A. Residency

Statute and Regulation	Description
<u>KRS 158.030</u>	Common school required to enroll resident students
<u>KRS 158.100</u>	District required to provide preschool through twelve (12) grade school service
<u>KRS 159.010</u>	Compulsory attendance

Kentucky statutes [KRS 158.030](#) and [KRS 158.100](#) place a duty on local school districts to enroll students who meet the age and residency requirements and who have not received a high school diploma. Kentucky law requires anyone with custody or "charge" (physical charge of the student) to enroll the student in the district where the student is actually residing, subject to certain exceptions. In some cases, this may be a relative or a family friend who has taken over care for the child but does not have legal guardianship or other formal legal order granting custody to the child. The Administrative Office of the Courts (AOC) Standard Power of Attorney for School Decision Making form is not required under Kentucky law for the adult to enroll the student in school.

Local school districts determine residency of students. Pursuant to Kentucky law, school districts should first look to the residence of the individual with custody or charge of the student to determine where the student resides. In most instances, the student's district of residence will be where his or her parents reside. However, in some situations the adults with custody or charge of the student may reside in multiple school districts. For example, a student's parents may have joint custody of the student and reside in different school districts. Or a student may be living with a family member who has charge of student in different school district from where the student's custodial parents reside. In these situations, the student's district of residence (i.e. the district with the obligation to enroll and educate the student) will be the district **where the student lies his/her head at night, most nights**, with the adult who has custody or charge of the student. The district Director of Pupil Personnel (DPP) has the general authority to conduct a home visit of any home in the district in which school age children may reside to confirm their compliance with the compulsory attendance requirements of KRS Chapter 159 (confirm that the child is enrolled in a school and that the school meets the educational needs) and that the child actually resides in the district.

Students admitted to a hospital

A district **should not** withdraw a student, with an Individual Education Program (IEP) or a general education student, solely due to admission to a hospital or facility outside the district or state. A student may be lying his/her head in the hospital/facility at night, but the residency of the student (and the guardian) has not changed.

Students residing with non-parent or non-guardian

School districts should generally enroll students residing with non-parental or non-guardian adults, even in the absence of formal guardianship or court order. **If the district has a concern that the student is not actually living with the adult or residing within the boundaries of the school district, then the DPP should conduct a home visit to verify that the student is actually lying his/her head down most of the time in a residence within the school district's boundaries. It is possible that a student could go home to their parents on the weekend or a couple of nights a week and still meet this threshold.** Once the school district is satisfied that the student is residing within the district boundaries, the school district should consider the student a resident of the district and entitled to educational services. A district can follow up to ensure living arrangements remain in effect. For information on nonresident students refer to the section on "Nonresident, No Contract Days (Adjustment on SEEK)."

Homeless students

For information on homeless students, refer to the section on "[Homeless Children and Youth](#)."

C. Calculation of Daily Attendance (Whole Day/Half Day) and Tardies

Statutes and Regulations	Description
KRS 158.060	School month and school day; duty-free lunch period; non-teaching time for teachers
KRS 159.010	Compulsory Attendance Age
KRS 159.150	Definitions of truant, habitual truant and being tardy; adoption of truancy policies by local school boards
702 KAR 7:125	Pupil Attendance

Daily attendance is represented as 0%, 50% or 100%. Please refer to the chart below to assist with understanding the calculations for tardiness, half-day and whole-day attendance values.

Daily Attendance	Whole Day	Half Day	No Attendance	Tardy
Funded	1.0 = Whole-day	0.5 = Half-day	0 = No attendance	1.0 = Tardy
Present	100% -65%	64% -16%	15% - 0%	99% - 65%
Absent	0% -35%	36% -84%	85% -100%	0% -35%

Tardies

School personnel should choose between Present or Absent in Infinite Campus. Kentucky does not use the Tardy or the Early Release attendance statuses. Once an absence is marked excused or unexcused, Infinite Campus automatically calculates whether it counts as a tardy or an absence. As a general rule, schools should not map local attendance codes to the status of “Tardy.”

702 KAR 7:125, Section 1(5) states “Even if a pupil’s absence or tardy is due to factors beyond the pupil’s control, including inclement weather or failure of the transportation system to operate, the pupil shall be counted absent or tardy. However, a pupil being transported to school on a district school bus or district vehicle shall not be considered tardy in the cause of the lateness is due to the bus or vehicle arriving after the beginning of the school day.”

For these students who are late due to school or district transportation, districts may create an exempt code that is mapped as Absent/Exempt/Other.

If a new Exempt code is needed, please confirm with your field staff that it meets requirements.

NOTE: Attendance is based on the standard school day set by the local board of education. Instructional time equals the standard school day less the amount of time used for breaks, lunch and recess. Five minutes is the maximum allowable passing time between instructional periods. See 702 KAR 7:140, Section 5(1)(c).

State Student Identification Number (SSID)

Upon enrollment into the Kentucky public school system, students are assigned a State Student Identification (SSID) number. The SSID number is ten digits in length and is assigned to students through the use of the Infinite Campus Student Locator. The SSID is used as a district and state identifier throughout a student's enrollment. If a student leaves the district or state, the student will retain their original number. **The district should search any incoming student in the student locator prior to enrolling a new student or re-enrolling a student from another district.** The student's birth date is a required field when using the student locator.

If a district finds that one student has multiple SSIDs in their district site, that district must combine those records using the Combine Person tool (System Administration | Data Utilities | Combine Person).

Name	State ID	Gender	Birth Date	%

Create New Student >

In cases of a student having one or more SSIDs outside of a district or two students are sharing the same SSID and the records need to be split, please submit a ticket through the Google form, [SSID Issues Google Form](#).

Infinite Campus support should be contacted on all issues regarding the student locator. However, the Web Application Administrator Point of Contact (WAAPOC) in your district should be contacted whenever there is an issue with connectivity to the program or to the Student Locator. If WAAPOCs have connectivity issues and need assistance, they should contact the KETS Service Desk at (866) 538-7435 or by email at ketshelp@education.ky.gov

For each of the following issues, a district support staff member should create a support ticket within Infinite Campus (IC):

- student locator not functioning correctly
- pending SSID number for any student for more than 48 hours
- ambiguous SSID number for any student

All other questions regarding SSID issues may be directed to:

Free/Reduced Application Management (FRAM)

The Kentucky Department of Education website contains program information for FRAM Coordinators who manage the Community Eligibility Provision (CEP) program: [Community Eligibility Provision](#). The website contains various FRAM training documents, the Direct Certification Web Download Tool Manual, the sample Household Income Form (HIF), and the tool rights document for setting up the FRAM processor rights in Infinite Campus.

[Data Standard - FRAM \(ky.gov\)](#)

HIFs can now be completed electronically through FRAM Processing in Infinite Campus for CEP districts. Non-CEP districts can create an On-Line Registration (OLR) form that mimics the district's current OLR form with an electronic signature. Districts can send this form through the Parent Portal and have the parents sign it electronically.

D. Start Status Codes

Statutes and Regulations	Description
KRS 159.140	Duties of the director of pupil personnel or assistant
KRS 159.170	Withdrawals and transfers; teachers to investigate and report
702 KAR 7:125	Pupil Attendance

The following entry and re-entry codes shall be used to indicate the enrollment status of pupils.

Code	Definition
E01	A pupil enrolled for the first time during the current year in either a public or non-public school in the United States. (This includes students enrolling for the first time in a public school district who have previously attended only homeschool or private school).
E02	A pupil previously enrolled during the current school year in either a public or non-public school in another state not previously enrolled in Kentucky during the current school year.
E03	A pupil enrolling for the first time during the current school year in either a public or non-public school, who withdrew as a W07, W24 or W25 in previous school years.

Code	Definition
NS	A pupil who completed the prior year with a C01 end state, was expected to enroll in the district but did not enroll by October 1 of the current year, and whose enrollment elsewhere cannot be verified. On Day 1, add a Start Status of NS: No Show during that day for students who appear on Daily Attendance > Caller Report. Add the appropriate End Status to this record. Note: Office staff should NOT use the attendance wizard on Day 1, as all teachers will record attendance on Day 1 (first day of student attendance). When the N S enrollment record is saved, the No Show checkbox will automatically be checked. If the student returns to school, a New Enrollment record with an applicable start status and start date (first date of attendance) will be added. The student's schedule should be verified, and if that schedule is correct the counselor will restore it in the walk-in scheduler; otherwise, a new schedule will be created. The original no show record remains with the No Show Start Status and the W** End Status. A new enrollment is created on the date when the student shows up. Because the student has a later enrollment in the district he/she will not be counted as a dropout. If the student enrolls in another school within the same district, the original NS enrollment record must be deleted. No Shows should <u>NOT</u> appear on any attendance report, including the SAAR and Growth Factor reports. If the student graduates after July 31 and prior to the first day of the next school year, an enrollment must be created in the following school year. If an enrollment is created, attendance funds will not be awarded if the student is not scheduled. Therefore, do not schedule the student for the next year's enrollment if the student graduated between August 1 and the day prior to start of the next school year. Do not forget to complete the graduation tab for this enrollment. NOTE: A <u>No Show start status</u> cannot be used to with a graduate end status of G01-G04. No Show Data Standard
R01	A pupil received from another grade or grade level in the same school year, or having a change in schedule structure or enrollment service type.
R02	A pupil received from another public school in the same public school district.
R06	A pupil re-entering the school after dropping out, discharge, or expulsion from a school district in Kentucky during the current school year, who has not entered any other school during the intervening period.
R20	A pupil previously enrolled in a home school in Kentucky during the current school year. (This includes students who have attended a public school in Kentucky and who are returning to the public school after being

	homeschooled).
R21	A pupil previously enrolled in any public or non-public school (excluding home schools and charter schools) in Kentucky during the current school year. (This includes students who have attended a public school in Kentucky and who are returning to the public school after attending a non-public school, <u>not</u> including homeschool).
R22	A pupil previously enrolled in a charter school in Kentucky during the current school year.

