (industry certifications/ end-of-program assessment certificates)
 - Work-based learning participation

State CTE Funding (\$70 mil)
for all KY CTE Programs

The Bill Draft, cont.

- The funding shall be intended for improved student outcomes in CTE pathways (student supplies, resources, materials, the purchase and maintenance of industry-standard equipment and supporting CTSO participation). This will be monitored by the KDE.
- The mid-year adjustment will be eliminated.
- Districts may apply for approval for use of funds for middle grades CTE programming.
- To qualify for state funding, programs must maintain federal Perkins funding eligibility.

Other Legislative Priorities

- The OCTE has in an additional budget request (ABR) for four local regional CTE consultants and a federal pilot program for the Junior Reserve Officer Training Corps (JROTC).
- Support for any viable teacher recruitment and retention legislation.
- Support for any viable teacher apprenticeship funding legislation.
