CONSIDERATIONS FOR  
FALL SPORTS  
DRAFT**

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

**ALL SPORTS GUIDANCE**

**INTRODUCTION**

**FROM THE COMMISSIONER**

At the Kentucky High School Athletic Association, we are aware that we are at the confluence of dual health crises. Since the day we moved our basketball tournaments out of Rupp Arena (March 12), I and the entire staff of the Association, along with the complete support of our Board of Control, have worked to try and navigate these multiple health crises in our country. These crises include both the global pandemic related to the novel Coronavirus, COVID-19, and the mental health situations, including depression and suicide which are so prevalent in school-aged children these last few months.

We have received continual feedback from our member schools, the related school districts, and our Sports Medicine Advisory Committee from the Kentucky Medical Association, and have worked continually with Governor Beshear's and Lt. Governor Coleman's offices, the Kentucky Department of Education, a host of "K" groups from around the Commonwealth and a host of others to guide our member schools back to healthy sports participation during the COVID-19 pandemic.

We will continue to navigate these uncharted waters, ready to pivot and change course at a moment's notice as we all work through the first truly global pandemic in more than 100 years.

The KHSAA believes it is essential to the physical and mental well-being of student-athletes to return to organized physical activity and build team relationships with their peers and coaches. Students who participate in our offerings learn life lessons in an environment that cannot be duplicated. Academic achievement, the development of leadership, and social skills as well as the mental health benefits are known to be greatly enhanced in students who participate in these programs compared to those who do not. There is no doubt that the COVID-19 coronavirus pandemic has already resulted in thousands of our students missing out on these life-shaping educational experiences over the past several months. A study conducted by UW Health & the University of Wisconsin (<https://bit.ly/31wA45W>) concluded that more than two-thirds of high school athletes report anxiety and depression since the onset of the pandemic. Another report measured the impact of School Closures and Athletic Cancellations on the health of Indiana adolescents (<https://bit.ly/3hxGG9M>). These studies are not alone in their conclusions.

The KHSAA fully supports its member schools in determining what is in the best interests of the health and well-being of their student-athletes and staff. Each KHSAA member school's athletic department will operate with the approval of its school administration and in collaboration with its local Health Department in moving forward throughout the 2020-21 school year. Each local school district will decide to determine if they can safely conduct athletic practices and contests.

As is detailed in this manual, due to the nature of the outbreak, there may be inequities due to geography within the state of Kentucky as some areas will have higher COVID-19 rates that may not warrant full athletic participation while another area has lower COVID-19 rates that allow full participation.

For interscholastic athletics to continue, including workouts, practices, and competitions, social distancing and other preventive measures such as universal masks/face coverings, frequent sanitizing of hands, implements, and equipment must occur. Also, frequent hand washing per CDC standards must be emphasized by everyone involved, and aggressive efforts emphasizing compliance with all of these standards. Also, consideration must be given to an aggressive testing protocol and refinement of existing emergency plans.

These actions and policies will likely remain in place until a cure, vaccine or very effective treatment is readily available, or so-called "herd immunity" is confidently reached. As the science about COVID-19 evolves, it will be important to remain vigilant and nimble to respond to new

## 2020-21 Healthy at Sports Stage 3- Performance Return to Competition: Considerations for Fall Sports

### ALL SPORTS GUIDANCE

developments. Students and their families, along with school personnel, must recognize these risks and implement best practices to reasonably mitigate them. Participation in school activities is voluntary and every individual will need to evaluate the risks versus the benefits of athletics participation. Those immune-compromised students and staff, or those who live with family members with elevated health concerns, should evaluate associated risks of participation and may choose not to participate.

According to the Center for Disease Control and Prevention (CDC), the virus that causes COVID-19 is thought to spread primarily from person-to-person, mainly through respiratory droplets produced when an infected person coughs, sneezes or talks, and may also be produced when yelling, cheering, singing and spitting. However, new data is available daily and the best scientific minds in the country and the world are working on solving the problem. It is thought by our medical advisors that these droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs. Spread is more likely when people are in close contact with one another (within about six feet) for the times specified by the CDC. Risk mitigation strategies should be aimed at reducing the likelihood of a person being exposed to respiratory droplets coming from another person. Every school is different, and every athletic activity is different. Certain mitigation strategies may be feasible in one school or for one activity, but not another.

We are also providing sport-specific recommendations and/or considerations that our team has developed in conjunction with the National Federation of State High School Associations (NFHS) or a similar governing body. These documents have been shared with member school administrators. Note that a rule modification is a modification to a playing rule from the governing body of the sport and will be applied to all contests for the 2021-21 season.

Best of luck as we all work through this time together. Julian Tackett, Commissioner, and the KHSAA staff.

### GENERAL GUIDANCE INFORMATION

- Guidance is broken into three areas:
  - REQUIRED- These standards are required at all sanctioned contests.
  - RECOMMENDED- These standards are best practices during all contests during the pandemic and are therefore recommended for all contests.
  - CONSIDER- While these items are also best practices during this time, local site discretion should be exercised to determine if these items are practical and feasible for use at the contest.
- These differences in the guidance are necessitated by the differences in sports, facilities, and geographic areas, which are pronounced during normal years, and magnified this school year.
- Due to the nature of the outbreak, there may be inequities (perceived and real) due to geography within the state as some areas will have higher COVID-19 rates than other areas. As such, each school must make a continual evaluation regarding participation.
- For workouts, practices, and competitions to continue, social distancing and other preventive measures such as mask/face covering and frequent sanitizing of hands, implements, and equipment must continue.
- These restrictions and this guidance will likely remain in place until a cure, vaccine or very effective treatment is readily available, or so-called “herd immunity” is confidently reached and the national and Commonwealth states of emergency are canceled.
- As the science about COVID-19 evolves, it will be important to remain vigilant and nimble to respond to new developments.
- Specific items related to contest officials are located in the section of the document labeled “Return to Competition: A Return to Officiating”.

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

- Students and their families, along with school personnel, must recognize these risks and implement best practices to reasonably mitigate them.
- Participation in school activities is voluntary and is a privilege, not a guaranteed right.
- Student-athletes and their families must complete a GE04 form which stipulates to the acknowledgment of the risk of participation.
- Every individual will need to evaluate the risks versus the benefits of athletics participation.
- Those immune-compromised students and staff as well as attendees, or those who live with family members with elevated health concerns, should evaluate associated risks of participation and may choose not to participate.

### **INFORMATION SOURCES**

- As used in this guidance, the following groups have either supplied information or been used as a resource in the development of the document.
- CDC (Centers for Disease County)
- KDE (Kentucky Department of Education)
- KMA SMAC (Kentucky Medical Association Committee on the Medical Aspects of Sports)
- KMEA (Kentucky Music Educators Association)
- KPHD (Kentucky Department of Public Health)
- KHSAA (Kentucky High School Athletic Association)
- NFHS SMAC (National Federation of High Schools Sports Medicine Advisory Committee)

### **EDUCATION AND INFORMATION**

- Before beginning any athletic activities, the local school (system) should review the most recent guidelines provided by the groups listed in the “INFORMATION SOURCES” section of this document, along with constant consultation with local county/city health agencies and decide how best to implement those guidelines.
- Local school administration should communicate to coaches, student-athletes, and parents, CDC, KDPH, KDE, KHSAA, and local county/city health department guidelines and best practices regarding COVID-19 and discuss all safety and cleanliness expectations.
- As a reminder, which has been distributed to coaches, all coaches SHALL complete the new, free NFHS Learn elective course “COVID-19 for Coaches and Administrators” that may be found at [www.nfhslearn.com](http://www.nfhslearn.com).

### **COMPLIANCE STANDARD AND EXPECTATIONS**

- These guidelines represent additional policies and interpretations per the Constitution of the KHSAA. Member schools, through the membership process and form, have agreed to abide by those policies as attested to in the membership application, including:
  - The school is a voluntary member of the KHSAA and follows the KHSAA Constitution, Bylaws, Competition Rules and all other policies and directives of the KHSAA Commissioner or Board of Control;
  - The Principal/Designated Representative has read, understood and agrees to abide by the KHSAA Constitution, Bylaws, Competition Rules, Due Process Procedure and all other policies of the KHSAA Commissioner or Board of Control as now enacted or later amended;
  - The school will abide by all of the rulings and directives of the KHSAA Commissioner, Assistant Commissioners, Hearing Officer and Board of Control, and at all times act in the best interests of the KHSAA;
  - The school will self-report all violations of the KHSAA Constitution, Bylaws, Competition Rules, Due Process Procedure or all other policies and directives of the

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

- KHSAA Commissioner or Board of Control, and any ruling by the KHSAA and its Commissioner, Assistant Commissioners, Hearing Officer or Board of Control;
  - The KHSAA may impose penalties as detailed in the Bylaws of the KHSAA against a member school for violation of the KHSAA Constitution, Bylaws, Competition Rules, Due Process Procedure or all other policies and directives of the KHSAA Commissioner or Board of Control, and said school agrees to timely adhere to and abide by all penalties assessed against this school under the Bylaws of the KHSAA or any other rule, regulation or policy;
  - The school will comply with the principles of institutional control as defined within the Bylaws of the KHSAA and the KHSAA's published interpretations thereof.
- As such, these policies during this time of the global pandemic, are binding on all member schools; and cooperative application of the standards is the primary way our members have of restarting interscholastic activity.
- Failure to adhere to the requirements contained in these standards shall be cause for a finding of a lack of institutional control and penalized per Bylaw 27 including game forfeiture, fine or other penalties, suspension of an individual team, program, or member school.

**SCREENING OF ALL ENTERING THE FACILITY FOR PRACTICE OR COMPETITION**

- All should be mindful that participation in sports is a privilege and not a right, as is attendance at such an event.
- Local school/school systems shall develop a protocol, approved by local health officials, for checking the temperature and health of all individuals. (REQUIRED)
- A standard checklist form is available for use by member schools, however, a school developed list, health department developed list or electronic equivalent may be used. (RECOMMENDED)
- Anyone attending or participating in a KHSAA regular season or postseason event shall review his/her symptoms before arriving in anticipation of being screened. (REQUIRED)
- Gate attendees shall be prepared to check the temperature of any individual who was not checked that day by the school. (REQUIRED)
- The current protocol permits accepting a temperature of 100.4 or less. (REQUIRED)
- Consider the potential for environmental factors to cause an elevated temperature and should the temperature be elevated, it is appropriate to isolate the individual and recheck the temperature after 5-to-10 minutes of sitting in a cooler environment. (RECOMMENDED)
- In the event a person does not meet the temperature threshold, that individual shall not be admitted to the facility and standard procedures for a symptomatic individual shall be implemented. (REQUIRED)
- A standard COVID-19 symptom checklist shall be reviewed with all who enter, and name and contact information recorded. (REQUIRED)
- Currently, the known symptoms which shall be addressed are as follows, but may be subject to future revision and notification (see updates at <https://bit.ly/3qqqMgn>): (REQUIRED)
  - Fever or chills
  - Cough
  - Shortness of breath or difficulty breathing
  - Fatigue
  - Muscle or body aches
  - Headache
  - New loss of taste or smell
  - Sore throat
  - Congestion or runny nose
  - Nausea or vomiting

2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports

ALL SPORTS  
GUIDANCE

- Diarrhea
- This list does not include all possible symptoms. The CDC will continue to update this list as more is learned about COVID-19. A current list of COVID-19 symptoms and a “self-checker” application is available at <https://bit.ly/3gqqMqn> (RECOMMENDED)
- Note that due to the variability and potential unreliability of temperature checks, schools should give more consideration to symptom check. (CONSIDER)
- Spectators, participants, or personnel displaying COVID-19 symptoms (e.g., fever, cough, or shortness of breath), or with temperatures of greater than 100.4F shall not be admitted and must stay home and consider COVID-19 testing if symptoms persist. (REQUIRED)
- For students failing the health check, a standard protocol shall be implemented as with all school procedures. (REQUIRED)
- Any individual who fails a screening, either based on symptoms or temperature level, shall also wear a mask/face covering and be sent immediately to a designated area for isolation, and the school emergency action plan shall be implemented. (REQUIRED)
- Anyone who stays with, or cares for, the potentially infected person while in the isolation area shall wear a mask/face covering. (REQUIRED)
- A determination should be made about whether the individual’s symptoms dictate that they contact their healthcare provider or go to an emergency room. (RECOMMENDED)
- Any individual, student-athlete, coach, athletic trainer, support staff, or official exhibiting signs of COVID-19 shall be tested before returning to participate in contests and consult with their healthcare provider. (REQUIRED)
- Before returning to play, the individual must meet CDC’s criteria for “When You Can Be Around Others After You Had or Likely Had COVID-19 (<https://bit.ly/32prkOB>). (HIGHLY RECOMMENDED)
- A member of the traveling staff that is away and has a positive screen should be cleared by the team physician or the representative health care provider to travel safely, ideally by themselves, but if not possible or determined by the medical staff to be unsafe to travel by themselves, they should travel with another member of the staff where both are masked. (RECOMMENDED)

**MASS TEAM TESTING FOR COVID-19**

- Interscholastic athletics is a privilege, not a right, as has been confirmed by the courts on multiple occasions.
- As a privilege, a member school may require additional steps for participation to occur such as a higher grade achievement requirement, less tolerance for attendance issues, a parental and student risk acknowledgment and permission form, and a variety of other required thresholds.
- As a privilege, students and their families agree to comply with these and other restrictions as a condition of participation.
- With the privilege aspect in mind, school districts are recommended to establish COVID-19 testing protocols, even if those protocols necessarily are different from the typical student and even if non-congruent with other schools.
- Students who refuse to participate in an adopted screening program should be determined to have voluntarily given up the privilege of participation.
- Frequent testing of asymptomatic athletes is a major component of all professional and many collegiate return-to-play plans.
- Larger, well-funded schools at the collegiate level (particularly the Power-5 league members of the ACC, Big-10, Big-12, Pac-12, and SEC) have recommended a multi-tiered testing process that has evolved to multiple tests per week.
- Recently the FDA has approved saliva-based testing as an alternative to more expensive and slower-result testing systems, but it will take time for distribution (see <https://bit.ly/31tpdtP>).

