

CONVERSATION CARDS

Do you think the council is beneficial to student achievement? Why or why not?

Why are parents a key player on your school's council?

Besides the principal, teachers, and parents, who else's input should be welcomed at council meetings? Explain.

What do you anticipate your school's council achieving during its term?

Open meetings are a legal requirement for all public agencies, which includes school councils. Besides the legal expectation, why should the *community at large* have a voice in what takes place at your school?

If you could take on any other council member's role, whose would it be, and why?
