SAAR Application Introduction

The SAAR application serves as the main control center for all Kentucky school districts for ALL three reporting cycles – Growth Factor, January Growth Factor, and SAAR. Included in this document are training for all three cycles and the application itself. Use *Control+Click* to skip ahead in this new document to the instructions specific to the new application: [How to submit via SAAR Application](#):

General Process

Due Dates – All Three Cycles

Growth Factor	The Growth Factor is due to KDE 10 days after the last day of the second month, but not later than November 1st of each school year.
January Growth Factor	Five days after the last day of the school month chosen with the most attendance days in January of the current school year, but no later than February 20th of each school year.
SAAR	<p>The SAAR is due to KDE by June 30th. It is strongly encouraged that districts submit and verify their reports as soon as possible.</p> <p>Note: If your school offers an extended calendar for programs such as Job Corp or KECSAC, send an email to Brad Kennedy with the expected submission date.</p>

Focus Areas (Growth Factor)

The data includes the following information collected by the school district for the entire school year aggregate day's attendance and absence:

- Aggregate day's attendance and absence
- Race and gender count
- Adjustments for less than full-time attendance (Partial Day)
- Nonresident/non-contract students
- Overage and underage for the first two months of school

Growth Factor Application User Guide

2024-2025

Note: All information is reported by school, grade level, and by transportation.

Report Basics

Growth Factor Basics

Purpose:

- KRS 157.360 (8) states, "Program funding shall be increased when the average daily attendance in any district for the first two months of the current school year is greater than the average daily attendance of the first two months of the previous school year." The percent of growth is multiplied by the previous school year's end-of-year ADA to determine the additional ADA funding a district will receive.
Note - If a district does not incur any growth or shows a loss in ADA, there is no deduction of program funding to the district.
- KRS 157.370 (3) provides an adjustment in transportation funding for current year increases in transported students. The number of transported students (T1s + T5s) for the first two months of the current year is compared to the number of transported students (T1s + T5s) reported on the previous school year's Growth Factor Report. The percent increase is multiplied by the tentative transportation calculation to determine the amount of transportation funding increase for a district. A district that shows a loss or no increase in T1s and T5s will not incur a reduction in funding.

Growth Factor is a subset of SAAR.

Note- See SAAR Basics for an in-depth description of data included in each record

Before you submit; Infinite Campus Data Cleanup

You will want to review your data in preparation for Growth Factor submission. This checklist of data cleanup reports should be run before submission. Following the checklist are instructions for running each report.

1. Ethnic Count Manual Verification
2. State Enrollment Overlap Report
3. Missing Enrollment End Status
4. Kindergarten Full-Day/Half-Day Indicator
5. ADA/ADM Report – Full Year
6. Student Schedule Gap
7. Overlapping T-Codes

1. Ethnic Count Manual Verification (Active students/last day of the 10th month of school)

New Look Path: Reporting | KY State reporting | SAAR Report | Check box R2 and R3 and select extract format of PDF, All Calendars, and leave the date range blank.

Old Look Path: KY State Reporting | SAAR Report | Check box R2 and R3 and select extract format of PDF, All Calendars, and leave the date range blank.

- Run Record 2 and Record 3 of the SAAR Report, making sure the totals add correctly.
 - ✓ $R2 \text{ (Enrollment + Reenrollment)} - R3 \text{ (Withdrawals)} = R5 \text{ (Ethnic Count)}$
 - ✓ This verification can be run by each school as well as at the district level.

Note: Ethnicity codes may not match if a withdrawal code was left off or if students were enrolled and their ethnicity was **not** entered in during enrollment. These are the first two places to check if codes do not match correctly.

The following screenshots show this process. $7153 \text{ (R2 total)} - 985 \text{ (R3 total)} = 6168 \text{ (R5 total)}$

2. State Enrollment Overlap

New Look Path: Student Information | Reports | State Enrollment Overlap

Old Look Path: Student Information | Reports | State Enrollment Overlap

Enrollment overlaps occur when the beginning/end dates of one primary enrollment overlap with a second primary enrollment record for the same student. **KDE will not process a district SAAR or Growth Factor until all *primary* (see "TYPE P" in the graphic below) overlaps more than one day are correct.**

- *Review Step:* The State Enrollment Overlap report will identify these overlapping records, which should be corrected by working with the other district involved.