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

- The NFHS SMAC does not at this time recommend testing of asymptomatic high school athletes, however in Kentucky, part of the tremendous success in twice “flattening a curve” epidemiologically has been our access to no-cost testing regardless of symptoms.
- While a comprehensive multiple times-per-week testing program at the high school level is likely cost-prohibitive and raises concerns regarding the proper allocation of resources during the pandemic, each member school should strongly consider the adoption of screening protocol and any additional steps necessary to protect the student and the student body during this pandemic. (RECOMMENDATION).
- Schools should be prepared to alter and adjust any testing or prevention protocol based on changes in data throughout the state as well as locally. (RECOMMENDATION)

**COVID-19 BASIC DEFINITIONS – ISOLATION AND QUARANTINE**

- Isolation and quarantine help protect the public by preventing exposure to people who have or may have a contagious disease.
- Isolation separates sick people with a contagious disease from people who are not sick.
- Quarantine separates and restricts the movement of people who were exposed to a contagious disease to see if they become sick.

**PROTOCOL FOR SUSPECTED CASES OF COVID-19**

- All schools shall have an emergency action plan in place for each site per KRS 160.445. If a student, coach, or official is, or becomes, sick on-site with symptoms of COVID-19, they shall be placed in an identified and designated quarantine area with a mask in place until they can be picked up. (REQUIRED)
- Staff who are identified to care for students must wear a mask. (REQUIRED)
- Students, coaches, and/or officials should be transported by their parent or guardian, emergency contact, or ambulance (if clinically unstable) for off-site testing. (RECOMMENDED)
- If an ambulance is called, or someone is being brought to the hospital, there shall be an attempt to call the hospital first to alert them that the person may have COVID-19. (REQUIRED)
- If a student, coach, or official becomes sick, they must not use group transportation to return home. (REQUIRED)

**PROTOCOL FOR POSITIVE CASES OF COVID-19**

- The local health department shall be contacted by the school for further direction and they will likely initiate contact tracing, following regular public health practices. (REQUIRED)
- All schools, public and private, must cooperate with the local public health department if a confirmed case of COVID-19 is identified, and collect the contact information for any close contacts (i.e., individuals less than six feet apart for more than 15 minutes) of the infected individual from two days before he or she showed symptoms to the time when he or she was last at the event. (REQUIRED)
- Close contacts should be quarantined per current CDC protocols. (RECOMMENDED)
- Local health officials may identify other contacts who require quarantine. (RECOMMENDED)
- Administrators of the schools involved shall participate in all notification orders if they are notified of the presence of any laboratory positive or clinically diagnosed cases of COVID-19. (REQUIRED)
- The individual with COVID-19 shall not be identified by name to non-family or non-health department officials. (REQUIRED)
- Even if a family/student acknowledges and publicly discloses a positive test, school staff and officials must not participate in discussion or acknowledgment of a positive test by identifying a specific student. (REQUIRED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

- Students, coaches, or officials who were at the event, but not in close contact with a positive case, should continue to be closely monitored for any symptoms of COVID-19. (RECOMMENDED)
- Areas that were used by the sick person should be closed off and should not be used until after cleaning and disinfecting them (this includes surfaces or shared objects in the area). (RECOMMENDED)
- If possible, cleaning and disinfecting of the area should not occur until at least 24 hours have elapsed. (RECOMMENDED)
- If 24 hours is not feasible, as much time as possible should be allowed to pass before cleaning or disinfection occurs. (RECOMMENDED)

**RETURN TO PLAY OR INVOLVEMENT FOR POSITIVE COVID-19 TEST (STUDENT,  
COACH OR OTHER ADULT, OR OTHER NON-SPECTATOR)**

**BASIC PROCEDURES INCLUDING ISOLATION, AND CONTACT TRACING, COMPLIANCE WITH  
LOCAL HEALTH DEPARTMENT GUIDELINES AND REPORTING**

- In the case of an athlete or a staff member receiving a positive test result while at a school facility, that individual shall wear a mask/face covering and remain in a safe area of isolation as determined by the medical staff and any caregivers associated with the student-athlete or staff member while they wait to be taken home. (REQUIRED)
- The infected individual should remain isolated at home or another agreed-upon destination, as long as appropriate care can be administered at that location. (RECOMMENDED)
- All efforts shall be made to avoid contact with infected student-athletes except by designated healthcare professionals wearing appropriate personal protective equipment (PPE). (REQUIRED)
- The local health department shall have already been contacted regarding the positive case. (REQUIRED)
- Individuals who test positive for COVID-19 shall follow the specific protocol established by the local health department, which shall include protocols for those exposed to the individual(s) with the positive test and involve full cooperation with contact tracing. (REQUIRED)
- Student-athletes who had mild COVID-19 symptoms that were managed at home should be seen by their medical provider for any persisting symptoms and continue to follow CDC's guidance "Isolate If You Are Sick" (<https://bit.ly/2QyFiYZ>). (RECOMMENDED)
- Please refer to updated CDC guidelines as this information is fluid and may change (<https://bit.ly/32prkOB>). (RECOMMENDED)

**CONFIRMED POSITIVE CASE EVALUATION BY MEDICAL PROVIDED**

- Student-athletes and others with a role on the team with a confirmed COVID-19 diagnosis shall consider undergoing an evaluation by their medical provider as a return to play or involvement following a positive test and confirmation requires written consent of an MD or DO. (REQUIRED)
- The members of the Kentucky Medical Association Committee on the Medical Aspects of Sports that serve as the KHSAA Sports Medicine Committee have developed a form for use in evaluating the next steps for persons in athletics who have tested positive. (RECOMMENDED)
- The form for family care physicians and other MD or DO which creates a decision tree is listed on the KHSAA website and is the official mechanism and decision matrix to be used. (RECOMMENDED)
- All should note that based on this review, consultation with a cardiologist may be required. (RECOMMENDED)

**STEP-WISE RETURN TO PLAY PROTOCOL**

- The KMA SMAC has developed and approved a protocol for return to play, which applies to both students and adults. (ADOPTED, AUGUST, 2020)
- A stepwise protocol is recommended for the physician and is listed as follows, with compliance by school personnel being required.

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

- Any return to play shall be preceded by a gradual and progressive return to physical exertion.
- Athletes should complete the progression below without the development of cardiopulmonary symptoms (chest pain, chest tightness, palpitations, shortness of breath, excessive fatigue, lightheadedness, pre-syncope, or syncope).
- Monitor the student-athlete closely for the development of any symptoms during this active progression.
- If any symptoms develop, the athlete should stop exertion immediately and be referred back to the evaluating physician for consideration of additional evaluation, including cardiology consultation, before resuming activity.
  - Step 1: (2-Days Minimum) Light activity (walking, jogging, stationary bike) for 15 minutes or less at intensity no greater than 70% of maximum heart rate. NO resistance training.
  - Step 2: (1-day minimum) Add simple movement activities (For example, running drills) for 30 minutes or less at intensity no greater than 80% of maximum heart rate.
  - Step 3: (1-day minimum) Progress to more complex training for 45 minutes or less at intensity no greater than 80% maximum heart rate. May add light resistance training.
  - Step 4: (2-days minimum) Normal training activity for 60 minutes or less at intensity no greater than 80% maximum heart rate.
  - Step 5: Return to full activity.
- The document is provided for physicians who may evaluate and treat student-athletes diagnosed with COVID-19 infection. The information contained herein is based on the compilation and summary of expert recommendations of national and international sports medicine organizations.

**EXERCISE AFTER CONFIRMED POSITIVE TEST**

- No exercise is recommended for at least 14 days from diagnosis and seven days after all symptoms have resolved. (RECOMMENDED)
- After that period, gradual acclimation back to sports over a 10-to-14 day period, once the student-athlete is cleared to participate, is recommended following the KMA matrix as detailed at <https://bit.ly/32lhmO1>. (RECOMMENDED)

**GENERAL AREAS OF CONSIDERATION FOR BOTH PRACTICES AND CONTESTS BY STUDENTS, STAFF AND ALL INVOLVED**

**FACILITY CLEANING (ALL REQUIRED IN CONTEXT OF EXISTING KDE SCHOOL GUIDANCE AND PLANS)**

- Each of these items shall be considered when developing plans for the local health department, most if not all of which were part of plans for the resumption of activity during the summer of 2020.
- Before an individual or group enters a facility, hard surfaces within that facility shall be wiped down and sanitized (chairs, furniture in meeting rooms, weight room equipment, bathrooms, athletic training room tables, etc.).
- Individuals shall wash their hands with warm water and soap for a minimum of 20 seconds or use hand sanitizer before touching any surfaces or participating in workouts.
- Hand sanitizers should be plentiful and available to individuals as they transfer from place to place.
- Appropriate clothing/shoes shall be worn at all times to minimize sweat from transmitting onto equipment/surfaces.
- Any equipment such as weight benches, athletic pads, etc. having holes with exposed foam shall be covered.
- Students must be encouraged to shower and wash their workout clothing immediately upon returning home.

2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports

ALL SPORTS  
GUIDANCE

**ENTRANCE/EXIT STRATEGIES**

- Consider strategies to prevent groups from gathering at entrances/exits of facilities to limit crossover and contact, including staggering starting/ending times. (RECOMMENDED)

**PRE-WORKOUT SCREENING (ALL REQUIRED IN CONTEXT OF EXISTING SCHOOL GUIDANCE AND PLANS)**

- All those involved in managing practice or competition shall be familiar with the signs and symptoms of COVID-19 as listed by the CDC at <https://bit.ly/3gqqMgn>.
- All coaches and students shall be screened daily for signs/symptoms of COVID-19 before participating, including a temperature check. Anyone with a temperature of 100.4 degrees or higher shall not participate and should be sent home.
- Responses to screening questions for each person shall be recorded and stored.
- Any person with COVID-19 symptoms reported shall not be allowed to participate, should self-isolate, and contact their primary care provider or other health-care professional.
- Vulnerable individuals shall not supervise or participate in any workouts.

**HYGIENE PRACTICES (ALL REQUIRED IN CONTEXT OF EXISTING SCHOOL GUIDANCE AND PLANS)**

- Wash your hands with soap and warm water or use hand sanitizer, especially after touching frequently used items or surfaces for a minimum of 20 seconds.
- Sneeze or cough into a tissue, or the inside of your elbow.
- Avoid touching your face.
- Disinfect frequently used items and surfaces as much as possible.
- Use masks/face coverings while in public, and particularly when using mass transit.

**HYDRATION/FOOD (ALL REQUIRED IN ADHERENCE CONTEXT OF EXISTING SCHOOL GUIDANCE AND PLANS)**

- All students must bring their own personal water bottle or use disposable single wax-lined cups.
- Water bottles must not be shared.
- Food shall not be shared and should be pre-packaged (i.e. no open containers with fruit slices, etc.)
- Hydration stations (water cows, water trough, water fountains, etc.) shall not be utilized.

**LOCKER ROOMS**

- To the greatest extent possible, indoor locker rooms should not be used as their use will cause additional cleaning after normal business hours. (RECOMMENDED)
- Outdoor canopies and areas that allow for spacing outdoors are an acceptable alternative to a locker room. (RECOMMENDED)

**SOCIAL DISTANCING (ALL REQUIRED WHERE PRACTICAL AND FEASIBLE)**

- Social distancing of at least 6 feet shall be maintained at all times, where feasible.
- No hugging, high fives, shaking hands, or fist bumps for support/encouragement.
- Behavior shall be modeled by adults, who must insist on compliance by students.
- Social distancing shall be maintained during the National Anthem and on sidelines.
- Outdoor sports may need to extend bench areas to permit social distancing.
- Indoor sports may need to use lower-level bleachers or multiple levels of seating to ensure social distancing among team members before addressing attendees.
- Be mindful as we teach the students, it won't be like this forever!