End Status Codes

The following **withdrawal and graduation codes** shall be used to indicate the enrollment status of pupils.

Code	Definition
CO1	A pupil who completes the school year in the school of the most current enrollment.
G01	A pupil who graduates in less than four (4) years.
G02	A pupil who graduates in four (4) years. <i>If a student graduates during the summer, he/she has until the start of the next school year to be included in the prior year.</i>
G03	A pupil who graduates in five (5) or more years.
G04	A pupil who graduates in six (6) or more years.
W01	A pupil transferred to another grade in the same school or with grade level changes in the same school mid-year, or with a change in schedule structure or enrollment service type. The re-entry code to use with W01 shall be R01.
W02	A pupil transferred to another public school in the same public school district. The re-entry code to use with W02 shall be R02.

W07	A pupil withdrawn due to those communicable medical conditions that pose a threat in school environments listed in 902 KAR 2:020, Section 2(1), accompanied by a doctor's statement certifying the condition or any other health-related condition for which the student is too ill to participate in regular school attendance or local Home-bound instructional services or hospital setting instructional services, or if the pupil has obtained a doctor's statement certifying the condition. The re-entry code to use with W07 shall be R06.
W08	A pupil withdrawn due to death.
W12	A pupil under the jurisdiction of the court. For purposes of the W12 code, a pupil may be considered under the jurisdiction of the court on the day the petition is filed with the court. The re-entry code to use with W12 shall be R06. For accountability purposes, a W12 shall be considered a dropout if the district cannot substantiate enrollment in the proper educational setting as designated by the court.
W17	An entry level student in the primary program, withdrawn during the first two months enrolled due to immaturity or mutual agreement by the parent, guardian or other custodian and the school in accordance with 704 KAR 5:060.
W20	A pupil transferred to a home school. The re-entry code to use with W20 shall be R20.
W21	A pupil transferred to a non-public school (excluding home school). The re-entry code to use with W21 shall be R21.

W27	A student who has withdrawn from school and subsequently received a GED. (High School Equivalency Program replaced GED per KRS 159.010 as of June 29, 2017. The statute should be used until this part of the attendance regulation changes).

W28	A student who has reached the maximum age for education services without receiving a diploma or alternative high school diploma. (This counts as a dropout)
W29	A pupil who has moved out of state or out of the United States.

E. Request for Release or Transfer of Student Records

Statute	Description
KRS 156.160	Courses of Study for Public Schools
KRS 159.140 (1)(i)	DPP to keep student attendance records and make reports
KRS 160.700 et seq.	Kentucky Family Education Rights and Privacy Act
KRS 600.070	Release of Educational Records
20 USC 1232g	Family Educational Rights and Privacy Act
704 KAR 3:307	Recognition of credits when transferring without transcripts

Public Schools

Per KRS 159.140(1)(i), the DPP must keep student attendance records and make the reports required by law and KDE Regulation. Upon initial enrollment or reenrollment in a public school in Kentucky, an electronic transfer of student records is requested by the receiving district. Districts cannot release student records of a student listed as a missing person. Reference KDE's Missing Children [website](#) for additional information. Students transferring from a private school or from another state or country should be enrolled in school and receiving instruction while educational records are being requested, even if those records are delayed.

Per 704 KAR 3:307, procedures for recognition of credits for graduation from a public secondary school upon transfer from a non-accredited secondary school, and for the awarding of credit upon transfer to a public secondary school without a proper transcript being reasonably available, are detailed in local board policy.

Non-Public (Private) Schools

Non-certified non-public schools must adhere to Kentucky laws regarding school attendance and records kept. In addition, Kentucky Board of Education (KBE) certified non-public schools must also meet requirements regarding minimum instructional hours and subjects taught. Reference KDE's [Non-Public Schools website](#) for additional information.

Homeschool

A homeschool student is one whom the family has withdrawn from public school pursuant to [KRS 159.030](#) and chosen to educate through a home setting. The Kentucky Constitution establishes prerogatives for parents to choose formal education for their child.

Reference KDE's [Homeschool website](#) for additional information.

Foster Students

[KRS 199.802](#) establishes specific time requirements for enrollment, records request, and release of records for students in foster care. If there has been a determination that remaining in the school of origin is not in the child's best interest, the new school shall immediately enroll the child – even if the child is unable to produce records normally required for enrollment (including, but not limited to academic records, medical records, and proof of residency). The new school must immediately contact the school last attended by the child and request the relevant records. Records for foster students must be transferred by the school of origin by the end of the working day on which the request is received. If a record is incomplete, the previous school shall provide the completed record within three (3) working days of the original request.

[KRS 199.802](#) (1)(c) states: “‘Educational stability’ means the maintenance of the enrollment of a child in a particular school upon a transition to a different placement or living arrangement when such maintenance is in the best interest of the child, and if not, the enrollment of the child in a new school in a time and manner that ensures the child experiences a minimal lapse in school attendance.” KRS 199.802(1) (d) states: “‘School of origin’ means the public school in which the child was enrolled immediately prior to placement.”

The *Student Records Transfer* report in Infinite Campus (IC) will assist districts and school personnel with monitoring records transfer for students enrolling or withdrawing to and from other Kentucky school districts during the school year. The records produced in the report indicate students' foster care status to further aid in the time requirements. Reference the report [Quick Reference Card](#) for additional details.

Additional information can be found on KDE's [Foster Care website](#).

Missing Children

Statute	Description
KRS 156.495	Program to identify and locate missing children enrolled in Kentucky schools.
KRS 158.032	Flagging record of missing child – Procedure upon recovery – Documents required upon enrollment of transfer.

A missing student's educational records will automatically be flagged in Infinite Campus (IC) when the Kentucky State Police (KSP) send notification to the Kentucky Department of Education (KDE). It is imperative that school principals ensure all appropriate school and district personnel are aware of the situation and that they comply with the stipulations of the statutes. District staff must immediately report to local law enforcement or KSP's Missing Persons Unit at (502) 564-1020, if any of the following occurs:

- someone in the school knows of the student's whereabouts;
- the identified student is currently present at the school; or
- an individual or a school requests the student's records.

Student records cannot be released in IC if the student has an active missing child flag.

IC will automatically end-date the missing child flag when KDE receives notification from KSP that a missing student is located.

Schools must ensure that the principal email address is kept current in IC to ensure Missing Children Notifications from KDE are directed to the appropriate personnel. Additionally, a process alert will be sent to all members of the *Missing Child User Group* with calendar rights to the school(s) of the missing student. Schools and districts can reference the [Missing Children Process and Procedures](#) document to prepare and maintain.

G. Suspension and Expulsion Codes

The KY State Report - Safe Schools error/warning report in Infinite Campus (IC) shall be used for data quality assurance of suspension resolution and attendance linkage. The following validations should be reviewed and resolved on a regular basis:

- Suspension attendance without a corresponding resolution of SSP3: Out of School Suspension.
- Out of School Suspension resolution exists without a Suspension attendance event.

Data entry and reporting requirements can be found in the [Behavior Data Standards](#). The KY State Report – Safe Schools should be generated on a regular basis.

Behavior Resolutions

The following local district behavior resolution codes must be mapped to a State Resolution Code in Infinite Campus for safe schools reporting and attendance reporting purposes:

- **SSP3** – Out-of-School Suspension

Attendance – SSP3: Out-of-School Suspension

All local attendance codes for out-of-school suspension must be mapped to the state code of **S: Suspension**. Out-of-school suspensions are considered an unexcused absence in accordance with 702 KAR 7:125.

Out-of-school suspensions are recorded on the Record of Daily Attendance (Register Report) and districts are eligible to receive up to 10 days of funding as an adjustment on SAAR for a student who has been suspended.

A resolution of SSP3: Out-of-School Suspension in behavior must have a corresponding S: Suspension attendance code. The behavior resolution start and end dates and times must precisely match the attendance start and end dates and times.

Attendance – Expulsion

There are two (2) behavior resolution codes for expulsion:

SSP1 – Expelled, Receiving Services

SSP2 – Expelled, Not Receiving Services

If a student is expelled, not receiving services, the student is marked absent each day following the expulsion. The district is eligible to receive funding for up to a year or 175 days for expulsions as an adjustment in record X of SAAR. Students must maintain a full schedule after expulsion to receive funding.