Note - One-day overlaps are allowed and should remain within Infinite Campus except for a one-day overlap in the same district. Be very careful which enrollment record gets end-dated as attendance and grades are tied to enrollment.

4. Kindergarten Full-Day/Half-Day Indicator

New Look Path: Scheduling & Courses | Calendar Information | Grade Level Setup

Old Look Path: System Administration | Calendar | Calendar | Grade Level

Districts may have full or half-day Kindergarten classes or a combination of both. The state of Kentucky provides funding for 50% (half) of Kindergarten ADA even if a school district chooses a full day of Kindergarten. This funding adjustment is made after the Submission of the SAAR to KDE. The appropriate Kindergarten code is selected from the Kindergarten Code dropdown menu:

- ✓ BDK: Full and Half Day Kindergarten
- ✓ FDK: Full Day Kindergarten
- ✓ HDK: Half Day Kindergarten

5. ADA/ADM Report – Full Year

New Look Path: Attendance Office | Reports | ADM and ADA Report

Old Look Path: Attendance | Reports | ADM and ADA Report

The ADM and ADA Report summarizes data from Kentucky's attendance calculation. Select the 'Detail Report Type' to generate a list of individual students' attendance data for the calendar selected in the toolbar. Select the 'Summary Report Type' to generate an overview of school-wide attendance data for one or more calendars. When running the 'Summary Report Type' against multiple schools, select 'All Schools' in the toolbar and choose the desired calendars from the calendar picker.

- If the Date Range is left blank, it will default to the start/end dates of the calendar
- The calendar populates the optional School Month range in the toolbar only
- This report is resource-intensive, so try to limit the number of calendars run per batch

Students with overlapping transportation codes need to be corrected. Run this query for each school.

Note - If the Year is set to the current school year, then the search function for this ad hoc will only find students active within the current year with a T-code overlap. The overlap could be within any school year.

- *Review Step:* Correct any overlapping transportation records.

All students should have a T code associated with their school enrollment record. Run the Missing T Code filter for each school.

- *Review Step:* Assign a transportation code and enter a date segment for students. Transportation segments are school-specific. An enrollment record at each school should have a transportation record associated with it.

The screenshot displays the 'Transportation' tab within a student record. At the top, a navigation bar includes links for Summary, Enrollments, Schedule, Attendance, Flags, Grades, Transcript, Credit Summary, and Assessment. Below this, a secondary bar lists various services like FRYSC, Pre-School, Title 1 Services, Early Learning/Prior Settings, ESS, Attendance Group, TEDS, and Restraint and Seclusion. This report identifies underage/overage students for further review. Check the list for accuracy of student DOB or that all students with a waiver are correctly identified.

- *Review Step:* Run this report for "All Schools, All Calendars."
- ✓ Overage students will not qualify for funding on the SAAR on or after their 21st birthday.
- ✓ Grade 14 may only be selected for Special Education Students participating in Alternate Assessment, as determined by the student's Admissions and Release Committee and documented on his or her IEP. This student must turn 17 years of age on or before October 1st of the current school year and have progressed through a grade 12 assessment.
- ✓ State Grade Level 20: Post-Secondary should only be selected for those persons taking adult classes. Adult education students enrolled in this grade level should be marked state exclude and scheduled into a calendar marked Exclude
- ✓ State Grade Level 20 should not be used for a student under 21 that has not received their diploma.

Underage – Under Age: There are two categories for Under Age students:

- A Grade 00 student is considered "Under Age" for the entire year if their 5th birthday occurs **after August 1st of the reporting year**.
- A Grade 01 student is considered "Under Age" for the entire year if their 6th birthday occurs **after August 1st of the reporting year**

Note An underage student will not receive funding for the entire year unless they qualify for a waiver and the waiver checkbox is marked on the enrollment tab. This is indicated on the waiver checkbox on the Enrollment tab under State Reporting Fields.

New Look Path: Student Information | General | Enrollments

The screenshot shows the 'State Reporting Fields' form. The 'Underage Waiver' checkbox is located at the bottom right of the form and is checked. 12. Expulsion Attendance

New Look Path: Reporting | Edit Reports | Expulsion Attendance Report

Old Look Path: KY State Reporting | Edit Reports | Expulsion Attendance Report

This report identifies students expelled with state code SSP2 and has invalid data due to the attendance data not being appropriately entered to match the start date and/or end date/time for the behavior resolution.