**SPECIAL EMPHASIS FOR STUDENT-ATHLETICS (ALL STRONGLY RECOMMENDED WHERE PRACTICAL AND FEASIBLE FOR BOTH PRACTICES AND CONTESTS, SIMILAR TO SEGMENT 3 GUIDANCE)**

- Teams should make each student responsible for their own supplies.
- Students should wear their own appropriate workout clothing and not share clothing.
- Players should not touch other player's equipment.

2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports

ALL SPORTS  
GUIDANCE

- No workout or practice should be done without players wearing shirts/tops.
- Individual clothing/towels should be washed and cleaned after every workout.
- Hand sanitizer should be plentiful at all contests and practices.
- Athletes should tell coaches immediately when they are not feeling well.
- Mouth Guards
  - Student-Athletes should keep their mouth guards in their mouths throughout the competition.
  - If the mouth guard is taken out proper disinfection of the mouth guard should be performed before reinsertion.
  - Hands should also be washed or disinfected before putting back in the mouth.
- Student-athletes are encouraged to develop healthy habits including, but not limited to, a balanced diet, adequate sleep, and proper hydration.
- Healthy eating and attention to hydration are especially important for student-athletes to enhance training capacity and reduce the risk of illness and injury.
- High school athletes are at increased risk for dehydration, therefore coaches must emphasize the importance of drinking enough fluid before, during, and after practice and competition.
- Student-athletes should follow established guidelines for hydration and can refer to the National Athletic Trainer Association (NATA) Resource at <https://bit.ly/3hxhzUI>
- Student-athletes are encouraged to shower as quickly as possible after practice and games if such is practical at the practice or game site, and to do so at home otherwise.

**SPECIAL EMPHASIS FOR COACHES (ALL REQUIRED WHERE PRACTICAL AND FEASIBLE FOR BOTH PRACTICES AND CONTESTS, SIMILAR TO SEGMENT 3 GUIDANCE)**

- Communicate your guidelines to students and parents.
- Conduct workouts in “pods” of the same students always training and rotating together in practice to ensure more limited exposure if someone develops an infection.
- Limit non-game day workouts to no more than one hour, and be intentional in rotating athletes to be cognizant of the 6-15-48 rule (see <https://bit.ly/2FU4eba>).
- Keep accurate records of those athletes and staff who attend each practice in case contact tracing is needed.
- Coaches shall limit game-day squad sizes for social distancing purposes without exceeding state allowances.
- Coaches are reminded to wear proper coaching attire per weather conditions.
- Coaches shall bring their own water bottle(s) and follow established guidelines for hydration.
- Coaches must model requirements for masks/face coverings at all times.

**SPECIAL EMPHASIS FOR PARENTS / GUARDIANS (ALL REQUIRED WHERE PRACTICAL AND FEASIBLE FOR BOTH PRACTICES AND CONTESTS, SIMILAR TO SEGMENT 3 GUIDANCE)**

- Communicate your guidelines to children in congruence with guidelines established by your school and this document.
- A family’s role in maintaining safety guidelines for themselves and others cannot be overstated.
- Do not attend practices as it is their playing days not yours and your attendance could result in the spread of the virus.
- Parents/guardians shall monitor their children or any symptoms before any athletic activities.
- Children who are sick or showing symptoms must stay home. (If there is doubt stay home).
- Parents/guardians and coaches shall assess levels of risk based on individual athletes on the team who may be at a higher risk for severe illness.
- Provide personal items for your child and clearly label them.
- Disinfect your student’s personal equipment after each game or practice.
- Be prepared with masks/face coverings for members of your family if permitted to attend events.

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

- Inform coaches if your student-athlete has been exposed to someone who is known to have COVID-19.
- Until this public health emergency has passed, strongly consider whether or not out of state or optional travel is necessary, particularly to and from those states identified at that time with having a current spread of the virus.

**SPECIAL EMPHASIS FOR GAME DAY WORKERS (ALL REQUIRED WHERE PRACTICAL AND FEASIBLE FOR BOTH PRACTICES AND CONTESTS, SIMILAR TO SEGMENT 3 GUIDANCE)**

- Thoroughly review and make determinations as to which workers are essential.
- Ensure that all workers comply with mask/face covering requirements at all times.
- All game day workers are subject to entry screening procedures.
- The press box/media area/finish area will be limited to essential personnel only, with all individuals respecting social distancing (consider additional accommodations outside if necessary).
- A non-working individual may not be in the press box/media area/finish area, including spouses, family members, and others.
- Game day workers are restricted to areas outside the team areas.

**COMPETITION SCHEDULE AND RELATED CHANGES FOR 2020-21**

- Due to issues around COVID-19 and the strong desire of the staff and Board of Control to engage students, practice and competition have been permitted to resume in fall sports, although delayed and with seasons necessarily shortened.
- Changes not related to the competition schedule are summarized on the KHSAA website at <https://bit.ly/3j6u8Xo> with interpretations at <https://bit.ly/2YzmywD>.
- Individual contest limitations were adopted to allow for a prorated elimination of the number of contests based on the revised length of the season, and individual limitations for each sport are contained on the specific sport pages of this document.

**SEASON SEGMENTS**

- Each sports season during the fall of 2020-21 is defined in three segments as listed in the specific sport section.
- The purpose of the segmented approach is to allow for a gradual progression as new and revised procedures are tried and revised as well as to monitor health statistics in the area of the competing schools.

**OUT OF STATE CONTESTS**

- Until further notice, out of state contests are restricted.
- Kentucky teams may only participate in contests (at home or away) against KHSAA member schools in Kentucky, or those schools located in a county in an adjacent state (Illinois, Indiana, Missouri, Ohio, Tennessee, West Virginia or Virginia) where the county in which that school is located is contiguous to Kentucky. (REQUIRED)
- This would also preclude any participation against foreign teams at this time, including Canada and Mexico. (REQUIRED)
- These provisions will be continually reviewed by the Commissioner's office and the Board of Control using current health data and any further revisions will be supplied to the membership.

**NFHS SANCTIONED EVENTS**

- Until further notice, there will be no NFHS sanctioned events approved which involve:
  - Events in non-bordering states if five (5) or more states are involved or
  - Events in non-bordering states if more than eight (8) schools are involved. (REQUIRED)
  - If the only reason for sanction being required is the co-sponsor or titling of the event but the contest meets the restrictions listed above, NFHS sanction will be considered. (REQUIRED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

**TIME BETWEEN CONTESTS**

- Scheduling consideration needs to be given when scheduling to minimize exposure and allow for sanitation between contests.
- Until further notice and to aid member schools in meeting social distancing requirements, events hosted by KHSAA member schools in Baseball, Basketball, Field Hockey, Soccer, Softball, and Volleyball are limited to a total of eight (8) teams in each facility with no cross-play between facilities. (REQUIRED)
- The limitation of eight (8) is per facility, not for a total event in that schools could possibly hold multiple eight (8) team events if there were multiple facilities involved and teams did not cross-play between facilities. (REQUIRED)
- Schools should consider initially limiting to one contest per night and only extend to multiple contests when the same set of schools is involved in all games. (RECOMMENDED)
- Even with the same two schools involved, there should be time between games for the sanitization of equipment and restrooms and handwashing by all involved. (RECOMMENDED)
- In the case where additional schools are involved, there must be time between contests for egress of fans and participants, sanitization of equipment and restrooms, ingress of the teams for the next game. (REQUIRED)
- Consideration should also be given in large roster sports to holding Varsity, Junior Varsity, and Freshman contests on separate nights. (RECOMMENDED)

**DISTRICT SEEDING CHANGES FOR 2020-21 UNTIL FURTHER NOTICE:**

- All districts that have voted to seed will be reduced to a one-game seed plan. (REQUIRED)
- If teams within a district play multiple times, the first game played shall be counted as the seeded game. (REQUIRED)
- In all seeded games (including district football), those canceled due to the pandemic or mandatory quarantines, the current provision of counting a contest unable to be played or rescheduled will be implemented as a win and loss for both teams when calculating winning percentage. (REQUIRED)
- Staff will intercede and resolve contest disputes as necessary.

**RPI CALCULATION, AUTOMATIC CANCELLATIONS AND FORFEITURE/CANCELLATION CHANGES**

- Adjustments for 2020-21 only were made to standings as well as RPI calculation methods due to possible cancelation of games resulting from the pandemic and local impact. (REQUIRED)
- It is recommended that games not played during the following seven-day period in communities where the incidence of COVID-19 exceeds 25 average daily cases per 100,000 population each Monday morning as detailed on the KDPH COVID-19 Dashboard map (listed in Red) at <https://bit.ly/2D0K526> (RECOMMENDED)
- All schools should in all contests, games canceled due to the pandemic or mandatory quarantines shall not have a result recorded, and no forfeit or forfeit provisions will be applied. (REQUIRED)
- The RPI will be adjusted for each of these types of contests to apply a consistent factor for one or both teams based on the ability of the game to be replaced. (REQUIRED)

**GAME/CONTEST MANAGER (ALL REQUIRED)**

- The Principal of the home team shall designate a home game/contest manager on site before the start of each contest at a time designated by the KHSAA.
- The game/contest manager shall have complete authority to order a contest delayed or stopped, and such shall be expected, if COVID-19 health and safety standards are not properly adhered to by all participants including coaches, players, team support members, fans and all in attendance.
- The home game manager will meet with the officials during the pre-game period, making the officials aware of his/her primary location for the entire contest.

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

- The home game manager assumes responsibility for all aspects of crowd control such as ensuring that only authorized personnel are allowed in the team bench area.
- The home game manager will make sure that all fans remain at least ten yards from the playing area. In the event a natural barrier, such as a fence, is in place, this will be sufficient so long as it is not prohibited by the playing rules of that sport.
- Unruly or disruptive fans will be escorted from the facility by the home game manager when necessary.
- The home game manager is responsible for providing proper security at each event.
- The home game manager shall identify a safe and secure area for officials to change before and after each contest whenever possible and shall ensure that officials are safely escorted from the venue after each contest.
- The home game manager shall have a venue-specific emergency action plan in place per KRS 160.445.

### **PRE-EVENT COMMUNICATION**

- Host schools should communicate before an event these best practices and/or local restrictions regarding mitigation of COVID-19 to the visiting team, officials, media, fans, etc.
- Communication between member schools should also include, but is not limited to, information regarding parking, concessions, locker rooms, ticketing, payment methods, entrance/exit gates, bands, cheerleaders, etc.

### **DETERMINING GAME DAY ESSENTIAL PERSONNEL**

- In contest planning, host sites must determine who is essential. (REQUIRED)
- Per the NFHS Guidance for Opening up High School Athletics, individuals should be grouped into tiers from essential to non-essential to decide which tiers will be allowed at an event with the recommended tiering of individuals: (RECOMMENDED)
  - Tier 1 (Essential): Athletes, coaches, officials, event staff, medical staff, security
  - Tier 2 (Preferred): Media, Limited Squad of Cheerleaders, Limited Squad of Band Members
  - Tier 3 (Non-essential): Spectators, vendors
- Each school will need to communicate with the local health department as to the wisdom of attendance by those individuals. (REQUIRED)

### **TRANSPORTATION**

- Provisions, including any limitations related to transportation, shall be managed through the Kentucky Department of Education Document - COVID-19 Considerations for Reopening Schools: Pupil Transportation at <https://bit.ly/3l84FPj> (REQUIRED)

### **ATTENDANCE AT EVENTS**

#### **ATTENDANCE DETERMINATION**

- Attendance at any event is at the collaborative discretion of the host school and the local health officials but shall be guided by a thorough review including the identification of those who are Essential, Preferred, and Non-Essential. (REQUIRED)
- The following represents starting points for discussion with school/school system and local health officials for spectators but are not intended to create a statewide mandatory standard:
  - The local health department (or collaboration of multiple health departments) in conjunction with the opponent has the ultimate authority on attendance allowances, restrictions, or capacities. (REQUIRED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

**ATTENDANCE LIMITATIONS**

- In bleacher seating (including stadium chair seating), family units and those that traveled to the contest in the same vehicle should sit together while the entire group maintains six-foot social distancing from any other family or traveling group. (RECOMMENDED)
- In bleacher seating (including chair seating), on any set of bleachers with separate entrances from other sections, determine a maximum attendance at the facility during each segment:
  - \_\_\_% of each permanently divided bleacher section during Segment 1 while maintaining social distancing (purposely left to local determination due to facility variances);
  - \_\_\_% of each permanently divided bleacher section during Segment 2 while maintaining social distancing (purposely left to local determination due to facility variances); and
  - \_\_\_% of each permanently divided bleacher section during Segment 3 while maintaining social distancing (purposely left to local determination due to facility variances). (CONSIDER)
- If initial discussions regarding attendance need a starting point, consider 20% in Segment 1, 30% in Segment 2 and 40% in Segment 3 for each facility while being mindful that the limitations must be approved by the local health department.
- It is recommended that the initial segment allotment be the lowest to allow for a full review of procedures and capacity prior to season continuation. (RECOMMENDED)
- In bleacher seating, initial discussions can also consider an absolute maximum of no more than 50% capacity with a maximum of 250 people in the section (even if the bleachers can fit more with social distancing). (CONSIDER)
- If a stadium has multiple individual sets of bleachers, each separate area can be seen as a separate unit as above. (CONSIDER)
- Schools should consider having staggered arrival times if multiple entrances are not available. (RECOMMENDED)
- Plans should all carefully consider allowances for the parents and family of the competitors (along with social distancing requirements), with the traditional easily identifiable family being rare and somewhat difficult to quantify. (RECOMMENDED)
- For events held in non-bleacher venues, plans should include a maximum number of non-competitors which would include coaching staff, non-competing members, and any allowance for parents or the general public. (RECOMMENDED)
- Social distancing will always be more difficult in chair-back style seating as there exists minimal flexibility for social distancing.
- Plans should also be limited in consideration of the number of restrooms in the facility and their location relationship to the separate section entrances. (CONSIDER)

**ATTENDANCE MAXIMUMS**

- Until current orders related to venues and event spaces are rescinded and absent specific approval from the Department of Public Health, no event may be approved for more than fifty percent of capacity (see Requirements for Venues and Event Spaces at the link at the end of this section for details). (REQUIRED)

**TEAM AREAS**

- Squad sizes were reduced in all fall sports with only those in uniform permitted in the team area.

