

Nonresident Students

The District shall allow nonresident students to enroll in the District pursuant to existing Admissions and Attendance Policy 09.12, Tuition Policy 09.124, and related procedures.

Nonresident pupils will only be admitted when they can be assigned to classes where the enrollment is below 90% of maximum capacity unless approved by the Superintendent/Designee.

A student expelled from his/her previous school during the last school year will have his/her records and experiences reviewed before permission is granted for enrollment.

When the number of nonresident students must be limited, the following priorities will be observed:

1. Students of District employees will have priority over new applicants.
2. Those nonresident students attending school in this District last year will have priority over new applicants.
3. Siblings of current non-resident students will have next priority.
4. When priorities are equal, the date of application will be the determining factor for admittance. If multiple applications are received on the same date, a drawing will be held.

If a student was approved for nonresident status in one calendar year and becomes habitually truant or fails three or more classes, they may not be approved for nonresident status in an upcoming year.

Transportation to the district will be the responsibility of the family of the nonresident student at the expense of the family. Parents/guardians may contact the Director of Transportation to determine if there is a bus stop close to a county line where the parent/guardian can meet a District bus.

A list will be created of nonresident students from each county and submitted to the Director of Pupil Personnel of the resident county.

Nonresident students wishing to enroll in the Lee County Virtual Academy must meet all program requirements of resident students who wish to enroll.

Upon allowing nonresident pupil enrollment, the policy shall allow nonresident children to be eligible to enroll in any public school located within the District. The policy shall not discriminate between nonresident pupils, but may recognize enrollment capacity, as determined by the District. The nonresident pupil policy and any subsequent changes adopted by the Board shall be filed with the Kentucky Department of Education no later than thirty (30) days following their adoption.¹