- The state Expulsion code SSP2 for *Expulsion Not Receiving Services* requires that a student have a standard attendance event for Absent / Unexcused that matches precisely the start and end date at the time of resolution.
- If a student is expelled with or without services and the event happened during the prior year, an exempt absent code must be used to receive funding. For example, the code, CEX – Carryover Expulsion Excused and CEU – Carryover Expulsion Unexcused (mapped to Status "Absent," Excuse "Exempt")

New Look Path: Reporting | Ad Hoc Reporting | Filter Designer | State Published | Audit Partial Day

Old Look Path: Ad Hoc Reporting | Filter Designer | State Published | Audit Partial Day

This ad hoc can be used to identify students with a partial day attendance group.

- *Review Step:* Ensure that the setup is correct for partial day students.

Verify start date, start time, and end time match the student's IEP (as applicable). Further information on partial day setup is available through the Attendance Group (KY).pdf document downloaded from Campus Community with Infinite Campus (user ID and password required). 14. State Attendance Groups – Home and Hospital

New Look Path: Reporting | Ad Hoc Reporting | Filter Designer | State Published | Audit Home Hospital

Old Look Path: Ad Hoc Reporting | Filter Designer | State Published | Audit Home Hospital

This report identifies students in any of the attendance groups

- *Review Step:* Ensure the attendance is appropriately marked for the HH students

Growth Factor Application User Guide

2024-2025

Note: Use the IC Attendance Wizard to mark the student's attendance as HH from the initial entry date into the HH program until the end of the school year. (This prevents teachers from taking attendance for a student who is in the HH attendance group). When the student returns to school, remove the HH attendance code using the Attendance Wizard. The student's HH attendance group record should be end-dated upon the student's return to the regular school program via the Attendance Group tab.

*Attendance Group: HH:Home/Hospital

*Start Date: 09/08/2020 End Date: 12/18/2020

- Any student eligible for HH must be put in the HH attendance group to receive total funding through the SEEK.

Note: Districts with a separate HH-only school (*i.e.*, 998, 999 schools) must enroll every student in the HH attendance group.

15. Funding Gap Audit Report

New Look Path: Reporting | KY State Reporting | Funding Gap Audit

Old Look Path: KY State Reporting | Funding Gap Audit

This report is to how much seat time the student will earn and how much performance/virtual attendance credit they will earn if they pass.

Growth Factor Application User Guide

2024-2025

- The report is designed to look at a student's schedule and display the percentage of attendance used to calculate funding for seat time attending classes and virtual/performance-based classes. You should see approximately 96% total since lunch and passing time are omitted.
- This report is not designed to be "cleared." It is an auditing tool to help identify potential issues with student schedules that could result in a loss of funding

Funding Gap Audit
18-19 ABC High School

Students returned in this report have a funding gap in their schedules that needs to be examined. Use the **Funding Gap Start Date** and **End Date** to determine if the student is missing courses or scheduled in courses not marked for attendance during that timeframe.

- If the student is identified as having insufficient **V/PB Period Length** the period their virtual or performance based courses are scheduled into may need to be extended to resolve the funding gap.
- If **Check Funding Eligibility** is indicated, check the student's IEP to determine if they are eligible for full attendance funding.

Student Name	Grade	Seat Time %	V/PB %	Funding Gap Start Date	Funding Gap End Date	Partial Day	Active SpEd	V/PB Period Length	Check Funding Eligible
Mouse, Mickey	12	0	82	2018-08-08	2019-06-07			YES	
Duck, Donald	12	54	37	2018-08-27	2019-05-14		YES	YES	
Bunny, Buggs	12	67	0	2019-01-03	2019-05-15		YES		YES
Washington, George	12	75	0	2019-01-03	2019-05-15				
Lincoln, Abraham	12	0	91	2018-08-08	2019-05-15			YES	

Note: You can run your ADA/ADM Report and your SAAR, Detail Record V, and compare it to the Funding Gap Audit Report totals. These reports will not be exact since the Funding Gap Audit report was not designed to give exact percentages but should give an idea of attendance possibly earned for students taking performance/virtual-based classes.