**NON-UNIFORMED TEAM MEMBERS (REQUIRED)**

- Allowances for fields, team areas and benches are detailed in the individual sport sections, however in the sports of field hockey, football, soccer and volleyball, those areas are restricted to the uniformed players, coaches and essential individuals having an active role in game conduct or management.

2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports

ALL SPORTS  
GUIDANCE

- Schools should consider options for the placement of non-competing players to ensure social distancing as those players are not permitted in the team field or court areas. (RECOMMENDED)
- All others shall be seated in the general seating area and able to socially distance with those individual limitations contained on the specific sport pages of this document.

**SIDELINE CHEERLEADERS (ALL RECOMMENDED)**

- Schools should consider the placement of cheerleaders (with equal consideration for the opponent if the decision is made to allow) as they will need to be able to be in a separate and distinct area from the teams and with the ability to be socially distanced from other groups of individuals, including fans.
- In consideration of an overall spectator limitation, schools should limit the number of sideline cheerleaders to not exceed:
  - Twenty (20) per school during Segment 1;
  - Twenty-five (25) in Segment 2; and
  - Thirty (30) in Segment 3.
- All sideline cheerleaders are required to wear a mask at all times. (REQUIRED)
- Sideline cheer is technically a support group for various teams under local jurisdiction and different than competitive cheer, a KHSAA winter sport-activity.

**BAND MEMBERS (ALL RECOMMENDED)**

- Schools should consider the placement of band members (with equal consideration for the opponent), if the decision is made to allow, as they will need to be able to be in a separate and distinct area from the teams and with the ability to be socially distanced from other groups of individuals, including fans.
- Schools should consider reducing the full amount of the band permitted to attend due to attendance counting restrictions.
- Schools shall make the determination as to performances by bands, but all performances must be held within the restrictions of the “Guidance for a Return to High School Marching Band” document in terms of spacing and alignment to ensure social distancing. (REQUIRED)
- Unless specifically approved by the local health department(s) to omit them, bands shall be included in the counts of any bleacher limitations. (REQUIRED)

**EVENT TICKETING (ALL RECOMMENDED)**

- Wherever practical, possible and feasible it is strongly recommended that no ticketing or as little as is workable be done at the walk-up gate for any event.
- Wherever practical, possible and feasible, all ticketing should be done in advance through the participating schools.
- Wherever practical, possible and feasible, ticketing should be electronic without the use of paper (receipts, tickets, etc.) as well as the use of cash.
- If these recommendations are followed, gate personnel will have more flexibility to ensure health screenings are completed on all those who enter a competition venue.
- The KHSAA staff can recommend one or more paperless ticket vendors.

**CONCESSIONS (ALL RECOMMENDED)**

- Allowances for concessions are at the discretion of the host school.
- For best practices and clarifications, guidance can be sought from the Healthy at Work Restaurant and Bar Guidance document online at <https://bit.ly/32nWISH>.
- Concession workers should be required to be familiar with both state and CDC guidance on food service, with the CDC information listed at <https://bit.ly/3jaOcl6>
- It is recommended that all items sold in the concession stand be pre-packaged before the sale.

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

- Pre-packaged can be items purchased like a bag of chips, bottled soft drinks, candy bars, etc. These types of items would be considered the safest and easiest to handle.
- However, pre-packaged can also be items packaged by concession staff, such as popcorn, hamburgers, hot dogs, etc. as long as they are safely handled before packaging.
- Concessions planning should also include accommodations for any attendees from the visiting team being served from a separate area to ensure social distancing during the contest.
- Plans should also be limited in consideration of the number of sales locations in the facility and their location relationship to the separate section entrances and all efforts made to minimize lines and unnecessary queuing where social distancing becomes a problem. (CONSIDER)

**MASKS/FACE COVERINGS**

- All individuals entering a venue before, during, and after a contest shall wear a mask/face covering. (REQUIRED)
- All coaches, non-competitors (substitutions) and cheerleaders shall wear a mask/face covering. (REQUIRED)
- A “gaiter” complies with this requirement provided it is properly worn covering the nose and mouth when the player is not participating and can easily slip down around the neck during participation. (RECOMMENDED)
- A splash shield attached inside a football helmet covering both the upper and lower parts of the inside of the helmet to cover the nose and mouth complies with the requirement provided the helmet is being worn. (CONSIDER)
- Anyone who is not engaged in strenuous physical activity is to be wearing a mask/face covering. (REQUIRED)

**FINAL CONTEST PLANNING**

- Communicate in advance with incoming schools as well as officials regarding procedures and guidelines, including equipment to be provided and equipment opponent is expected to supply. (REQUIRED)
- The location for teams to evacuate to in the event of inclement weather shall be re-considered to determine whether social distancing is feasible or if alternate locations need to be secured. (REQUIRED)
- Ensure the home team has an on-site administrator. (REQUIRED)
- Collect contact information (cell number and email addresses) for each team. (REQUIRED)
- Devise protocols for facility entry including parking for teams, officials and fans (RECOMMENDED)
- Devise entry and exit plan that allows for social distancing. (RECOMMENDED)
- It is strongly recommended to bring your own personal hand sanitizer and to wash hands frequently. (RECOMMENDED)
- Clean and disinfect high-touch surfaces and equipment including balls using recommendations by the ball manufacturer. (REQUIRED)
- Incorporate public address announcements and signage regarding health guidelines and best practices. (RECOMMENDED)

**PRE-CONTEST GUIDANCE AND EVENT SETUP FOR ALL SPORTS AND SPORT-  
ACTIVITIES**

- Limit the Officials/Scorer's Table to essential personnel including the home team scorer and timer while allowing for social distancing (also using mask/face coverings) and those not deemed essential personnel be provided an alternate seating location. (REQUIRED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

- Social distancing of at least 6 feet shall be maintained at all times. No hugging, shaking hands, or fist bumps for support/encouragement. (REQUIRED)
- Limit the team benches including the field/court area to only those essential individuals participating. (REQUIRED)
- Maintain social distancing of 6 feet between substitutes, officials, game workers, and/or team bench areas. (REQUIRED)
- Make sure facilities have been properly sanitized and have hand sanitizer and disposable mask/face covering available. Clean and disinfect frequently touched surfaces and equipment. (REQUIRED)
- Game-day workers are required to wear masks/face coverings and comply with current social distancing guidelines. (REQUIRED)
- No community water stations/coolers will be permitted. (REQUIRED)
- The pre-game protocol should be developed in advance (i.e. anthem, introductions, etc.) and that will send players to their respective positions for introductions. (REQUIRED)
- Everyone (including officials) must have their own drink container that is not shared. (REQUIRED)
- Safe handling practices shall be adhered to during hydration, including refill retrieval and identification of water sources. (REQUIRED)
- Pre-game, quarter, halftime and postgame meetings shall utilize social distance principles. (REQUIRED)
- Individuals (student-athletes, coaches, officials, other athletic personnel) should complete a daily personal health assessment. (RECOMMENDED)

**TOOTH AND MOUTH PROTECTORS (FROM THE NFHS SPORTS MEDICINE ADVISORY COMMITTEE, POSITION STATEMENT, AUGUST 2020)**

- The best evidence to date shows us that COVID-19 is spread through respiratory droplets.
- Saliva from mouthguards is unlikely to be a significant source of infection transmission.
- However, it is recognized that parents and others may find the prospect of athletes frequently placing and removing a mouthguard concerning.
- Given this reality, the NFHS SMAC suggests that state associations develop statements instructing athletes to refrain from the removal of mouthguards while on the playing field, court, or mat.
- If mouthguards are removed on the sidelines or bench area, the athlete should use hand sanitizer each time after touching the mouthguard.
- A properly fitted mouthguard is required by rule in the following NFHS Sports: Football, Field Hockey, Boys and Girls Lacrosse, Ice Hockey and Wrestling (for wrestlers wearing braces).

**WATER, HYDRATION AND HYGEINE DURING COMPETITION (ADAPTED FROM THE NFHS SPORTS MEDICINE ADVISORY COMMITTEE, POSITION STATEMENT, AUGUST, 2020)**

- All students must bring their own water bottles. (REQUIRED)
- Water bottles must not be shared. (REQUIRED)
- Food should not be shared. (REQUIRED)
- Hydration stations (water cows, water trough, water fountains, etc.) must not be utilized. (REQUIRED)
- The KHSAA will recommend the extension of time-outs to ensure that athletes have time to be given a personal water bottle if that is the desired method selected by a school, and officials associations will be instructed to be permissive with this time. (REQUIRED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Considerations for  
Fall Sports**

**ALL SPORTS  
GUIDANCE**

- Schools should consider the use of disposable wax-lined paper cups delivered on trays or in carriers instead of personal water bottles and perhaps seek local fast-food restaurants for a donation if it is impractical for personalized water bottles to be used during time-outs. (RECOMMENDED)

**MEDIA RESTRICTIONS AND CONSIDERATIONS**

- Media access may be limited especially if there are limits to capacity. (RECOMMENDED)
- Establish a limit on the number of credentialed media members at each event (number of passes per outlet, priority to those who regularly cover, home/visitor split, etc.). (CONSIDER)
- Encourage media members to RSVP in advance of the game, so that you can allocate space accordingly and grant access to any media on a "waiting list". (CONSIDER)
- Inform visiting Athletic Director on the number of spaces available for the visiting team media. (RECOMMENDED)
- The press box will be limited to essential personnel only, with all individuals respecting social distancing (consider additional accommodations outside if necessary). (REQUIRED)
- No non-working individual may be in the working press area, including spouses, family members, and others. (REQUIRED)
- The media is restricted to areas outside the team areas. (REQUIRED)
- The media should notify the host school in advance of arrival before practice and games for approval. (RECOMMENDED)
- Media areas should be clearly marked to promote social distancing. (RECOMMENDED)
- Interview opportunities may be limited during the week. (RECOMMENDED)
- Incorporate virtual media availability sessions for weeks with high demand. (CONSIDER)
- Media members will wear masks/face coverings at all times. (REQUIRED)
- Game management should conduct a basic wellness check before entry (temperature, symptoms, exposure, etc.) (RECOMMENDED)
- Staff shall disinfect press box and working media areas before and after each game. (REQUIRED)
- Assign a staff member(s) to monitor compliance by media members. (RECOMMENDED)
- Meals and concessions offered to the media shall follow established guidelines including pre-packaging with no buffets or open lines. (REQUIRED)
- Press box windows and doors should remain open so as not to restrict air flow. (RECOMMENDED)
- Disseminate as much information online as possible (limit handouts). (RECOMMENDED)
- Avoid bringing coaches and student-athletes into the press box for pregame and postgame interviews. Conduct all interviews in an open-air environment with proper social distancing. (RECOMMENDED)
- Do not share microphones and headsets as each individual is to have his/her dedicated equipment. (RECOMMENDED)
- Consult with Head Coach and/or Athletic Director before conducting any student-athlete interview to ensure the subject is comfortable with doing so. (CONSIDER)
- Establish operational hours for press box and media work areas, and display with proper signage. (REQUIRED)
- Limit field access to working media members only (those who are actively performing work assignments). (CONSIDER)
- Incorporate easily identifiable credentials to ensure only authorized personnel are in restricted areas. (CONSIDER)
- If radio space is limited to the home team, try to facilitate a shared feed of the home team's broadcast if possible. (CONSIDER)
- Interviews shall only be conducted if social distancing protocols can be followed. (REQUIRED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: A Return to  
Officiating**

**OFFICIALS AND  
OFFICIATING  
GUIDANCE**

**OFFICIALS AND OFFICIATING GUIDANCE**

**CROSS-REFERENCE TO OTHER GUIDANCE**

- While this section deals with guidance for contest officials, all involved in the athletic program are expected to reference all guidance standards, including the many that may be non-sports specific.
- It is in the best interest of all officials to be familiar with all aspects of the guidance documents for Stage 3.
- Guidance is broken into three areas:
  - REQUIRED- These standards are required at all sanctioned contests.
  - RECOMMENDED- These standards are best practices during all contests during the pandemic and are therefore recommended for all contests.
  - CONSIDER- While these items are also best practices during this time, local site discretion should be exercised to determine if these items are practical and feasible for use at the contest.
- Differences in the guidance are necessitated by the difference in sports, facilities, and geographic areas, which are pronounced during normal years, and magnified this school year.
- Ensure that you have studied all of the documents on the individual pages of this guidance for the sports in which you are licensed.

