

# A Call to Action from the Kentucky United We Learn Council Chair

## Truth-telling. Trust-building. Growth-oriented.

### Kentucky's Moonshot for Accountability: A Vision Worth Championing

This is not just a new policy. It's a movement to reimagine what success looks like for students, schools and communities.

Our model changes the experience for students by putting them at the center not just as test-takers, but as creators, problem-solvers and citizens-in-the-making.

It reflects Kentucky's values, elevates local priorities and ensures schools have the feedback and support they need to grow.

### By 2026, we will....

<b>Collaborate:</b>	Work with communities and stakeholders to define what matters and how it will be measured
<b>Innovate:</b>	Elevate local ideas and authentic demonstrations of student learning as evidence of school quality
<b>Celebrate:</b>	Highlight vibrant learning experiences that reflect each student's talents, goals and interests
<b>Support:</b>	Provide meaningful feedback and resources to help schools and districts grow and thrive

### Be a Champion. Be an Advocate. Help bring the Vision to Life.

- **Talk:** Share the vision with three to five people in your circle.
- **Share:** Tell your story and highlight vibrant learning in your community.
- **Engage:** Use your platforms, host discussions and join conversations.
- **Show Up:** Attend meetings, contact legislators and stay involved.
