KENTUCKY UNITED WE LEARN COUNCIL

PROCESS MAP

The Kentucky United We Learn Council was established to give recommendations to the Kentucky education commissioner and the Kentucky Board of Education (KBE). As such, a process has been established to illustrate how work will flow.

The Kentucky Department of Education (KDE) will work **INCLUSIVELY** with schools, districts, partners and all members of the Kentucky United We Learn Council (council) to learn about local innovations happening in schools. Those innovations will be shared with the council to gain an understanding of the efforts. If appropriate, the council will work with members of KDE to **CO-CREATE** or amend current policies or practices that support the innovative work and accelerate innovation. The recommended new or amended policies or practices will be presented to the KBE and, if appropriate, to legislators. These entities will work together through **RECIPROCITY** to finalize and approve such policies and practices. The KDE will work to accelerate implementation as needed.

Throughout this process, all parties will come together to listen with an **EMPATHETIC** ear to ensure the best decisions are being made to serve all of Kentucky's students.
