

Teaching Cycle Planning Calendar

Essential knowledge, concepts and/or skills that **all** students must learn for this unit:

Learning goals to be shared with students:

Use the planning calendar to schedule the following:

1. When will we start the unit of study? How will we share the learning goal(s) with the students? When will each goal be introduced?
2. When will our team meeting(s) during the unit of study be held? When are intervention/extension times available?
3. When are good points during the unit of study to collect evidence of student learning? How and when will we give common formative assessment(s)?
4. When will we collectively analyze the common formative assessment data?
5. When will we reteach students who do not demonstrate mastery of the learning goals on the common formative assessment(s)?
6. When and how will we provide extension and enrichment to those who demonstrate mastery on the common formative assessment(s)?
7. When will we give the end-of-unit common assessment?