**LICENSING**

- All officials shall be currently licensed with the KHSAA.
- All officials shall view the current year rules interpretation clinic on the KHSAA website following the published schedule.
- All officials should consider becoming a member of the National Association of Sports Officials.
- All officials should ensure that the officiating demographic records on arbitersports.com match the records on file with the KHSAA.

**ADVANCE OF GAME DAY**

- Contact the host school Athletic Director in advance of the contest to be informed on any additional protocols required locally (temperature checks, symptoms questionnaire, specific waivers, requirements for masks/face coverings, etc.). (REQUIRED)
- Bring your own water bottle, towel, hand sanitizer, flags, equipment, etc. (REQUIRED)
- If carpooling with other officials wear a mask/face covering when traveling. (RECOMMENDED)
- Vulnerable individuals are defined by the CDC as people 65 years of age and older and others with serious underlying health conditions. Officials fitting this description may wish to seek medical advice before deciding to officiate. (CONSIDER)

**GAME DAY**

- Take your temperature in the morning and then again before leaving home/work for a contest.
- If over 100.4, notify your assigner and the school administrator immediately that you will not be able to fulfill the assignment. (REQUIRED)
- Identify the host school administrator and local association for assistance in dealing with any issues (REQUIRED)
- Officials are not the "mask" police for fans and spectators; host school administrator shall manage adherence. (REQUIRED)
- Officials are expected to use the online incident form to report any noncompliance with public health standards by anyone observed who is not in the team boxes or on the playing field. (REQUIRED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: A Return to  
Officiating**

**OFFICIALS AND  
OFFICIATING  
GUIDANCE**

- Officials are expected to both enforce (via the Unsportsmanlike Conduct rule) and use the online incident form to report any noncompliance with public health standards by anyone in the team boxes or on the playing field. (REQUIRED)
- Officials are advised to come dressed to officiate. (RECOMMENDED)
- Upon arrival at the contest site, wash/sanitize hands regularly. (REQUIRED)
- Review sport-specific pre- and post-contest protocol (anthem, handshakes, etc.) (REQUIRED)
- If you do not feel well and COVID-19 symptoms are present, notify the contracted school, your crew members, assigner, and stay at home. (REQUIRED)
- Do not share equipment, uniforms, towels, etc. (REQUIRED)
- Bring your own drinks. (REQUIRED)
- Following the conclusion of a contest, leave the contest area, and do not interact with others. (REQUIRED)
- Pre-contest official crew meetings should be held outside when possible and where social distancing is easier to execute. (RECOMMENDED)
- Face coverings shall be worn by officials during pre-contest responsibilities. (REQUIRED)
- The officials/scorer's table is limited to home team essential personnel exclusively, and is to be socially distanced. (REQUIRED)
- Visiting team personnel are not deemed essential and need to find an alternative socially distanced seating location. (REQUIRED)

**RULES REQUIREMENTS**

- Limit length and attendees during Pre-Game/Match Conference (See specific sport requirements). (REQUIRED)
- Suspend handshakes, fist bumps, bro hugs, etc. (pre/during/post contest). (REQUIRED)
- Execute social distancing when communicating with coaches, players, other crew members. (REQUIRED)
- Execute social distancing in substitution procedures during contests. (REQUIRED)
- To maintain social distancing, officiating positions may need to be changed in a manner that is not necessarily in conformance with standard officiating procedures. (RECOMMENDED)

**UNIFORM AND EQUIPMENT FOR OFFICIALS (ADOPTED FOR OPTIONAL  
CONSIDERATION FOR ALL OFFICIALS 2020-21)**

- Long sleeves are permissible provided there are no color restrictions in the specific sport.
- Long pants are permissible.
- Undergarments are permissible but must be of similar length for the individual and solid color for the crew unless otherwise specified.
- Mask/face coverings are permitted without color restrictions.
- Air horns/electronic whistles are permitted and officials should choose a whistle whose tone will carry outside such as:
  - Fox 40 Mini -
  - Fox 40 Unisex Electronic – (3 tone) -
  - Ergo-Guard - (3 tone) - orange
  - Windsor - (3 tone)
  - Check the market for other choices.
- Gloves are permitted.
- Headsets for communication are permitted.

Considerations**

**GOLF**  
Staff Contact:  
Butch Cope

**GOLF SPECIFIC GUIDANCE**

**CROSS-REFERENCE TO OTHER GUIDANCE**

- While this section deals with sports-specific guidance, all involved in the athletic program are expected to reference all guidance standards, including the many that may be non-sports specific and listed in the All Sports Guidance or Officials and Officiating Guidance documents.
- Unless otherwise specified, competition shall be held in compliance with the document “Golf House Kentucky Tournament Operations Protocol \*COVID-19 Related Guidelines”, located on the KHSAA website at <https://bit.ly/34s5Ra7>.
- Until further notice and unless otherwise published by the staff of the KHSAA, KHSAA golf matches shall adhere to the attendance restrictions listed on the KHSAA website at <https://bit.ly/2EnwyCb>.
- Guidance is broken into three areas:
  - REQUIRED- These standards are required at all sanctioned contests.
  - RECOMMENDED- These standards are best practices during all contests during the pandemic and are therefore recommended for all contests.
  - CONSIDER- While these items are also best practices during this time, local site discretion should be exercised to determine if these items are practical and feasible for use at the contest.
- These differences in the guidance are necessitated by the difference in sports, facilities, and geographic areas, differences which are pronounced during normal years, and magnified this school year.

**SEASON LIMITATION AND CONTEST ADJUSTMENTS**

- The first official practice can be held on July 15.
- Intra-squad scrimmaging may be conducted beginning on the first day of practice.
- Segment 1 refers to competition from July 31 to September 12; Segment 2 refers to competition from September 14 to September 26, and Segment 3 refers to competition from September 28 to the end of the region.
- For 2020, no scrimmages will be permitted before the start of the first contest of the season or following the first official match.
- The first official contest can be held on July 31.
- The limit of matches for the season (not including postseason) is 20 rounds with no more than three (3) matches in a given week.
- The last official regular season contest can be held on September 26 or the day before the region tournament.
- Postseason play, at this time, is scheduled to begin September 28/29 with championship play currently scheduled to end the week of October 5.
- All teams eliminated would be permitted to play additional contests before the week of the state championship provided teams don't exceed the contest limit.

**ADMINISTRATIVE AND FIELD/COURT/COURSE SETUP, COMPETITION DAY SETUP AND PLAY (ADOPTED FOR 2020-21)**

**NOTICES AND REGISTRATION**

- All players must agree to play by the current USGA Rules of Golf and GHK Conditions of Competition. (REQUIRED)
- Tournament notices, including Rules of Play, starting assignments, etc., should be emailed to coaches in advance of the event. Coaches should provide copies of tournament notices to players before the start of play. (RECOMMENDED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual Sport  
Considerations**

**GOLF**  
Staff Contact:  
Butch Cope

- Player registration will not occur on-site and players are expected to be on the tee 10 minutes before the assigned starting time for the round. (RECOMMENDED)
- Participants are not permitted to arrive at the host facility more than 45 minutes before their starting time. If a player arrives at the facility before 45 minutes of their starting time, they must remain in their vehicle. (RECOMMENDED)
- Player gifts, if provided for an event, will be pre-packaged before the event and distributed at the scoring area following the round. (RECOMMENDED)

**SETUP**

- All cups will be placed in the ground for competition rounds per USGA Rules of Golf to allow the ball to properly drop in the hole.
  - During play of a hole, a player must not remove the flagstick from the hole.
  - Penalty for a first violation: 1 stroke;
  - Penalty for second violation: General penalty;
  - Penalty for third violation: Disqualification.
  - The flagstick has been removed from the hole when it is lifted by a player, his or her partner, or caddy, or any other person at the request of the player by any method resulting in the bottom of the flagstick no longer being in contact with the socket of the hole liner.
  - A player may reposition the flagstick without removing it from the hole by touching it with a towel or club. (REQUIRED)
- All bunker rakes will be removed for the entire competition. A local rule will be in place allowing competitors (whose ball lays in a bunker) to lift the ball, clean the ball, smooth the sand, and replace the ball within one (1) club length no closer to the hole within the bunker. This will be at no penalty to the player. Please smooth footprints following play from the bunker. (REQUIRED)
- The starting area is to be marked/roped off and posted with a sign restricting the area to the Starter and ONLY the players receiving instructions/teeing off. NOTE: the first teeing area is not a part of and is outside the starting area (RECOMMENDED)
- Spots will be marked on the ground in the starting area for players to stand to maintain spacing while receiving instructions and other materials. (RECOMMENDED)
- A starter's box is viewed as a common area and players will not be allowed to access items normally located in a starter's box. (REQUIRED)

**GENERAL PROTOCOL**

- Digital leaderboards may be placed at the scoring area (streamed through facility TVs when applicable). Players must follow CDC social distance guidelines when viewing digital leaderboards. (RECOMMENDED)
- Food will not be provided as part of the event. Facilities may offer food separate from the tournament provided it is offered in compliance with CDC and Kentucky Health Department guidelines and regulations. (REQUIRED)
- Players should follow proper social distancing protocol and stay at least six feet away from other competitors, partners, and other individuals while on property. (REQUIRED)
- Before or following a round, players should refrain from shaking another player's hand or contact of any kind with another individual. (REQUIRED)
- Players should not touch another players equipment. (REQUIRED)
- Spectators are limited to two individuals per participant (REQUIRED)
- All individuals must maintain recommended social distancing when assisting players with ball searches, directional messaging, and all other possible interaction points. (REQUIRED)
- If they fall out of contention before completion of the championship, they should leave the premises at that time. (RECOMMENDED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual Sport  
Considerations**

**GOLF**  
Staff Contact:  
Butch Cope

- Rules officials must maintain recommended social distancing when assisting players with rules assistance and they must not assist the players with any situation where the official would deliberately need to touch either personal equipment of the player or golf course equipment. (REQUIRED)

**PRACTICE AREAS**

- Practice areas are only available to participants 45 minutes before their tee time. (RECOMMENDED)
  - Following our 15-minute tee time intervals (groups of 4), this will limit the practice areas to no more than two groups (maximum of 8 players) at a time. (RECOMMENDED)
- Players will be restricted to warming up at every other station on the practice tee (minimum 6 feet apart). (RECOMMENDED)
- Tournament staff will monitor the practice areas to ensure compliance with the 45-minute time allotment. (RECOMMENDED)
- All practice facilities are closed the remainder of the day to tournament participants following the conclusion of their round. (REQUIRED)

**CARTS AND CADDIES**

- Players may ride two (2) persons per golf cart.
- If both individuals reside in the same household, they may ride together without masks/face coverings.
- If not, they must wear masks/face coverings while in the golf cart.
- The driver must also remain the driver throughout the entire round. (RECOMMENDED)
- Caddies are not permitted. (The KPGA Junior Tour has implemented a separate policy for caddies. Please refer to the KPGA Junior Tour policies before attending their event.) (REQUIRED)
- If shuttle carts are utilized, it should be one cart per golfer with both driver and golfer wearing masks/face coverings and sanitation after each use. (REQUIRED)
- If golf cart use is permitted, it is under the single rider policy in which one competitor will be allowed to drive the golf cart throughout the competition. (If a player walking is to place their golf bag on the cart, that individual must walk the entire round. They will not be permitted to ride or drive the golf cart at any point). (RECOMMENDED)
- The driver shall not touch any of the golfer's equipment. (REQUIRED)

**TEE TIMES AND START**

- Tee time events only, no shotgun events until we enter Phase 3 (or approvals by State Health Departments). (REQUIRED)
- Shotgun starts are not recommended at this time. If shotguns take place there are extensive restrictions around social distancing requirements, golf cart staging, practice tee space allocations, points of the congregation, and field limitations. Please refer to executive orders issued by the Governor on social distancing and congregation of people. (RECOMMENDED)
- Groups of 3 players: minimum of 12 minutes between tee times. (REQUIRED)
- Groups of 4 players: minimum of 15 minutes between tee times. (REQUIRED)
- Tee Times may consist of an entire 5-player team. The coach will accompany the team, maintaining social distance, and keep score for each player (or an assigned scorer). The coach/scorer will attest to the scorecard for all players and return the card to the scoring area upon completion of play. If the team competes together, tee time intervals should be at a minimum of 12 minutes. (CONSIDER)
- Double tee starts may be considered under social distancing and state issued guidelines. Please refer to those guidelines to ensure compliance if you are considering a double tee start. (CONSIDER)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual Sport  
Considerations**