If a student is expelled, receiving services, the student is marked absent for any day services were to be provided but the student was not present to receive the services. The district is eligible to receive up to a year or 175 days for expulsion. Days during expulsion with services in which a student is marked absent will be included as an adjustment in Record X of SAAR. Students must maintain a full schedule after expulsion to receive funding.

Sometimes, expulsions carry over into another school year, or a district receives a student who previously has been expelled from another district, or a student is enrolled in an alternative school within the same district to receive services. Specific attendance and behavior data entry must be entered in these scenarios. Reference [KDE's Expulsion Guidance including Carryover Expulsions Infinite Campus](#) document for additional details and instruction.

H. Transportation Codes

Statutes and Regulations	Description
KRS 157.370	Allotment of transportation units
702 KAR 5:020	Program cost calculation
702 KAR 5:100	Handicapped, reimbursement for

Aggregate days attendance and absence are reported to KDE by school, grade level and transportation code. KDE recommends that individual student transportation codes be verified **at least** once a semester. Inaccurate transportation coding may result in a proportional reduction of the transportation allotment of the SEEK calculation.

Code	Description
T1	A pupil transported over one mile twice daily, if the transported distance to school over the shortest publicly accessible route exceeds one mile and the pupil is transported twice daily. This includes students identified as Homeless.
T2	A pupil transported under one mile twice daily.
T3	A pupil transported over one mile once daily, if the transported distance to school over the shortest publicly accessible route exceeds one mile and the pupil is transported once daily. <i>For reporting purposes, T-3 aggregate days of attendance are divided evenly (50/50) between T-1 and NT.</i>
T4	A pupil transported under one mile once daily. <i>For reporting purposes, T-4 aggregate days of attendance are divided evenly (50/50) between T-2 and NT.</i>
T5	A special needs student whose Individualized Plan (IEP) lists transportation as a related service or who is receiving IEP-mandated special accommodations. <i>Students designated T5 must have this requirement clearly stated in their IEPs on the related services page. Students covered by 504 Plans are not eligible to be coded T5.</i>
NT	Non-Transported Student (includes non-traditional instructional days)

KDE provides a sample form to help schools track T-codes for students: [T Code Tracking Help](#)

Other Attendance Credit

Attendance	Description
KEES and Foreign Exchange Students	When enrolling a Foreign Exchange student, the school must follow the proper procedures to ensure that the student is not included in the KEES report. This is accomplished by checking the appropriate box in State Reporting Fields when enrolling the student. Foreign Exchange students are reported on the monthly attendance report, and the data is included in SAAR and Growth Factor reports.
Performance-Based Courses	Students participating in standards-based, performance-based credit that falls within one or more of the categories of standards-based course work outlined in 704 KAR 3:305 can receive full attendance credit for a class or block for the year or semester in which the students initially enrolled, if the student completes the course and demonstrates proficiency in accordance with local board policies see the link, Performance Based Credit .
Virtual Courses	Students enrolled in a Virtual high school class or block can receive attendance credit for the year or semester in which they originally enrolled if they complete the course and demonstrate proficiency in accordance with local board policies.
Dual Credit Courses	Students enrolled in a Dual Credit courses can receive attendance credit for the year or semester in which they are enrolled if they complete the course and receive a passing grade from the college instructor, see the link Dual Credit Course . Please see the Dual Credit Placeholder Guide , before setting up the course in Infinite Campus.
INSR – In-School Removal	In-School Removal attendance code for students who are removed from class for an in-school suspension. In-School Removal will be Other/Present/Exempt code, and the district will receive funding. Creation and use of this attendance code is optional and a local district decision.

Attendance	Description
Full-Time Virtual Students	Districts can set up students in Grades 5-12, who are fully virtual, with either a full schedule of Performance-based courses or in a Blended Learning Group that checks attendance/participation during each course. Students in Grades K-4, who are fully virtual, must be set up using Blended Learning Groups and attendance must be taken at least twice a day. Performance-based courses CANNOT be used for grades K-4. Please see <u>704 KAR 3:535, Section 8, 2(a)(b)</u> Please see <u>704 KAR 3:305, Section 6</u>

J. Attendance Tracking for Attendance-based Full-Time Virtual Students and A8 Programs

Regulation	Description
704 KAR 3:535	Full-time enrolled, online, virtual, and remote learning programs

Districts may establish a full-time enrolled online, virtual, and remote learning program. 704 KAR 3:535 establishes an attendance-based, or seat-time, model for all grade levels.

Proper course setup for Attendance-based and Virtual and Performance-based is necessary to receive funding credit on SAAR. Districts should utilize the [Virtual Performance Base Data Standard](#) and the [Attendance-Based Course Setup](#) guidance document when creating the respective course types. Additionally, full-time virtual students with attendance-based courses should be placed in Blended Learning Groups for attendance tracking purposes. The [Attendance Tracking for Full-Time Virtual Students](#) guidance document will provide the steps for proper setup.

Students enrolled in attendance-based virtual courses must maintain a primary enrollment in an accountable school (A1). Districts may continue to offer online or virtual programming through an A5 alternative education program in conjunction with an accountable school (A1) using the academy model. Similarly, students in a district-operated A8 program must have a primary enrollment in an accountable school (A1), though they may hold a partial enrollment in the A8 program for workflow and reporting purposes.

The [QA Courses Report](#) in Infinite Campus is designed to identify courses with setup concerns and cues for addressing them. The Funding Gap Audit Report [Quick Reference Card](#) can assist districts in calculating attendance credit possible for students before completing the course.

The [Online/Virtual and Remote Learning Program Toolkit](#) is designed to assist district leaders with considerations and actionable steps to help create high-quality online learning experiences for students. It is recommended the toolkit be used as a collaborative exercise for program/district leaders to assist in the design or refinement of their program which will aid in matching the attendance tracking model with the program design. For more information on the toolkit and other resources, see the [Online/Virtual and Remote Learning Program Support page](#).

K. Student Entry and Exit Logs

Regulation	Description
702 KAR 7:125	Pupil Attendance

Each school must maintain a student entry and exit log that includes:

- Date,
- Student name,
- Grade/homeroom,
- Time of late arrival and reason,
- Time of early departure and reason,
- Parent or guardian signature for elementary sign-outs,
- Any other information required by local board of education policy, and
- Protection for student records (e.g. cover sheet).

School staff must ensure that the Entry and Exit Logs are consistently used to record late arrivals and early departures for students and are properly completed. Information on student attendance logs are confidential and should be treated as any other protected student record. Student Entry and Exit Logs and daily class absentee lists must be reviewed and compared against the Register Report for accuracy. The logs must be retained at the school building for a minimum of two years (current year and prior year). KDE staff will compare Entry and Exit logs to information posted in Infinite Campus during an Attendance Review. This is an area targeted for statewide improvement and will be checked carefully during the Attendance Review process.

*If a school district uses an electronic sign in and sign out log, they must be able to provide KDE reviewers with access to the information for verification purposes. The information entered into the electronic system must still include all data elements required by 702 KAR 7:125, as listed above. **For elementary school students, even if an identification system is in use, electronic signature must be obtained in real time and in person. Consult board policy to verify if electronic signatures are allowed in your district.**

*Full time virtual students will not have check-in/check-out logs to verify attendance in Infinite Campus. If students are attendance-based virtual, districts will be funded on the attendance data logged into IC by teachers and/or attendance clerks. Attendance Audits will not reconcile check-in/check-out logs for full-time attendance-based virtual students.

L. Enrollment of Foreign Exchange Students in Kentucky Schools

When enrolling a Foreign Exchange or international student, the school must follow the proper procedures to ensure that the student is not included in the KEES report. This is accomplished by checking the appropriate box in State Reporting Fields when enrolling the student. Foreign Exchange students are reported on the monthly attendance report and the data is included in SAAR and Growth Factor reports.

Federal VISA Program Information

M. Enrollment in Gatton Academy or Craft Academy

For detailed information about how the home high school should set up these students in Infinite Campus, please see [Infinite Campus for Craft and Gatton Residential Academies - Course Setup, Grading and Attendance](#) under “Other Procedural Documentation” on the [KSIS Data Standards web page](#). In 2026-2027, the Votruba Young Scholars Academy was created on the Northern Kentucky University campus.

House Bill 500 (2026) removed the home district’s ability to receive funding for Gatton/Craft/Votruba students through June 30, 2028. These students will not be included in the average daily attendance (ADA) of the students’ districts of residence for the purpose of calculating SEEK. The home district will need to create an enrollment to receive the testing/accountability for the student, but the home district cannot assign a passing grade to the performance-based course to claim ADA for Gatton, Craft or Votruba Academy students. Please note, HB 500 is the non-codified budget bill and the provisions only last through the biennial budget period (FY 26-28).

