

Nonresident Students

DEFINITION OF LEGAL RESIDENCE

Residence is established by where the student normally resides. If this is other than the residence of the legal guardian other documentation may be required.

In-district, nonresident students are those who reside within the boundaries of one elementary school zone and send students to another elementary school.

APPLICATION PROCESS (NONRESIDENTS)

Families interested in enrolling their children in the Glasgow Independent School District that are not residents of the district should apply online or at the school.

Current and returning students do not need to fill out a new application.

Students whose legal guardians are full time employees of the Glasgow Independent School District do not need to apply.