**GOLF**  
Staff Contact:  
Butch Cope

**SCORING**

- Players are to utilize the Golf Genius scoring application for posting hole by hole scores during each competition round. (RECOMMENDED)
- Scorecards will be distributed to the coaches once on-site, for distribution to the players. Scorecards will be given to the player keeping score to reduce the need for exchanging of cards. (if A is keeping score for B, the coach of A will give A the scorecard for B before starting the round.) (RECOMMENDED)
- All players will be assigned a paper scorecard (official scorecard) and their designated marker will populate the scorecard for each hole played. Since the scorecard will be assigned, the exchanging of the scorecards is not necessary. (REQUIRED)
- Once the round is complete, players will be assisted by an official scorekeeper to verify all hole by hole scores are correct. The scorekeeper will be in a separate and safe space (GHK Scoring Tent). The scoring area is for players and officials only. The scoring table will not have a cloth, and all players will be positioned at an acceptable social distance from each other. (REQUIRED)
- Once all scores have been reported and verified by players and the scorer, each player will twice sign the scorecard in their possession – once on the “Scorer” line and once on the “Attest” line of the same scorecard. The signature on the “Scorer” line is standard, and the signature on the “Attest” line will signify that the player signing approves his or her own score that was read aloud and verified by the scorer, the player, and the scoring official. This process will ensure that every player has signed twice – once as a scorer and once to attest their own score – without having to exchange scorecards. (REQUIRED)
- The scorecard will then be placed in a box by the marker. These scorecards will be collected at the end of the competition round and kept for review if necessary. (REQUIRED)
- Players must remain in the designated scoring area until verification is complete. When the player leaves the scoring area, the score for that player is official. The player may not return to the scoring area once he/she has departed. (REQUIRED)
- One player will be designated by a GHK tournament official to digitally post all players’ scores in their pairing group. (RECOMMENDED)

**TIES**

- Ties are recognized as ties and not played off for final placings, including ties for first place (Team and Individual) as this will eliminate the potential for the congregation of people and large numbers playing/following any playoff. (RECOMMENDED)
- If a tie must be broken, it is recommended to follow USGA Rules of Golf recommendation for breaking ties. (RECOMMENDED)

**POST EVENT**

- Players should leave the facility upon completion of their round. Exception: if following the final round of the event, a player is in contention for first place, they will be permitted to remain on the property. (RECOMMENDED)
- All award presentations will be conducted immediately following the conclusion of the tournament at a location near the 18th hole. (RECOMMENDED)
- If the tournament has multiple divisions, division awards will be presented immediately following the conclusion of that division’s competition. Following the awards presentation for that division, players of that division should depart the premises. (RECOMMENDED)
- The award ceremony will be conducted by the Official in Charge and include recognition of sponsor(s), host facility staff, and champion(s). When a player’s name is announced, they will proceed to the awards table and accept their respective award. (RECOMMENDED)
- Photos should be taken individually following the conclusion of the awards presentation. (RECOMMENDED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual Sport  
Considerations**

**GOLF**  
Staff Contact:  
Butch Cope

**OFFICIATING (GENERAL)**

- Unless modified through the competition rules adopted by the Board of Control, contests in golf shall be governed by the rules of the United States Golf Association.
- Interpretations to the playing rules shall be solely administered by the KHSAA in collaboration with the Golf House of Kentucky and the local host course.
- The Official in Charge will wear proper PPE, sanitize the awards, and lay them out in an organized fashion on the awards table. (RECOMMENDED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**SOCCER**

Staff Contact:  
Chad Collins

**SOCCER SPECIFIC GUIDANCE**

**CROSS-REFERENCE TO OTHER GUIDANCE**

- While this section deals with sports-specific guidance, all involved in the athletic program are expected to reference all guidance standards, including the many that may be non-sports specific.
- Guidance is broken into three areas:
  - REQUIRED - These standards are required at all sanctioned contests.
  - RECOMMENDED - These standards are best practices during all contests during the pandemic and are therefore recommended for all contests.
  - CONSIDER - While these items are also best practices during this time, local site discretion should be exercised to determine if these items are practical and feasible for use at the contest.
- These differences in the guidance are necessitated by the differences in sports, facilities, and geographic areas, which are pronounced during normal years, and magnified this school year.

**SEASON LIMITATION AND CONTEST ADJUSTMENTS**

- Segment 1 refers to competition from September 7 to September 26; Segment 2 refers to competition from September 28 to October 2, and Segment 3 refers to competition from October 3 to the end of the district.
- The first official practice can be held on August 24.
- Intra-squad scrimmaging may be conducted on the first day of practice.
- For 2020, no scrimmages will be permitted before the start of the first contest of the season or following the first official match.
- The first official contest can be held on September 7.
- The limit of matches for the season (not including postseason) is 14 with no more than three (3) matches in a given week.
- The last official regular season contest can be held on October 10.
- Postseason play, at this time, is scheduled to begin October 12, with championship play currently scheduled to end the week of October 26.
- All teams eliminated would be permitted to play additional contests before the week of the state championship provided teams don't exceed the contest limit.

**ADMINISTRATIVE AND FIELD/COURT SETUP**

- Temporary restroom facilities may be used following the guidelines provided by the venue's local health department or other applicable guidelines. Restrooms should be cleaned and disinfected frequently. (CONSIDER)

**SOCCER BALLS AND SOCCER BALL CLEANING**

- All soccer balls should be regularly and routinely cleaned.
- Balls should be managed by competent individuals who are capable of the rigors of keeping them sanitized without game delay.
- The ball may be switched as often as can efficiently allow for sanitization and return, up to and including changing balls each dead ball.
- There should be an attempt to keep at least three good game balls available, one in play, one being cleaned, and one ready for the next play.
- Ball manufacturers suggest cleaning recommendations follow CDC, state, and local guidelines for health and safety and should not include bleach.
- The following link provides common definitions for Sterilization, Disinfection, and Cleaning in Healthcare Facilities, but may be useful for one attempting to clean a ball (including; basketball,

Sport Considerations**

**SOCCKER**

**Staff Contact:  
Chad Collins**

softball, football, soccer, volleyball, and baseball) with cover material made of leather, composite, or PU leather - <https://bit.ly/31qomK9>

- To ensure applicable health and safety protocols, the user is responsible for determining the best method based on ball covering material, playing environment, and cleaning intervals.
- Soap and Water Method
  - Dirt and debris can be removed by using a damp cloth with soap and water, using moderate pressure.
  - Be careful not to oversaturate the ball.
  - Allow to air dry.
- Disinfecting Wipe Method
  - Limited disinfecting may be achieved by using a disinfecting wipe and moderate pressure to wipe the entire surface of the ball.
  - Be careful not to oversaturate the ball.
  - Allow to air dry.
- Select does not recommend using bleach and alcohol-based cleaning products, or excessively frequent cleanings, as those may degrade ball covering material and ball markings, and impact overall ball performance.

#### **GAME-DAY SETUP**

- The home team should consider having ample sanitization supplies positioned around the field and ensure the balls are sanitized before the game, between each half (or quarter if applicable) and as needed. (RECOMMENDED)
- Rosters are restricted to a limit of 24 players in uniform, participating in warm-ups and being in the team box during competition. (REQUIRED)
- All non-uniformed team members who are not essential to game management shall be seated in the bleachers or general seating and able to socially distance from other groups. (REQUIRED)
- Ball Holders shall exercise social distance at all times. (REQUIRED)
- If cones are used for warm-ups, the coach/administer should be the only person to touch these items. (RECOMMENDED)
- Consider not using pinnies during warmups/practice. (RECOMMENDED)
- Should medical attention be required during the contest, people within 6 feet of an injured person should be limited to only medical personnel and/or a coach. (RECOMMENDED)

#### **OFFICIATING (MECHANICS) (ADOPTED FOR 2020-21)**

- Rule 5-2-2d - Have the pregame conference at the center of the field and exercise social distance during the conference (no handshakes).

#### **OFFICIATING (RULES) (ADOPTED FOR 2020-21)**

- Rule 3-3; 3-4 - Require all substitutes awaiting entry to observe social distance.
- Rule 4-1 - Cloth mask/face covering is permitted for players (no color restrictions).
- Rule 4-1 - Gloves are permitted for players (no color restrictions).
- Rule 4-1-1 - Long pants are permitted for players.
- Rule 4-1-1 - Long Sleeves are permitted for players.
- Rule 4-1-1d - Undergarments are permitted, but must be the same solid color for the team.

**OFFICIATING (MECHANICS) (ADOPTED FOR 2020-21)**

- Rule 1-2-4 - If a team member is carded, it is recommended to mark a location of where the individual is to stand that is socially distant from the officials' table.
- Rule 1-2-4 - Maintain social distancing of 6 feet between the substitute, officials, and/or teammate(s) by encouraging substitutions to occur closer to the center line.
- Rule 1-4-3 - Suspend handshakes before and following the pregame conference.
- Rule 1-4-3 - Limit attendees to one official, the head coach from each team, and a single captain from each team.
- All individuals should maintain a social distance of 6 feet during the conference.

**OFFICIATING (RULES) (ADOPTED FOR 2020-21)**

- Rule 1-5-1 - Undergarments are permitted but must be of a similar length for the individual and a solid like color for the team.
- Rule 1-6-5 - Masks/Face coverings are permitted.
- Rule 1-6-5 - Gloves are permitted.
- Rule 1-6-5 - Players' goggles are optional equipment.
- Rule 1-6-5 - Players choosing to use a penalty corner mask/face covering should not share their mask/face covering with other individuals.
- Rule 11-2-3 - Let player move the ball to the line on penalty strokes, umpires should eliminate touching the ball.

Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**VOLLEYBALL**

**Staff Contact:  
Butch Cope**

**VOLLEYBALL SPECIFIC GUIDANCE**

**CROSS-REFERENCE TO OTHER GUIDANCE**

- While this section deals with sports-specific guidance, all involved in the athletic program are expected to reference all guidance standards, including the many that may be non-sports specific.
- Guidance is broken into three areas:
  - REQUIRED- These standards are required at all sanctioned contests.
  - RECOMMENDED- These standards are best practices during all contests during the pandemic and are therefore recommended for all contests.
  - CONSIDER- While these items are also best practices during this time, local site discretion should be exercised to determine if these items are practical and feasible for use at the contest.
- These differences in the guidance are necessitated by the differences in sports, facilities, and geographic areas, which are pronounced during normal years, and magnified this school year.

**SEASON LIMITATION AND CONTEST ADJUSTMENTS**

- Segment 1 refers to competition from September 7 to September 26; Segment 2 refers to competition from September 28 to October 9, and Segment 3 refers to competition from October 10 to the end of the district.
- The first official practice can be held on August 24.
- Intra-squad scrimmaging may be conducted on the first day of practice.
- For 2020, no scrimmages will be permitted before the start of the first contest of the season or following the first official match.
- The first official contest can be held on September 7.
- The limit of matches for the season (not including postseason) is 24 with no more than 4 matches in a given week.
- If a school, due to participation in a regular-season multiple-match event (i.e. tournament) exceeds the limit of matches in a given week, such shall not be considered a violation of Bylaw 23 provided the preceding or succeeding week(s) are adjusted to create an appropriate average number of contests per week.
- The last official regular season contest can be held on October 17.
- Postseason play, at this time, is scheduled to begin October 19 with championship play currently scheduled to end the week of November 2.
- All teams eliminated would be permitted to play additional contests before the week of the state championship provided teams don't exceed the contest limit.

**VOLLEYBALLS AND VOLLEYBALL CLEANING**

- All volleyballs should be regularly and routinely cleaned.
- Balls should be managed by competent individuals who are capable of the rigors of keeping them sanitized without game delay.
- The ball may be switched as often as can efficiently allow for sanitization and return, up to and including changing balls each play.
- There should be an attempt to keep at least three good game balls always available, one in play, one being cleaned, and one ready for the next play.
- Ball manufacturers suggest cleaning recommendations follow CDC, state, and local guidelines for health and safety and should not include bleach.
- The following link provides common definitions for Sterilization, Disinfection, and Cleaning in Healthcare Facilities, but may be useful for one attempting to clean a ball (including; basketball,

**2020-21 Healthy at Sports

**VOLLEYBALL**

**Staff Contact:  
Butch Cope**

softball, football, soccer, volleyball, and baseball) with cover material made of leather, composite, or PU leather - <https://bit.ly/31qomK9>

- To ensure applicable health and safety protocols, the user is responsible for determining the best method based on ball covering material, playing environment, and cleaning intervals.
- Soap and Water Method
  - Dirt and debris can be removed by using a damp cloth with soap and water, using moderate pressure.
  - Be careful not to oversaturate the ball.
  - Allow to air dry.
- Disinfecting Wipe Method
  - Limited disinfecting may be achieved by using a disinfecting wipe and moderate pressure to wipe the entire surface of the ball.
  - Be careful not to oversaturate the ball.
  - Allow to air dry.
- Baden does not recommend using bleach and alcohol-based cleaning products, or excessively frequent cleanings, as those may degrade ball covering material and ball markings, and impact overall ball performance.