Basic setup for students is as follows:

Primary enrollment at the home high school

Schedule *Craft or Gatton Academy* course for the entire instructional day in all terms

Course settings: Performance-based, Non-attendance, Non-Transcript

State Code: 800500 *Difficulty Level:* Dual Credit *Teaching Method:* Dual Credit

N. Challenge Academy and Job Corps Withdrawal Guidelines

Challenge Academy

The Appalachian Challenge Academy and Bluegrass Challenge Academy are both federally funded and under the authority of military affairs. Per [KRS 36.042](#), these facilities must be classified as an A5-alternative education program under district number 880, Residential Youth At-Risk Programs. Therefore, the appropriate withdrawal status for a student enrolling in these academies is W22: A pupil who has transferred to another public Kentucky school district and for whom a request for student records has been received or enrollment has been substantiated.

Staff administering the Residential Youth At-Risk Programs must submit a request for records from the student's home district to ensure that the student is not considered a dropout in the home district.

Job Corps

Job Corps are federally funded programs and classified as an F2: federally funded job corps. Withdrawal scenarios are outlined below.

A student withdrawing to a job corps facility and not receiving educational services from a public school district is considered a dropout, use appropriate dropout withdrawal code.

A student withdrawing to Job Corps facility and receiving educational services must be withdrawn as W21: A pupil transferred to a non-public school (excluding home school). The appropriate re-entry code to use with W21 shall be R21.

If the district provides educational services to the students, the student should remain enrolled in the district and a withdrawal is not required.

O. Shortened School Day/Week for Exceptional Children

Statute and Regulation	Description
KRS 157.230	Special educational programs in school districts.
707 KAR 1:290	Free Appropriate Public Education
707 KAR 1:320	Individual Education Program (IEP)

Students with disabilities (i.e., Students with Individual Education Programs or IEPs) are expected to attend school for the entire school day and week. Accordingly, a district must generally refrain from shortening a student's school day unless the student's Admissions and Release Committee (ARC) determines that a shortened school day is necessary to provide the student with a Free Appropriate Public Education. Districts must maintain the student's educational records concerning the documented determination by the ARC that a student requires a shortened school day (SSD) and/or week (SSW). This means the school and/or district must retain the student's ARC Conference Summary and the student's IEP that specifies the length of the shortened day and/or week.

The shortened school day and/or week form for students with IEPs is available for download from the [Director of Special Education \(DoSE\) one-stop site](#).

A local board of education may approve an arrangement whereby a pupil (without an IEP) has a shortened school day in accordance with local board of education policy. Only the time a pupil is in attendance shall be included in calculating the district's Average Daily Attendance (ADA).

P. Homeless Children and Youth

Statute
42 USC CHAPTER 119, SUBCHAPTER VI, Part B: Education for Homeless Children and Youths

School Selection and Best Interest

Frequent school changes can cause educational disruption and additional stress for a student experiencing homelessness, often resulting in poor academic performance, learning loss, and increased drop out risk. To promote stability, school districts must, to the extent feasible, keep homeless students in their school of origin unless it is against the parent, guardian, or unaccompanied youth's wishes.

Under federal law, when a dispute arises about school selection or enrollment, the student must be immediately admitted to the school of choice while the dispute is being resolved. All decisions about school placement must be made on a case-by-case basis considering all variables. Students experiencing homelessness include those who lack a fixed, regular and adequate night-time residence, including students who are:

- Sharing housing due to loss of housing, economic hardship, or a similar reason;
- Living in motels, hotels, trailer parks, camping grounds due to a lack of alternative, adequate accommodation;
- Living in emergency & transitional shelters;
- Abandoned in hospitals; Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings;
- Living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations or similar situations; or
- Migratory children living in the above situations (42 U.S.C. § 11434a(2)).

The term unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian.

Students experiencing homelessness are eligible for transportation to their school of origin upon request by the parent or guardian, or by the district homeless liaison in the case of an unaccompanied youth. This right continues for the duration of the homelessness or until the end of the school year in which permanent housing is obtained. Transportation services must be comparable to those provided to other students.

According to the McKinney-Vento Act, students have the following school selection options:

- The school of origin, or
- The school that non-homeless students who live in the attendance area are eligible to attend.

When determining whether remaining in the school of origin is in the student's best interest, districts should consider factors such as:

1. The student's age,
2. Student safety ,
3. Academic and emotional needs,
4. Experiences at the school of origin,
5. Continuity of instruction,
6. Special needs of the family,
7. Length of stay in the shelter,
8. School that the student's siblings attend,
9. Likely location of the family's future permanent housing,
10. Time remaining in the school year, and
11. Distance of commute and the impact it may have on the student.

For additional information on school selection and best interest determination, access the [National Center for Homeless Education's \(NCHE\) School Selection and Best Interest website](#).

Enrollment

A school must immediately enroll students who are homeless, even if they do not have the required documents, such as school records, medical records, and proof of residency. The term "enroll" includes attending classes and participating fully in school. Enrolling schools must immediately contact any previous schools to obtain records. Students must be enrolled while records are being obtained. If the student does not have the required medical records such as immunizations, the liaison must immediately assist in obtaining them.

Q. No Pass/No Drive

Statutes and Regulations	Description
KRS 159.051	No Pass No Drive
601 KAR 13:070	Requirements for minor driver licensing applicant and compliance with KRS 159.051

Any fifteen (15), sixteen (16) or seventeen (17) year old student applying for the first time for a Learners Instruction Permit will be required to have a School Compliance Verification Form, issued and completed by the school. This form verifies that the student is compliant with the components of KRS 159.051. If the student is not compliant: the form should not be used. The form requires the stamp from an embossed seal (with raised characters) to be accepted by local court clerks.

The No Pass/No Drive statute results in the denial of the school compliance verification form or the revocation of a student's driver's license for:

- academic deficiency
- dropping out of school
- missing 9 or more unexcused absences in one semester

Academic deficiency is defined as a student who does not have passing grades in at least four (4) courses, or the equivalent, in the preceding semester, as outlined in KRS 159.051. Because districts utilize varying scheduling models, KDE provides the following recommended equivalency guidance to support local implementation. Local boards should ensure policy clearly defines how equivalency is applied within their adopted scheduling structure.

Recommended KDE Academic Deficiency Equivalency Guidance

Courses Per Semester	Number of Courses Student Would Need to Pass to be Compliant
4	3
5	4
6	4
7	5
8	6

A fifteen (15), sixteen (16) or seventeen (17) year old student is deemed to have dropped out of school when he/she has voluntarily withdrawn or has nine or more unexcused absences in the

preceding semester. Any absences due to suspension shall be unexcused absences.

KDE collaborated with the Kentucky Department of Transportation (DOT) to create a secure web portal to allow for electronic communication between schools and the Division of Driver Licensing by registered, authorized users. One person from each district has been selected by the Superintendent as the District Contact, with the ability to access information for each school in a district.

Additionally, each school containing at least one grade from the 7-12 grade range can have up to three (3) Authorized Users with access to the school's information. A registration process will register these individuals on the web portal and allow direct exchange of information between schools and DOT.

To register as an authorized user, visit the Kentucky.gov [New User Registration Portal](#). To report students as non-compliant or compliant, authorized users should access the No Pass/No Drive [Student Reporting Portal](#).

R. Dropout Data and Reporting

Regulation	Description
KRS 158.6455	Assessment and Accountability
KRS 159.010	Compulsory Attendance Age

Summer Dropouts

For summer dropouts, the student is a dropout for the grade and year for which he or she fails to return. This involves identifying students who completed school year 2024-25 but who did not return to school in 2025-26 prior to October 1, 2025.

Regular Dropouts

Regular dropouts are students who dropped out in the 2025-26 school year and did not re-enroll prior to October 1, 2026. Students must be reported as dropouts for the 2025-26 school year as of November 1, 2026, in the 2026-27 school year.

Dropout Reporting Location

The district will submit the location district and school numbers where the dropout occurred. In addition, the district can assign a reporting district and school for those students who should be tracked back to their home districts and schools based upon residency (includes dropouts from A2-A6 schools). In order to determine the reporting location of dropouts for the 2025-26 school year, a district should review students who were enrolled less than 30 instructional days during the 2025-26 school year and use the following guidelines to determine the reporting district and school.

State Reporting Location

For a student enrolled less than 30 instructional days in a district prior to dropping out, the district and school location number should be set to the enrollment district and school number at the time of dropout and the reporting district number set to the state code of 999. Leave the reporting school number blank.

District Reporting Location

For a student enrolled at least 30 instructional days in the district, but not 30 instructional days or more within any school in the district prior to dropping out, the district and school number should be set to the enrollment district and school number at the time of dropout and the reporting district number set to the district of withdrawal. Leave the reporting school number blank.

School Reporting Location

For a student enrolled at least 30 instructional days in a school prior to dropping out, both the location district and school number as well as the reporting district and assigned school number are set to the enrollment district and school number at time of dropout.

Cohort Graduation Rate

Clarification regarding Dropouts Cohort graduation data uses the first time Grade 9 enrollment to determine the cohort year and the last enrollment status, which confirms whether the student is on-time, not on-time or a verified transfer (removed from cohort for calculation). If the last enrollment end status is a dropout, that student is classified as not on time and counted in the denominator (total students in cohort) for the cohort calculation, and not in the numerator (total students who graduate on time for that cohort group with a regular high school diploma). It is important to note that a student's last end status does not have a 30 day rule for cohort accountability. The dropouts reported in the State Dropout Report submitted in the fall have a 30 day rule. Cohort accountability is determined by the school with the last enrollment, regardless to the number of days enrolled.

