

Nonresident Students

- The District shall not allow nonresident students to enroll in the District.
- The District shall allow nonresident students to enroll in the District pursuant to existing Admissions and Attendance Policy 09.12, Tuition Policy 09.124, and related procedures.

Upon allowing nonresident pupil enrollment, the policy shall allow nonresident children to be eligible to enroll in any public school located within the District. The policy shall not discriminate between nonresident pupils, but may recognize enrollment capacity, as determined by the District. The nonresident pupil policy and any subsequent changes adopted by the Board shall be filed with the Kentucky Department of Education no later than thirty (30) days following their adoption.¹

DEFINITION

Nonresident students are those students who reside with their legal parents/guardians outside the boundaries of the District. Residency cannot be established through living with a relative or friend within the District.

CRITERIA FOR ENROLLMENT

Contingent upon the recommendation of the Superintendent and approval of the Board, nonresident students who wish to enroll in the District's schools may be granted permission to do so under the following provisions:

1. The parent/guardian agrees to pay, prior to the first day of attendance, an amount equal to ADA funding for the student;
2. The student must be in good standing in the school district from which s/he is transferring; i.e., s/he shall not have a record of serious disciplinary infractions and/or attendance problems;
3. The student has not been expelled from the district of residence;
4. Enrollment of nonresident students will be permitted only in schools, in grade levels, and in programs where the District has excess capacity, staff time, and service time. A nonresident student will be assigned to the school closest to the student's residence that meets these criteria.
5. Nonresident students shall be charged the same incidental fees as are required of all students, such as locker fees.