**ADMINISTRATIVE AND FIELD/COURT SETUP**

- Rule 3-4 - Coordinate with contest officials to limit to essential personnel which includes the home team scorer, libero tracker, and timer with a recommended distance of 6 feet between individuals.
- Visiting team personnel (scorer, statistician, etc.) are not deemed essential personnel and will need to find an alternative location. (REQUIRED)
- Rosters are restricted to a limit of 15 players in uniform and participating in warm-ups and competition. (REQUIRED)
- All non-uniformed team members who are not essential to game management shall be seated in the bleachers or general seating and able to socially distance from other groups. (REQUIRED)
- Only team members playing in the current match can shag balls. (REQUIRED)
- Separate baskets of balls for warm-ups (one basket used by the home team and one basket used by the visiting team). (CONSIDER)
- Consider seating fans opposite teams benches and separated from one another to promote social distancing. (RECOMMENDED)

**OFFICIATING (MECHANICS) (ADOPTED FOR 2020-21)**

- Rules 1-2-4b; 5-4-4c; 5-5-3b (26); 9-2-3c - Move the location of the deciding set coin toss to center court with team captains and the second referee maintain the appropriate social distance of 6 feet.
- Rules 1-6-2; 5-4-1h - Move the location of the pre-match conference to center court with one coach and one referee positioned on each side of the net.
  - All four individuals maintain a social distance of 6 feet;
  - Limit attendees to one coach from each team, first referee and second referee; move the location.
- Rules 2-1-7; 10-2-1; 10-2-3; 10-2-4 - Maintain social distancing of 6 feet between the second referee and the player and substitute by encouraging substitutions to occur within the substitution zone closer to the attack line.

**COIN TOSS**

- Rules 1-2-4a, 1-6-3 - A coin toss, called by the home team will decide to serve/receive; suspend protocol of teams switching benches before a deciding set.
- In the event there is a clear and distinct disadvantage as determined by the officials, teams may switch sides, observing all social distancing protocols.

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**VOLLEYBALL**

**Staff Contact:  
Butch Cope**

**OFFICIATING (RULES) (ADOPTED FOR 2020-21)**

- Rules 1-2-4a; 1-6-3; - Suspend the use of the coin toss to determine serve/receive. The visiting team will serve first in set 1 and alternate first serve for the remaining non-deciding sets.
- Rules 4-1-4; 4-1-1 – Masks/face coverings are permissible; Gloves are permissible (no color restrictions).
- Rules 4-2-1; 4-2-1i(1) - Long sleeves are permissible; Long pants are permissible.
- Rules 4-2-1h (3); 4-2-1i (2) - Undergarments are permissible, but must be unadorned and of a single, solid color similar in color to the predominant color of the uniform top or bottom.
- Rules 5-4-4b, 9-12, NOTE, 9-3-3b - Suspend protocol of teams switching benches between sets. In the event there is a clear and distinct disadvantage, teams may switch sides, observing all social distancing protocols. Officials will determine if a distinct disadvantage is present.
- Rules 7-1-1; 7-1-1 PENALTIES 1; 9-1a; 12-2-3 - Suspend roster submission at the pre-match conference. Rosters are submitted directly to officials' table before the 10-minute mark.

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**CROSS COUNTRY**

Staff Contact:  
Sarah Bridenbaugh

**CROSS COUNTRY SPECIFIC GUIDANCE**

**CROSS-REFERENCE TO OTHER GUIDANCE**

- While this section deals with sports-specific guidance, all involved in the athletic program are expected to reference all guidance standards, including the many that may be non-sports specific.
- Guidance is broken into three areas:
  - REQUIRED- These standards are required at all sanctioned contests.
  - RECOMMENDED- These standards are best practices during all contests during the pandemic and are therefore recommended for all contests.
  - CONSIDER- While these items are also best practices during this time, local site discretion should be exercised to determine if these items are practical and feasible for use at the contest.
- These differences in the guidance are necessitated by the differences in sports, facilities, and geographic areas, differences which are pronounced during normal years, and magnified this school year.

**SEASON LIMITATION AND CONTEST ADJUSTMENTS**

- Segment 1 refers to competition from September 7 to September 26; Segment 2 refers to competition from September 28 to October 9, and Segment 3 refers to competition from October 10 to the end of the region.
- The first official practice can be held on August 24.
- Intra-squad scrimmaging may be conducted on the first day of practice.
- For 2020, no scrimmages will be permitted before the start of the first contest of the season or following the first official race.
- The first official contest can be held on September 7.
- The limit of races for the season (not including postseason) is 9 with no more than two (2) races in a given week.
- The last official regular season contest can be held on October 17 or the day before the region.
- Postseason play, at this time, is scheduled to begin October 19 with championship play currently scheduled to end the week of October 26.
- All teams eliminated would be permitted to play additional contests before the week of the state championship provided teams don't exceed the contest limit.

**ADMINISTRATIVE AND FIELD/COURT/COURSE SETUP**

**PRE-MEET**

- Team Packets: Meet managers are encouraged to transmit as much information as possible electronically before the meet. (RECOMMENDED)
- For any information that cannot be submitted electronically, organize a method for the packet pick up that keeps coaches socially distanced (i.e. time slots for small numbers of coaches to pick up packets, marks on the ground that are 6 feet apart for coaches' lines formed at packet pick-up, etc.). (RECOMMENDED)
- Temporary restroom facilities may be used following the guidelines provided by the venue's local health department or other applicable guidelines. Restrooms should be cleaned and disinfected frequently. (CONSIDER)
- The use of team tents on site is strongly discouraged, instead utilize an option for open-air tarps and space markers. (RECOMMENDED)
- Team entry is not to exceed 10 runners, the current postseason roster limitation. Additional runners may be allowed depending upon the decisions of meet management and within overall meet limits during the current segment. (REQUIRED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**CROSS COUNTRY**

**Staff Contact:  
Sarah Bridenbaugh**

- Meet managers are reminded that in any meet with four (4) or less schools, a licensed official is not required to officiate the meet.

**COURSE SETUP**

- Schools shall widen the starting line and each starting box. (REQUIRED)
- Each starting box shall be a minimum of 6 feet apart. (REQUIRED)
- Each starting box shall have no more than one (1) school per box (also following the segment limitations). (REQUIRED)
- Additional flagging, paint, etc. shall be used in areas on the course where spectators could get within 6 feet of runners as they spectate/cheer to keep those spectators at least 6 feet back from runners. (REQUIRED)
- Use finish corrals and FAT timing for larger meets as easier to distance at finish. (REQUIRED)
- Strongly consider a corral director to supervise the finish corral and assist in distancing finishers (CONSIDER)
- If no FAT timing system is available for smaller meets, use alternative means of finish place and time to reduce congestion at the finish line. (RECOMMENDED)
- If sticks are used for determining place, disposable sticks are recommended by race. (RECOMMENDED)
- Rule 8-1-3a: Consider widening the course to at least 6 feet at its narrowest point. (RECOMMENDED WHERE FEASIBLE)

**MEET ENTRY AND COMPETITOR LIMITATIONS (ADOPTED FOR 2020-21)**

- Segment 1: \*September 7 - 26:
  - Limit overall race to 100 runners with no more than 40 per wave/staggered start.
  - Recommend races to not exceed 2500m.
  - No more than two (2) races per division (recommend one of each gender).
- Segment 2: \*September 28 - October 9.
  - Limit overall race limitations to 180 runners with no more than 45 per wave/staggered start.
  - Recommend races to not exceed 3500m.
  - No more than two (2) races per division (recommend one of each gender).
- Segment 3: \*October 10 - October 30:
  - Limit overall race limitations to 250 runners with no more than 50 per wave/staggered start.
  - Recommend races to not exceed 5000m.

**WAVE/STAGGERED STARTS**

- Any grouping, staggering or wave starts would need to be coordinated with the finish timer to ensure proper timing of runners. (RECOMMENDED)
- FAT timing and the use of a video camera for finishes would be key in determining proper placement and times of competitors. Examples of wave starts include starts by school (all entries from one school start at a specific time), random grouping, seeded grouping, etc. (RECOMMENDED)

**CONDUCT OF RACES**

- Numbers written on athletes are not permitted. (Other forms of timing/results should be considered i.e. coaches hand timing, bib chips, shoe chips, camera finish, etc.) (REQUIRED)
- No items (water bottles, clothing, etc.) are to be left at the starting line. (REQUIRED)
- Schools are strongly encouraged to not allow coaches on the course. (RECOMMENDED)
- If separate sessions/divisions are being held, there is to be an hour between sessions to allow for crowd egress (if permitted) and allow for sanitization of equipment and restrooms. (RECOMMENDED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**CROSS COUNTRY**

**Staff Contact:  
Sarah Bridenbaugh**

- If spectators are allowed, there must be a restricted area at the finish that keeps spectators away so they do not interfere with the "quick exit" of each athlete. (REQUIRED)
- Creative finish line options are strongly encouraged to maintain physical distancing. Some examples include:
  - a) an open finish corral which allows runners to immediately exit the finish area;
  - b) multiple or separate finish lines for teams could be considered as an alternative to the traditional finish line for all, and
  - c) if shoe chips are used, then the coach of each school shall collect and return their chips. There shall be no chip removal/retrieval near the finish line. (CONSIDER)
- Consider using image-based equipment at the finish line to assist with picking the place and reducing congestion. (RECOMMENDED)

**PRE AND POST RACE**

- Athletes shall wear masks/face coverings in the team staging area, corral, and until the start of the race. (REQUIRED)
- Runners may remove their mask/face covering when called to the starting line by the starter, but the mask/face covering should not be discarded. (REQUIRED)
- Establish social distancing protocols for pre and post-contest activities. (REQUIRED)
- The pre-contest meeting is limited to one coach from each team. (REQUIRED)
- Distribute awards in envelopes and have the coaches pick them up, one at a time, after the contest. (REQUIRED)
- Mass awards ceremonies shall be eliminated. (REQUIRED)
- Meet results shall not be posted at a venue. All results to be posted online, sent by email, and/or mail. (REQUIRED)

**OFFICIATING (MECHANICS) (ADOPTED FOR 2020-21)**

- It is strongly recommended that starters utilize their own starter pistol or electronic starting device; or if he/she uses starting equipment owned by the school, it should be sanitized before the first use, and following any use of the equipment by any other person.
- Officials shall follow all social distancing guidelines (pre and post-meet conferences, clerking at the start line, tabulations, etc.).
- Rule 8-4-5: Clerking shall be done at the starting line to avoid congestion.
- Rule 8-4-3: Only the referee shall attend the pre-meet meeting (without the presence of the starter or captains).
  - The meeting (if it cannot be held virtually ahead of time) shall be limited to a single coach from each team, and multiple meetings may be needed to ensure proper physical distancing is maintained.

**OFFICIATING (RULES) (ADOPTED FOR 2020-21)**

- Rule 8-3: Staggered, wave, or interval starts are permitted.
- Rule 4-3: Athletes are permitted to wear gloves and/or masks/face coverings during competition with no restriction on color or type.

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**FOOTBALL**

**FOOTBALL SPECIFIC GUIDANCE**

**CROSS-REFERENCE TO OTHER GUIDANCE**

- While this section deals with sports-specific guidance, all involved in the athletic program are expected to reference all guidance standards, including the many that may be non-sports specific.
- Guidance is broken into three areas:
  - REQUIRED- These standards are required at all sanctioned contests.
  - RECOMMENDED- These standards are best practices during all contests during the pandemic and are therefore recommended for all contests.
  - CONSIDER- While these items are also best practices during this time, local site discretion should be exercised to determine if these items are practical and feasible for use at the contest.
- These differences in the guidance are necessitated by the differences in sports, facilities, and geographic areas, which are pronounced during normal years, and magnified this school year.