More information is available via the KDE Web site: [Graduation Rate](#) Assistance with whether a student should count as a dropout is available by using the [Dropout Determination Guide](#).

Assistance with accountability for dropouts is available by using the [Dropout Accountability Tool](#). Assistance with Cohort information (including accountability) is available by using the [Cohort Tool](#).

Retention Data and Reporting

Student retention data validation is due November 1st annually. Retention reporting includes students with a **primary** enrollment retained in **grades 4-12**. The *Retention Report*, including validation report, is in Infinite Campus (IC) via KY State Reporting. The report will include students whose first enrollment in the current year (2026-2027) is assigned to the same state grade as their most recent enrollment in the previous school year (2025-2026) in the same district. The student's most recent enrollment in the previous school year (2025-2026) must have an End Status of R: Retain for inclusion in reporting. A retained student must be enrolled on the last instructional day of the 2025-2026 school year to be included in the retention report for the current year. Reference the [Retention Procedure Guidance](#) for additional information.

Retention data reported publicly on the School Report Card. Questions concerning student retention can be directed to:

SECTION 3: SAAR AND GROWTH FACTOR

A. Superintendent's Annual Attendance Report (SAAR)

Statute and Regulation	Description
KRS 157.320	Weather Related Low Attendance Days (up to 10)
KRS 157.320	Low Attendance Days (5)
KRS 157.360	Base funding level; adjustment; enforcement of maximum class sizes; allotment of program funds
KRS 159.140	Duties of director of pupil personnel
702 KAR 7:125	Pupil Attendance

The SAAR shall be electronically submitted to KDE prior to June 30 (see instructions below). SAAR submission link to the SAAR Manual will be found at [SAAR Home Page](#).

Verify all of the data compiled for the SAAR report carefully. Entry/Withdrawal codes should balance. For example: R1/W1; R2/W2. The SAAR contains the following information:

SAAR Sections	SAAR Sections
School Calendar Summary	Over and Underage Students
Aggregate Days Attendance Absence	Nonresident, Non-Contract Students
Entries/Re-Entries/Withdrawals	Low Attendance Days (five)
Race and Gender Breakdown	Weather- Related Low Attendance days (1-10)
VHS/Performance Based Proficient	Eligible Suspensions, Eligible Expulsions

The SAAR provides year-end attendance information for the district that is used to calculate the district's enrollment, membership, Average Daily Membership (ADM) and Average Daily Attendance (ADA). This information is reported by school, grade and transportation code.

Information from this report is used in the calculation of the district's adjusted average daily attendance (AADA). A summary of the SAAR report for each school district may be viewed or downloaded from the KDE Web site: [SAAR Application](#).

B. SEEK Adjustments

a. Low Attendance Days (Adjustment on SEEK)

The aggregate day's attendance for the five lowest attendance days districtwide when all schools are in session is submitted to the KDE as an adjustment on the SAAR. This information is used to reduce both the total aggregate days of attendance and the number of days taught prior to the calculation of the district's ADA.

b. Weather-Related Low Attendance Days (Adjustment on SEEK)

After the five lowest attendance days have been deducted, the district may request an adjustment for up to ten (10) additional days when all schools were in session and attendance was low districtwide due to weather-related conditions. Submission of the information on the SAAR is considered the district request for consideration. The district ADA on these dates must be lower than the prior-year ADA in order to be submitted and considered. The aggregate attendance for each day is deducted and replaced with the prior year ADA before calculating the district ADA. The district must keep documentation in the central office showing that attendance on the specified dates was low due to weather-related conditions.

c. Non-Traditional Instructional Days (Adjustment on SEEK)

Non-traditional instructional days (N- days) may be taken by school districts who are approved by the Kentucky Department of Education. Each Non-Traditional Instructional Day that is taken should be marked **N: Non-Traditional Instruction** in the Days tab as they occur. The district must keep documentation in the central office showing that attendance on the specified dates was part of their approved state application.

d. Full Day Funding – Kindergarten (Adjustment on SEEK)

Full day funding is provided for the 2025-26 school year payments. KDE does not yet know if full day kindergarten will be funded in the future.

e. [Partial Day \(Adjustment on SEEK\)](#)

Statutes and Regulation	Description
<u>KRS 158.060</u>	Partial Days
<u>702 KAR 7:125</u>	Pupil Attendance

A student who has an approved (IEP) instructional day shorter than the regularly scheduled school day has a *Partial day*. Note: To receive full funding, click the waiver box from the enrollment tab. In addition, a local board of education arrangement in which a pupil pursues part of his or her education under the direction and control of one public school and part of his or her education under the direction and control of another public or non-public school has a *partial day* at each school. [KSIS Data Standard Partial Day](#)

Students who attend a public school for only part of the day are entered in the SIS in the “Partial Day” attendance group. Each of the students is given a day pattern that reflects his/her actual day. Every student, regardless of the day pattern, represents an aggregate of one for each instructional day. An adjustment is necessary to reflect the portion of the day the student was actually in attendance. That aggregate amount of time the student is not in attendance is adjusted out of the Growth Factor Report and SAAR. School districts should not use local codes for a student who has a partial day.

f. [Suspensions and Expulsions \(Adjustment on SEEK\)](#)

Statutes and Regulation	Description
<u>KRS 157.320</u>	Total days students are suspended or expelled
<u>KRS 158.150</u>	Suspension or expulsion of pupils
<u>702 KAR 7:125</u>	Pupil Attendance

g. [Suspensions \(Adjustment\)](#)

Per 702 KAR 7:125, suspensions are coded on the Record of Daily Attendance with an S: Suspended and are considered unexcused absences.

School districts may receive funding for up to 10 days for a child who has been suspended. For example, if a student was suspended a total of three days during the school year, three days are eligible for funding. If a student was suspended a total of 14 days during the school year, 10 days are eligible for funding.

The aggregate days suspended, and eligible days suspended are submitted to the KDE. The

information is used to adjust the total aggregate days attendance submitted on the SAAR prior to calculating the district's ADA.

h. Expulsions (Adjustment)

Expelled students must be properly documented for the district to receive funding. The funding will be based on the start and end date of the expulsion in the student's behavior record. The local school district may receive funding for up to one year or 175 days for a student that is expelled.

The aggregate days of attendance and absence during the expulsion period are submitted to the KDE. This information is used to adjust the total aggregate days attendance submitted on the SAAR prior to the calculation of the districts ADA.

i. Overage and Underage Students (Adjustment on SEEK)

Statutes,	Description
KRS 158.030	Governs minimum age requirements for public school enrollment and allows districts to adopt a policy for underage admissions through petition and evaluation
KRS 158.031	Primary school program
KRS 158.100	Programs required to be provided by school district
702 KAR 7:125	Pupil Attendance
OAG 82-44 - Exception	Underage Students
KRS 158.305	Governs kindergarten and first-grade retention requirements and limitations, including additional-year placement and age-related progression requirements

j. Early Admission for Kindergarten

Early or Accelerated Primary Students

Per [KRS 158.030\(2\)](#), “Any child who is five (5) years of age, or who may become five (5) years of age by August 1, may enter a primary school program, as defined in [KRS 158.031](#), and may advance through the primary program without regard to age in accordance with KRS 158.031(6).”

In cases where a student wishes to enter kindergarten early, KRS 158.030(3) provides that “[e]ach local school board shall adopt a policy to permit a parent or guardian to petition the board to allow a student to attend public school who does not meet the age requirement [...] The policy shall include an evaluation process that will help determine a student's readiness for school.”

In determining eligibility, [702 KAR 7:125 Section 6\(3\)\(a\)](#) requires the local board of education to determine eligibility for enrollment after “academic, social, and development progress records from multiple data sources are reviewed.” Decisions related to early or accelerated placement are detailed under 702 KAR 7:125 and [704 KAR 3:440](#). Additional information can also be found under the Kentucky Department of Education [primary program webpage](#).

Underage students who are enrolled based on board policy should be treated the same way as students who meet the minimum age requirement for kindergarten. [KSIS Data Standard Enrollment](#)

Underage students previously enrolled in a public school in a state that allows enrollment at an age younger than Kentucky shall be enrolled in that grade level in Kentucky, and their aggregate days of attendance will not be adjusted from ADA. *(Please note that Kentucky law does not apply to students who may be entering Kindergarten from another country. It applies only to students entering from another state.)*

k. [Accelerated Placement](#)

Per KRS 158.031(6), “A school district may advance a student through the primary program when it is determined that it is in the best educational interest of the student. It is under the discretion of the local school board to develop policies for determining accelerated or early placement into the primary program.”

l. SEEK funding

m. Nonresident

Statutes and Regulation	Description
KRS 157.350(4)	Nonresident students must be admitted pursuant to district nonresident pupil policies adopted under KRS 158.120 or attend a district in which a parent of the student is employed.
KRS 158.120	Nonresident pupils; tuition
702 KAR 7:125	Pupil Attendance
KRS 156.070	General powers and duties of state board

Per KRS 157.350(4)(b), nonresident pupils admitted pursuant to district nonresident pupil policies adopted under KRS 158.120 may be included in average daily attendance (ADA) for SEEK eligibility without a written agreement with the pupils' resident districts.

The adopted nonresident policy and any amendments to the policy are to be submitted to the Kentucky Department of Education (KDE) no later than (30) thirty days after their adoption to the Office of Finance and Operations, Division of District Support Services.

KDE guidance can be found [here](#).

The statutes, [KRS 157.350](#), [158.120](#), [156.070](#), specify the way local boards of education shall adopt a nonresident pupil policy under which the district shall allow enrollment of non-resident pupils and the funding associated therewith.

The Nonresident Student report aggregates the number of nonresident students attending each district and aggregates the number of nonresident students leaving each district. The most recent report can be found [here](#).

n. Nonresident Pupil Policy

KRS 158.120(1) states: “A board of education shall adopt a nonresident pupil policy to govern the terms under which the district shall allow enrollment of nonresident pupils. Upon allowing nonresident pupil enrollment, the policy shall allow nonresident children to be eligible to enroll in any public school located within the district. The policy shall not discriminate between nonresident pupils, but may recognize enrollment capacity, as determined by the local school district. The nonresident pupil policy and any subsequent changes adopted by a board of education shall be filed with the Kentucky Department of Education no later than thirty (30) days following their adoption.”

o. SEEK Funding for Children of District Employees

Statute and Regulation	Description
KRS 157.350 (4)(c)	Allows a student who attends school in a district in which the parent of the pupil is employed to be counted in the district's Average Daily Attendance (ADA) for SEEK funding.

In accordance with [KRS 157.350](#)4(c), states: “A nonresident pupil who attends a district in which a parent of the pupil is employed. All tuition fees required of a nonresident pupil may be waived for a pupil who meets the requirements of this paragraph.”

This is not an adjustment on SEEK. The law simply allows districts to receive SEEK funding for Children of District Employees (CDE) who may live in another Kentucky school district to attend the school where their parent or guardian is employed. The following definitions and guidelines must be met for a student to be counted as a CDE student and flagged:

*All children of school district employees (CDE) attending school where their parent or guardian works are counted for SAAR as resident students. They should not be included in the nonresident counts. [KRS 157.350 \(4\)\(c\)](#).

*All children, even those of school district employees (CDE), who reside out of state but attend school in Kentucky (where their parent or guardian works) are **not** counted in average daily attendance for SAAR.

Questions about Children of District Employees (CDE) may be directed to:

Laura Loman

p. [Home and Hospital Program \(Adjustment on SEEK\)](#)

Statute and Regulation	Description
KRS 157.360	Base funding level adjustment; adjustment; enforcement of maximum class
KRS 158.033	Instruction in student's home or hospital
KRS 159.030	Exemptions from compulsory attendance
702 KAR 7:150	Home/Hospital Instruction
KRS 158.033	Instruction in student's home or hospital -- Student may receive home or hospital instruction effective on day of admittance

The local district board of education shall exempt from compulsory attendance any student whose physical or mental condition prevents or renders inadvisable attendance at school. Prior to granting the exemption, the local board of education in which the student resides shall require a signed statement in accordance with [KRS 159.030\(2\)](#) and [702 KAR 7:150](#). A child found to be incapable of attending school, as described above, shall be provided home/hospital instruction.

In accordance with [KRS 158.033\(1\)](#), "If in any district there are students not able even with the help of transportation to be assembled in a school, instruction shall be provided to the student in the student's home or in a hospital."

Under [702 KAR 7:150](#), eligibility for home/hospital is determined differently for Individualized Education Program (IEP) students and general education students.

Individualized Education Program (IEP) Students

In accordance with [707 KAR 1:350](#), placement decisions for students with disabilities are made by the admissions and release committee (ARC) in conformity with the least restrictive environment provisions. Statements from physicians or qualified mental health professionals may be used as evidence when making placement determinations but are not binding on the ARC. ARC decisions regarding home/hospital instruction for students are individualized and based on student needs. The ARC chairperson shall provide written notice of this eligibility and documentation to the local director of pupil personnel for purposes of program enrollment as provided in [702 KAR 7:150, Section 1\(6\)](#).

IMPORTANT - Issues related to IEP students implicate state law, as well as federal, Individuals with Disabilities Education Act (IDEA) protections.

Any questions concerning home/hospital services for IEP students should be directed to:

Office of Special Education and Early Learning
Division of IDEA Implementation and Programs (DIIP)
300 Sower Building
Frankfort, KY 40601
Phone: (502) 564-4970

General Education Students

The Home/Hospital Review Committee shall accept and review applications to determine general education student eligibility for home/hospital services. This committee shall consist of a local director of pupil personnel, a home/hospital teacher or home instruction program director, medical or mental health personnel, and other professionals relevant to the application being reviewed.

[KRS 158.033\(4\)](#), states: “For the purposes of KRS 157.360, a student instructed under this section who receives a minimum of two (2) instructional sessions a week with a minimum of one (1) hour of instruction per session by a certified teacher provided by the board of education shall equal the student attending five (5) days in school.”

[702 KAR 7:150](#) Section 1(4), home or hospital instruction shall be used only for a student for whom there is an expectation of an inability to attend regular school for more than five (5) consecutive school days.

During the 2025 legislative session, the General Assembly passed [HB 132](#) amending KRS 158.033 to provide that “[f]or a student admitted to an inpatient facility, the student may receive home or hospital instruction effective on the day of admittance.” Therefore, the requirement in 702 KAR 7:150 Section 1(4), which provides that “home or hospital instruction shall be used only for a student for whom there is an expectation of an inability to attend regular school for more than five (5) consecutive school days,” will not apply to students in an inpatient facility. HB 132 also provides that the local board of education is still required to comply with the documentation requirements of KRS 159.030(2)(a), which requires a signed statement to be submitted to the local board of education from the student’s medical or mental health provider as specified in KRS 159.030(2)(a).

HB 132 did not change how districts receive funding for home or hospital instruction provided to students in an inpatient facility. **KRS 158.033 still provides that a student must receive a minimum of two instructional sessions a week with a minimum of one hour of instruction per session by a certified teacher to equal the student attending five days in school.** Districts should continue to follow home or hospital attendance tracking form for attendance tracking and funding listed below.

Districts are required pursuant to [KRS 159.030\(2\)\(a\)](#) to obtain a signed statement from a medical provider before approving a student for home or hospital instruction. KRS 159.030(2)(a) lists the following medical providers: “a properly licensed physician, advanced practice registered nurse, physician's assistant, psychologist, psychiatrist, or qualified mental health professional as defined in KRS 202A.011 responsible for diagnosing and treating the child, stating that the diagnosed condition of the child prevents or renders inadvisable attendance at school and requires home or hospital instruction. If the condition is mental health related, then the signed statement shall be completed by a qualified mental health professional as defined in KRS 202A.011.”

Districts should not withdraw students undergoing medical treatment outside the district, rather the district is responsible for the provision of services. Services may be provided through the provision of direct services or contracting for services. Either way, the district shall receive SEEK

funding for the students receiving home/hospital services.

IMPORTANT –When a student is in a hospital (even for an extended period of time), the child’s residency remains in his/her home district. The only time a student in the hospital should be withdrawn from his/her home district would be if another Kentucky district were enrolling the student and providing the home/hospital services. In this case, the student would be a nonresident student.

q. [Attendance and Funding](#)

Satisfaction of the minimum two (2) one-hour visits by the home instruction teacher each week is the equivalent to five days of school attendance (i.e., ADA). Students receiving home/hospital instruction may participate in additional virtual or online courses as part of their educational program. Non-Traditional Days cannot be counted for a one (1) hour teacher visit.

Daily instructional time provided by teachers is to be recorded on the Home Hospital form.. The required form may be downloaded from the KDE website: [Home Hospital Program Form](#).

The “Application for Home/Hospital Instruction” can be found [here](#).

Home and hospital students are funded an additional amount equal to the guaranteed base funding level less capital outlay (\$100). The home and hospital add-on for the SEEK funding formula is calculated from the end-of-year Home Hospital ADA reported on the SAAR. School districts must comply with all applicable statutes and regulations governing operation of a home and hospital program.

Please note that the Home Hospital form is not submitted to KDE. Forms must be maintained by the DPP and will be reviewed during on-site attendance reviews at the school district office.

- Overage and underage students.

All information is reported by school, grade level and transportation code. The Growth Factor report is due to KDE ten (10) days after the last day of the second month but no later than November 1 of each school year.

Growth Factor is measured from year-to-year. The report will reflect full kindergarten from the previous year to the current. Growth Factor will be submitted through the new SAAR Application. The link can be found at [SAAR Application](#).

The percent of growth is multiplied by the previous school year's end-of-year ADA to determine the additional ADA funding a district will receive. If a district does not incur any growth or shows a loss in ADA, there is no deduction of program funding to the district. At this time,

Additional information on Growth Factor can be found at the following link: [Growth Factor Home Page](#).