**SEASON LIMITATION AND CONTEST ADJUSTMENTS**

- Segment 1 refers to competition from September 7 to September 27; Segment 2 refers to competition from September 28 to October 23, and Segment 3 refers to competition from October 24 to the end of the district.
- The first official practice can be held on August 24.
- Intra-squad scrimmaging may be conducted to phase-in of activity per Bylaw 23 and revised guidance.
- For 2020, no scrimmages will be permitted before the start of the first contest of the season or following the first official contest.
- The first official contest can be held on September 11.
- The limit of games for the season (not including postseason) is 9 with no more than one (1) game per week at each level.
- Each athlete is limited to eight quarters per week from Friday through the following Thursday, starting September 11:
  - Games in which periods are longer than six minutes, each quarter played counts as one (1) quarter towards this limitation.
  - Games in which periods are six minutes or less, each quarter played counts as ½ quarter toward this limitation.
- The last official regular season contest can be held on November 7.
- Postseason play, at this time, is scheduled to begin the week of November 9 with championship play currently scheduled to end the week of December 7.
- All teams eliminated would be permitted to play additional contests before the week of the state championship provided teams don't exceed the contest limit.
- Due to contracts and re-scheduling, there are no scheduling grid restrictions for member schools having to adjust district games.

**ADMINISTRATIVE AND FIELD/COURT/COURSE SETUP**

- Rules revisions regarding the team box shall be marked for each contest with either temporary or permanent markings. (REQUIRED)
- Rosters are restricted to a limit of 60 players in uniform and participating in warm-ups and competition. (REQUIRED)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**FOOTBALL**

**Staff Contact:  
Julian Tackett**

- All non-uniformed team members who are not essential to game management shall be seated in the bleachers or general seating area and able to socially distance from other groups. (REQUIRED)
- Suspend pregame protocol of shaking hands during introductions. (REQUIRED)
- Suspend postgame protocol of shaking hands. (REQUIRED)
- Before, during, and after the contest, players, coaches, game officials, team personnel and game administration officials should wash and sanitize their hands as often as possible. (RECOMMENDED)
- Maintain social distancing of 6 feet at all times while on the sidelines and on the field of play when possible. (REQUIRED)
- Everyone should have their own drink container that is not shared. (REQUIRED)
- Cloth face coverings are permissible for all coaches and team staff and all game administration officials. (REQUIRED)
- Gloves are permissible for all coaches and team staff and all game administration officials. (REQUIRED)
- Try and limit the number of non-essential personnel who are on the field level throughout the contest. (REQUIRED)
- If available, dressing facilities for game officials and teams should be large enough for them to use social-distancing protocols and shall be properly cleaned and sanitized before their arrival. (REQUIRED)  
It is a recommendation to eliminate the normal "circle" huddle for those teams that use a huddle and to utilize a choir huddle (example listed at <https://bit.ly/3aWReNw>). (RECOMMENDED)

**FOOTBALLS AND FOOTBALL CLEANING**

- All footballs should be regularly and routinely cleaned.
- Balls should be managed by competent individuals (ball managers) who are capable of the rigors of keeping them sanitized without game delay.
- The ball may be switched as often as the ball managers can efficiently allow for sanitization and return, up to and including changing balls each play.
- The ball managers should attempt to keep at least three good game balls always available, one in play, one being cleaned, and one ready for the next play.
- Spalding Sport Ball cleaning recommendations follow CDC, state, and local guidelines for health and safety.
- The following link provides common definitions for Sterilization, Disinfection, and Cleaning in Healthcare Facilities, but may be useful for one attempting to clean a ball (including; basketball, softball, football, soccer, volleyball, and baseball) with cover material made of leather, composite, or PU leather - <https://bit.ly/31qomK9>
- To ensure applicable health and safety protocols, the user is responsible for determining the best method based on ball covering material, playing environment, and cleaning intervals.
- Soap and Water Method
  - Dirt and debris can be removed by using a damp cloth with soap and water, using moderate pressure.
  - Be careful not to oversaturate the ball.
  - Allow to air dry.
- Disinfecting Wipe Method
  - Limited disinfecting may be achieved by using a disinfecting wipe and moderate pressure to wipe the entire surface of the ball.
  - Be careful not to oversaturate the ball.
  - Allow to air dry.

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**FOOTBALL**

**Staff Contact:  
Julian Tackett**

- Spalding does not recommend using bleach and alcohol-based cleaning products, or excessively frequent cleanings, as those may degrade ball covering material and ball markings, and impact overall ball performance.
- Spalding will continue to review all available information and will update recommendations as new developments occur.

**PLAYER EQUIPMENT**

**TOOTH AND MOUTH PROTECTORS [RULE 1-5-1D(5)] (FROM AUGUST 2020 NFHS SMAC POSITION STATEMENT)**

- The best evidence to date shows us that the COVID-19 is spread through respiratory droplets.
- Saliva from mouthguards is unlikely to be a significant source of infection transmission.
- However, we recognize that parents and others may find the prospect of athletes frequently placing and removing a mouthguard concerning.
- Given this reality, the NFHS SMAC suggests that state associations develop statements instructing athletes to refrain from the removal of mouthguards while on the playing field, court, rink, or mat.
- If mouthguards are removed on the sidelines or bench area, the athlete should use hand sanitizer each time after touching the mouthguard.
- A properly fitted mouthguard is required by rule in Football.

**TOOTH AND MOUTH PROTECTORS [RULE 1-5-1D(5)]**

- All tooth and mouth protectors shall be attached to the helmet. (REQUIRED)

**SPLASH SHIELDS, FACE SHIELDS AND HELMETS WITH FACE MASKS (SECTIONS ADAPTED FROM THE NFHS SPORTS MEDICINE ADVISORY COMMITTEE, POSITION STATEMENT, AUGUST 2020)**

- Splash Shields may be attached to the inside of the helmet and inside of the face mask to prevent respiratory droplets from spreading.
- Face shields may be of a commercial brand or third-party created but must be absent of tint as concussion recognition remains critical.
- Cloth masks/face coverings (that tie to the head or loop around the ears under the helmet) are permissible to be worn under the face mask. (REQUIRED)
- These types of masks/face coverings have no restrictions on color. (REQUIRED)
- The NFHS SMAC does not recommend anything – mask/face covering or shield on the outside of any face mask for any sport but it should be worn on the inside of the face mask for risk minimization issues as they want the face mask in front of it. (REQUIRED)
- Plastic shields covering the entire face (unless integrated into the face mask and attached to the outside of the mask of the helmet and clear without the presence of any tint) are not allowed during the contest per NFHS rules.
- The NFHS SMAC is always concerned that any product or device that attaches to the helmet and/or face mask will void the National Operating Committee on Standards for Athletic Equipment (NOCSAE) certification and will automatically void the manufacturer's warranty and/or lead to the potential of an unintended injury. NOCSAE stated the following with regards to facial coverings attached to the face mask: "A face covering attached to a faceguard would not automatically void the NOCSAE certification of compliance with our NOCSAE standard, assuming it does not attach permanently to the faceguard and has no rigid components that might protrude in to the facial area." "The helmet/faceguard manufacturer has the ultimate final say as to what can and cannot be attached to their face mask." (CONSIDER)
- Please be aware of this information from the NOCSAE as it does apply to products that were not made by the manufacturer of the helmet and/or face mask: <https://bit.ly/3jbtHet> (CONSIDER)

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**FOOTBALL**

**Staff Contact:  
Julian Tackett**

**OFFICIATING (MECHANICS)**

- The position of the Umpire in a 5- and 7- person crew shall have the initial position in the offensive backfield, on the side of the center opposite the Referee. (ADOPTED FOR 2020-21)
- The position of the Umpire in a 3- or 4- person non-varsity crew shall be 9 to 10 yards behind the defensive line of scrimmage. (RECOMMENDED)
- The repositioning of the Umpire does not change any responsibilities and coverage assignments. (REQUIRED)
- There will be no requirement to work a pre-determined number of games per position for the 2020-21 playoff contests. (ADOPTED FOR 2020-21)

**PRE-GAME, PRE-GAME CONFERENCE, COIN TOSS AND OVERTIME PROCEDURES  
(ADOPTED FOR 2020-21)**

- During the pre-game field inspection period, perform the coin toss, limit attendees to the referee, umpire and the head coach from each team.
- If the host requests the toss to be re-enacted before the game, only the Referee, Umpire and Head Coach will come onto the field and all should maintain social distancing principles during the reenactment.
- No handshakes before and following the coin toss.
- Maintain social distancing of 6 feet while performing all pregame responsibilities with all officiating crew members, game administration staff, line-to-gain crew, clock operators, individuals handling the balls during the game, and team personnel.
- For the overtime procedure, use the same procedure as used at the start of the contest for the coin toss.

**OFFICIATING (RULES) (ADOPTED FOR 2020-21)**

**TEAM BOX (RULE 1-2-3G)**

- The team box is extended on both sides of the field to the 10-yard lines (for both teams) for more social-distancing space for the teams.
- The coaches' area (sideline to two yards off the field) is eliminated for 2020 and is a restricted area at all times except for a charged time-out to allow for freedom of movement and social distancing by officials, chain crews and ball runners.
- Maintain social distancing of 6 feet at all times while in the team box.
- Do not share uniforms, towels, and other apparel and equipment.

**BALL (RULE 1-3-2)**

- The ball should be cleaned and sanitized throughout the contest as recommended by the ball manufacturer (see FOOTBALL AND FOOTBALL CLEANING section of this document).
- The ball holders should maintain social distancing of 6 feet at all times during the contest.

**HELMET FACE MASKS/FACE SHIELDS [RULES 1-5-1A, 1-5-3C(4)]**

- Cloth face coverings are permissible by players in the game.
- Plastic shields covering the entire face (unless integrated into the face mask and attached to the inside of the helmet and clear without the presence of any tint) shall not be allowed during the contest.
- See the details of FACE SHIELDS AND HELMETS WITH FACE MASKS in this section and the details of the main document labeled MASKS/FACE COVERINGS for important details.

**GLOVES (RULE 1-5-2B)**

- Gloves are permissible but still must comply with Rule 1-5-2b by meeting either the NOCSAE Standard or the SFIA Specification.

**2020-21 Healthy at Sports  
Stage 3- Performance  
Return to Competition: Individual  
Sport Considerations**

**FOOTBALL**

**Staff Contact:  
Julian Tackett**

**STATE ASSOCIATION ADOPTIONS (RULE 1-7)**

- Each state association may adopt other playing/administrative rules for football for the 2020 season that would decrease exposure to respiratory droplets and COVID-19.
- This notation will allow for leniency for individuals (at the discretion and with approval of the coach deciding to wear gloves provided they don't unfairly enhance the ability of the player to catch or maintain a grip on the football.

**CHARGED TIME-OUTS AND AUTHORIZED CONFERENCE (RULES 2-6-2, 3-5-3, 3-5-8)**

- A single charged time-out may be extended to a maximum of two minutes in length as needed to ensure water distribution.
- The authorized conference for the charged time-out should take place between the 9- yard marks and not at the sideline for social-distancing purposes. (It would be permissible for more than one coach to be involved in this conference and for technology to be used.)
- Each game official and player should have their own drink container brought out to them on the field.
- Player hydration standards should reflect the section labeled "HYDRATION/FOOD" in the All Sports Guidance.

**INTERMISSION BETWEEN PERIODS AND AFTER SCORING (RULE 3-5-7L)**

- The intermission may be extended to a maximum of two minutes between the first and second and the third and fourth periods and following a try, successful field goal or safety, and before the succeeding free-kick. (REQUIRED)

2) Cardiac Considerations for Student-Athletes during the COVID-19 Pandemic Available Free Online at [https://www.amssm.org/Content/pdf\\_files/COVID19/NCAA-COVID-19-Algorithm-12-AUG-2020.pdf](https://www.amssm.org/Content/pdf_files/COVID19/NCAA-COVID-19-Algorithm-12-AUG-2020.pdf)

\* ECG changes suggestive of myocarditis include: diffuse ST elevation, ST depression, T wave inversion, pathologic Q waves, and PR depression

\*\*Testing considerations: ECG, hs-Tn, Echo, Cardiac MRI, Holter, Stress test, Chest X-ray, Spirometry, PFTs, D- dimer, and Chest CT as Indicated

**KMA Committee on Sports Medicine:  
Return to Activity (RTA) Protocol After COVID-19 Infection**

Any return to play should be preceded by a gradual and progressive return to physical exertion. Athletes should complete the progression below without the development of cardiopulmonary symptoms (chest pain, chest tightness, palpitations, shortness of breath, excessive fatigue, lightheadedness, pre-syncope, or syncope). Monitor the student-athlete closely for the development of any symptoms during this active progression. If any symptoms develop, the athlete should stop exertion immediately and be referred back to the evaluating physician for consideration of additional evaluation, including cardiology consultation, before resuming activity.

- **Step 1: (2-Days Minimum)** Light activity (walking, jogging, stationary bike) for 15 minutes or less at intensity no greater than 70% of maximum heart rate. NO resistance training
- **Step 2: (1-day minimum)** Add simple movement activities (For example, running drills) for 30 minutes or less at intensity no greater than 80% of maximum heart rate
- **Step 3: (1-day minimum)** Progress to more complex training for 45 minutes or less at intensity no greater than 80% maximum heart rate. May add light resistance training.
- **Step 4: (2-days minimum)** Normal training activity for 60 minutes or less at intensity no greater than 80% maximum heart rate
- **Step 5: Return to full activity**