D. January Growth Factor

In addition to the second month Growth Factor adjustment, [KRS 157.360\(16\)](#) allows a district to request an additional adjustment in funding based on mid-year growth. KRS 157.360(16) states: “During a fiscal year, a school district may request that the Department of Education recalculate its funds allocated under this section if the current year average daily attendance for the twenty (20) day school month as defined in KRS 158.060(2) that contains the most days within the calendar month of January exceeds the prior year adjusted average daily attendance plus growth by at least one percent (1%). Any adjustments in the allotments approved under this subsection shall be proportional to the remaining days in the school year and subject to available funds under the program to support education excellence in Kentucky.”

The January mid-year growth report is optional and dependent upon if funding is available. KDE will notify districts if funding is not available. Districts should review their monthly SAAR data for trends.

If a district does not incur any growth or shows a loss in ADA, there is no deduction of program funding to the district. All information is reported by school, grade level and transportation code.

The January Growth Factor report includes the following information for the school month chosen with the most attendance days in January of the current school year:

- i. Aggregate days attendance and absence;
- ii. Race and gender count;
- iii. Adjustments for less than full-time attendance (Partial Day);
- iv. Nonresident students; and
- v. Overage and underage students.

The January Growth Factor is due to KDE by February 20, however, KDE requests that districts submit the January Growth Factor as soon as possible.

Please note: Submission of the January Growth Report is optional.

District Calendars must be up-to-date in the student information system. January Growth Factor will be dependent on the availability of funding.

District will submit a SAAR report to KDE with the records 5, 7, 9 and H attendance data.

The same data cleanup rules apply as with a SAAR or a 2nd month Growth Factor submission.

For more information about January Growth Factor, please visit the following Web site: [Growth Factor Home Page](#).

Per [KRS 157.370\(3\)](#), there is an adjustment in transportation funding for current-year increases in transported students. The number of transported students (T1s + T5s) for the first two months of the current year is compared to the number of transported students (T1s + T5s) reported on the previous school year's Growth Factor Report. The percent of increase is multiplied by the tentative transportation calculation to determine the amount of transportation funding increase for a district. A district that shows a loss or no increase in T1s and T5s will not incur a reduction in funding.

Minimum School Term

Traditional

The minimum school term shall be one hundred eighty-five (185) days, including at least 1,062 instructional hours in no less than 170 student attendance days. A board of education may extend its term beyond the minimum term.

Student Instructional Year -Traditional

"Student instructional year" means at least one thousand sixty-two (1,062) hours of instructional time for students delivered on not less than one hundred seventy (170) student attendance days. Schools may be in session more than 170 days, but the combination of shortened days and regular student instructional days must add up to at least 170. School days can be no longer than 420 minutes.

Variable School Calendar

[KRS 158.070\(1\)\(h\)](#) states: “‘Variable student instructional year’ means at least one thousand sixty-two (1,062) hours of instructional time delivered on the number of student attendance days adopted by a local board of education which shall be considered proportionally equivalent to one hundred seventy (170) student attendance days and calendar days for the purposes of a student instructional year, employment contracts that are based on the school term, service credit under [KRS 161.500](#) and funding under [KRS.157.350](#).”

[KRS 158.070\(2\)\(f\)](#) states: “A local school board of education that adopts a school calendar with the first student attendance day in the school term starting no earlier than the Monday closest to August 26 may use a variable student instructional year. Districts may set the length of individual student attendance days in a variable student instructional schedule, but no student attendance day shall contain more than seven (7) hours of instructional time unless the district submitted and received approval from the commissioner of education for an innovative alternative calendar.”

Nontraditional Instructional (NTI) Days

NTI Calendar Days

These days may be taken by school districts who are approved by the Commissioner of Education to participate in the NTI Program. Each NTI Day that is used must be marked as a Day Event, N: Non-Traditional Instruction in the school calendars. Approved districts are granted an equivalent of ten (10) student attendance days in which the entire district is closed for health or safety reasons.

NTI Participation

NTI day, reason, student and teacher participation rates must be documented within IC via System Administration | Resources | District | NTI Data Collection tab. Reference the [Nontraditional Instruction Data Standard](#) for data entry and reporting requirements.

When SAAR is submitted, the submission program will automatically process these days. ADA will still be added as aggregate days present with the Transportation Code N for each day claimed on the SAAR.

Additional information can be found on KDE’s [Nontraditional Instruction website](#). Questions concerning NTI data collection and reporting can be directed to:

Required School Closure for Regional or District Professional Meetings

[KRS 158.070\(5\)\(a\)](#) refers to the Commissioner designating one additional day during the school year when schools may be closed to permit professional school employees to participate in regional or district professional meetings. In past years, the commissioner has not designated a specific date for the regional or district KEA meetings. Due to the calendar variations across the state, it is not possible for the Commissioner to designate one specific meeting date that would work for all districts.

Required School Closure for Election Days

[KRS 158.070\(5\)\(b\)](#) states: “If any school in a district is used as a voting place pursuant to [KRS 117.065](#), the school district may be closed on the days of the election, and those days may be used for professional development activities, professional meetings, or parent-teacher conferences.”

[KRS 2.190](#) states: “The Tuesday after the first Monday in November in presidential election years shall be a state holiday on which all state offices, all schools and all state universities and colleges shall be closed. Any employee who is required to work on said state holiday shall receive compensatory pay or time off.”

Please reference the Kentucky Board of Elections Calendar to verify election days: [Board of Elections Calendar](#).

Passing Time

A school may use passing time either before or after lunch, but not both. Original school calendars must show passing time correctly on the master bell schedule. Anything beyond five (5) minutes of passing time must be marked as non-instructional. For example, if seven (7) minutes of passing time is in the master schedule, then two (2) minutes would be marked as non-instructional.

Minimum School Term for Teachers

[KRS 157.350\(1\)](#) provides that all districts must employ and compensate all teachers for not less than one hundred eighty-five (185) days.

Variable School Instructional Year (VSIY)

If a school district elects to utilize a VSIY, school district employees with contracts based on the school term will receive credit for 170 days toward the total number of days required by their contracts when the school district completes 1,062 hours of instructional time. Employees with contracts based on the school term will be required to complete any additional contract days above the 170 days achieved using the VSIY. For example, if a teacher is contracted to work 185

days, 170 of the 185 days will be satisfied for contract purposes when the district completes 1,062 hours of instructional time, regardless of the actual days of instruction.

However, the teacher must complete the remaining 15 contract days on a day-for-day basis as required by school district policies.

Electronic Calendar Submission

School calendar information is submitted electronically to KDE. Each weekday in the calendar must be designated as a Day Event Type (opening, closing, holiday, professional development, planning, regular, makeup, break or other). A Day Event Type must be listed from Monday through Friday. Weekdays should not be omitted from the calendar.

Calendar files are submitted through the Web-based Kentucky School Calendar Application [Calendar File Submission](#).

B. Guidelines for Developing the Original School Calendar and Day Event Codes

The Original School Calendar is a plan for the next school year. KDE approves this plan to ensure that all of the required elements are in place.

Original School Calendar Development Process

School districts must go through the following steps while planning the Original School Calendar:

1. Upon the recommendation of the superintendent, the local board of education annually appoints individuals to the school calendar committee. The committee makeup is found in [KRS 158.070\(1\)\(d\)](#).
2. This committee must review, develop, and recommend school calendar options for the superintendent to present to the local board.
3. A local board may adopt a variable instructional school year calendar with the first student instructional day starting no earlier than the Monday closest to August 26, but student days can be no longer than 420 minutes. The school year shall still meet the 1,062 student instructional hour requirement.
4. If a school district wants flexibility to have a school day longer than 420 minutes, the local board must ask the Commissioner for approval.

Type	Description
Break Days (K)	Indicate extended days out of school such as fall break, winter break and spring break with a "K."
Holidays (H)	Indicate dates that have been designated holidays in accordance with KRS 158.070(3)(c) with an "H." A maximum of four days of the minimum school term may be designated as holidays. If the local board of education does not dismiss school for permissible holidays, the number of days of actual classroom instruction must be increased accordingly. Dates designated as holidays in the calendar should be reflected on actual holiday dates.

Opening (O) Day Closing (C) Day	Indicate opening and closing dates (activity planning) with "O" and "C" respectively. Opening day occurs prior to the first instructional day, and closing day occurs after completion of the instructional term. The number of professional development days, opening and closing days and holidays in the minimum 185-day school term are as follows: <table><tr><td data-bbox="537 449 883 485">Professional Development</td><td data-bbox="922 449 1224 485">KRS 158.070(3) and (5)</td></tr><tr><td data-bbox="537 485 756 520">Opening/Closing</td><td data-bbox="922 485 1170 520">KRS 158.070(2)(d)</td></tr><tr><td data-bbox="537 533 656 569">Holidays</td><td data-bbox="922 533 1166 569">KRS 158.070(3)(c)</td></tr></table>	Professional Development	KRS 158.070(3) and (5)	Opening/Closing	KRS 158.070(2)(d)	Holidays	KRS 158.070(3)(c)

Type	Description
Make-Up Days (U)	Make-up days should be reflected only in the district's original school calendar. Indicate dates that have been designated for the makeup of instructional time missed due to emergency in accordance with 702 KAR 7:125 with a "U." The number of days indicated must be equal to the greatest number of days missed over the past five years. Each instructional day repeated on the school calendar must reflect the instructional minutes being provided on that day per 702 KAR 7:125.
Planning Days (G)	Additional teacher working days used for the purposes of planning and parent/teacher conferences are optional and should be designated with a "G."
Professional Day (P)	Indicate dates that have been designated for professional development (PD) with a "P." A minimum of four PD days are required.

Note: The school district must verify that they used the required Original calendar committee process by indicating yes or no on the screen prior to submitting any calendar data.

Note: School districts must review the number of weather days missed over the last five (5) years and include the highest number of weather days missed in their Original calendars.

C. Amended Calendar and Day Event Codes

The Amended Calendar is changed to show what actually happened during the school year and is approved by KDE to ensure that all requirements were met. School districts should plan appropriately so that amended calendars are approved by local boards of education in time to be submitted to the KDE prior to June 30. Amended calendars **MUST** be submitted even if the district did not use any weather days. All unused make-up days must be removed from the calendar prior to submitting it for approval.

Type	Description
Emergency Hours	A school district or a school within a school district may use a total of five (5) hours during the school year for days shortened due to an emergency. Emergency hours are applied by KDE during the amended calendar approval process. These hours do not have to be made up.
District Wide Emergency Day Waiver (D)	District-wide emergency day waivers, which must be approved by the commissioner in accordance with KRS 158.070 and 702 KAR 7:140, should be designated with a “D” on the Amended School Calendar. District wide waivers are granted only if a school district has missed and made up 20 instructional days.
School Emergency Day Waiver (D)	School emergency day waivers, which must be approved by the commissioner in accordance with KRS 158.070 and 702 KAR 7:140, are designated with a “D” on the Amended School Calendar.
Nontraditional Instruction Days (N)	Nontraditional instructional days must be reflected as nontraditional instruction days (N) on the Amended School Calendar as they occur. Normal attendance on these days would not be reflected on the attendance reports, including the SAAR. An <i>Adjustment</i> will be made when the SAAR is processed. No attendance will be reflected, and the prior year ADA will be used as an adjustment to the SAAR.

Teacher Equivalency Days (E)	A district may need to use Teacher Equivalency Days in order to fulfill the required number of contract days. KRS 158.070(11) allows additional instructional time in excess of the state and local requirements to fulfill the 185-day contract requirement under KRS 157.350 as well as the calculation of service credit for certified staff under KRS 161.500 in exchange for <i>days missed due to emergency</i> if all state and local requirements have been met. State requirements for classified staff time are also covered in this statute.
Weather Days (W)	Days missed due to weather must be reflected as Weather Days (W) on the amended school calendar. If no makeup days are used, these days must be removed from the Amended School Calendar prior to submission.
Closed Due to Illness (I)	Districts are to use the calendar code “I-Closed Due to Illness” for any school closing related to flu or other illness. The length of time schools should be dismissed will vary depending on the reason for dismissal as well as the severity and extent of illness.

KDE guidance on Amended Calendar submission, please refer to the following: [Amended Calendar](#).

Instructions for Submitting Original and Amended School Calendars

School Emergency Day Waiver

A local board of education may request an emergency day waiver if one (1) school, or part of the district, is forced to miss school on a particular student attendance day due to an emergency. **The request shall be submitted to the Commissioner via email or by mailing a hard-copy.** A copy of the local board order shall accompany this request. An approved emergency day waiver

Per the requirements in [505 KAR 1:080](#), a Kentucky Educational Collaborative for State Agency Children (KECSAC) facility in which all students enrolled are KECSAC students (strictly A6 facility) can choose to have a separate school calendar that includes the extended days (210-day calendar).

Facilities in which there are district placed and KECSAC students enrolled (blended A6 facility) can choose to add the extended days as a summer calendar. The regular year calendar should have the same end date as the other schools in the district.

SECTION 5: DIRECTOR OF PUPIL PERSONNEL RESPONSIBILITIES

The Director of Pupil Personnel (DPP) position is of great importance in Kentucky public schools. Recognizing the importance of this position, the Kentucky General Assembly has been specific in [KRS 159.080](#), [KRS 159.130](#), and [KRS 159.140](#) about the DPPs job description and role. The information outlined in the statute is very helpful when clarifying selection, location, administration, powers and duties for the position. DPPs have the primary responsibility in the school district for enforcing truancy laws.

A. Selection, Location, Administration of the DPP Position – KRS 159.080

[KRS 159.080](#) Each superintendent of a local school district shall appoint a director of pupil personnel and assistants as are deemed necessary. Salaries of directors and assistants shall be fixed by the board of education.

B. Powers of the DPP – KRS 159.130

DPPs and their assistants are vested with the powers of peace officers. No one can refuse to permit or interfere with the entrance of a DPP or assistant during an investigation. DPPs cannot serve warrants.

- A DPP may investigate in the district any cases of non-attendance of any child of compulsory school age or suspected of being of compulsory school age.
- A DPP may take legal action as directed by the superintendent.
- A DPP may institute proceedings against any person violating any provisions of the laws relating to compulsory attendance and the employment of children.
- A DPP may enter all places where children are employed and do whatever is necessary to enforce the laws regarding compulsory attendance and employment of children.

C. Duties of the DPP - KRS 159.140

- Devote all of their time to the duties of the office (unless the superintendent waives this requirement and reports this action to the Commissioner).
- Enforce compulsory attendance and census laws in their attendance district.
- Acquaint each school with the home conditions of the habitual truant (reported as truant two or more times) and the home with the work and advantages of the school.
- Ascertain the causes of irregular attendance and truancy through documented contact with the custodian of the student and seek to eliminate the causes.
- Secure the enrollment in school of all students who should be enrolled and keep all enrolled students in reasonably regular attendance.

- Attempt to visit the homes of students who are reported to be in need of books, clothing or parental care.
- Provide for the interviewing of students and parents of students who quit school to determine the reasons for the decision.
- Report to the superintendent in the district in which the students resides the number and cost of books and school supplies needed by a student whose parent, guardian or custodian does not have sufficient income to furnish the student with the necessary books and school supplies.
- Keep records and make reports as required by law and regulation, as well as by the superintendent and board policy.
- Document the home conditions of the students and the intervention strategies attempted in any action brought to enforce compulsory attendance laws.

KRS 159.140(3) states: “In any action brought to enforce compulsory attendance laws, the director of pupil personnel or an assistant shall document the home conditions of the student and the intervention strategies attempted and: (a) For a minor in kindergarten to grade five (5) whose parent or guardian is in violation of the provisions of KRS 159.010(1)(a) by allowing the child to be absent without excuse for fifteen (15) or more days during a school year, shall report the matter to the county attorney for determination of appropriate court intervention, if any; and (b) For a minor in grade six (6) through twelve (12) who is a habitual truant as defined in KRS 600.020 and has been absent without excuse for fifteen (15) or more days during a school year, shall report the matter to the county attorney for a determination of appropriate court intervention and, if a complaint is filed with the court-designated worker, proceed under KRS 610.030(6).”

Note: KDE recommends that school district Directors of Pupil Personnel (DPP) provide or arrange for training and supervision of school attendance clerks in relation to their KSIS responsibilities, for the purpose of ensuring high quality student attendance data for the school district. The DPP should have administrative access to all student information in Infinite Campus and should have input into decisions regarding the User Rights that attendance clerks and other school district personnel may have in Infinite Campus.

SECTION 6: ATTENDANCE REVIEWS

The purpose of an attendance review is to ensure district alignment with current statutes and regulations that relate to attendance funding. The attendance review may be conducted by KDE on selected districts after the first two full school months (a school month = 20 school days), after the annual submission of Growth Factor. School districts are encouraged to conduct regular, monthly self-reviews to ensure attendance procedures are in accordance with applicable statutes and regulations. Good communication between the central office and individual schools provides the opportunity to address specific issues at the school level as they occur.

Attendance reviews are conducted in districts on a five-year rotating schedule. Please contact your regional consultant if you have questions regarding the timing of your attendance review.

KDE field staff consultants will schedule attendance reviews with the Director of Pupil Personnel (DPP) to review attendance data at both the school and district levels. Current and prior year information should be available to KDE for review upon request. An updated attendance review program form for each school year, detailing the information and documentation that KDE will review in schools and districts, is posted at the following KDE Web link: [Attendance Documents](#). Districts may use this form to prepare for the attendance review, and to work with their schools on a routine basis. You can review the regional map here: [Regional Map](#).

The Ad Hoc reports that KDE uses to conduct the attendance reviews are in Infinite Campus, located here: ***Path: Ad Hoc Reporting> Filter Designer> State Published or Ad Hoc Reporting> Data Export> State Published***. (If you are a DPP and do not have access to this folder, you need to have your system administrator copy the reports to a folder to which you have access.)