16. Suspension Attendance

New Look Path: [Reporting](#) | [KY State Reporting](#) | [Safe Schools](#)

Old Look Path: [Ky State Reporting](#) | [KDE Reports](#) | [Safe Schools](#)

This report identifies those students who were suspended and have invalid data. The attendance data was not entered correctly to match a behavior resolution, or the behavior resolution doesn't match attendance data for a state-coded suspension.

- The state suspension code SSP3 – Out of School Suspension - requires the proper associated state attendance code of 'S,' and the suspension must match the exact date and time of the resolution.
- There is the possibility a user could input the Suspension attendance entry date without having the associated behavior resolution.

Growth Factor Application User Guide

2024-2025

- Ensure errors and warnings involving SSP3: Out of School Suspension Resolutions and S: Suspension Attendance are resolved before submitting SAAR

Note: Sometimes, this report shows errors when days are shortened, but they are not actually errors.

Submitting Growth Factor:

- 1) Complete the data cleanup mentioned above
- 2) Run the State Format Fixed Width for all Schools
- 3) Leave the date range blank
- 4) Select 'All Types' (R1, R2, R4, RH)
- 5) Generate Report
- 6) The file name should be saved as GFXXX.YY (XXX = District Number, YY= School Year)

Example: GF011.24

- 7) Submit the file to KDE [Submit via SAAR Application here](#)
- 8) Also, be sure to run and save the "PDF" versions of the same files under the Extract Format field for comparison.

How to submit via SAAR Application:

School district users will access the SAAR system by using the following link: [SAAR Application](#). You will then be asked to log in; this will be the same login credentials used to access your Microsoft Outlook. Once in the application, you will see your Home screen. Below is an example of your new Home screen.

A couple of quick notes regarding what you see on the HOME tab:

- in the top right corner, you will see your basic info: your login, your school district
- KDE contact info in the bottom right corner
- Home, District Info, and Report Manager's tabs (more in-depth later in a guidance document)

The Superintendent's Annual Attendance (SAAR) Report provides a summary of each district's aggregate attendance data for the entire school year used to determine funding based on attendance. School superintendents in Kentucky must submit an annual report of student attendance to the Commissioner of Education by June 30 each year.

- The three cycles will reflect the *current* year
- The tab that is highlighted in green is currently open

Block content definition:

- **Status:** the status that the Infinite Campus file is in. Below you will find the different status categories:
 - ✓ Not Submitted – the district has not submitted a file yet.
 - ✓ Waiting KDE Review – Infinite Campus file submitted by the district, waiting for KDE review
 - ✓ Waiting District Review – has already been reviewed by KDE, no errors, now awaiting verification by the Superintendent
 - ✓ Waiting KDE to Complete – has been verified by Superintendent, now simply waiting on KDE to finalize
 - ✓ Complete – submission final, approved by all parties
 - ✓ Denied – the submission can be denied by the district superintendent or KDE at any point during the submission.
 - ✓ Withdrawn – The district has withdrawn submission

Note - The SAAR application will show what are the errors or warnings as seen above.

- ✓ **Withdraw submission** – this button will allow the KDE user to withdraw the submission to make any adjustments.

Note – the Withdraw submission button will ONLY be available for files presenting any errors or warnings. Some files present hard stops, which means the district users will need to generate the file from Infinite Campus to correct the errors and resubmit the file in the SAAR application.

- ✓ **Complete Submission** – This button allows you to move the file forward for the District User to resolve the issues before submitting the file. See below.
- ✓ **Resolving issues** – all issues must be resolved before submitting a file. To resolve the issues, the District User must click "Resolve" and type the warning reason. See below.

Note – the "Submit" button will not become active until all issue(s) are resolved.

Superintendent approves the file

- After the district submits the file, KDE reviews the submission and will "Approve" or "Deny" the file based on its validity.

If KDE denies the file – the file status changes to "Denied," and a response with a Deny explanation will be sent to the District User role.

If KDE approves the file – the file status changes to "Verified by KDE" and the Next Action for the district to be taken by the Superintendent.

- For the Superintendent to Verify the file, they need to click on the Verify Submission button, as shown below.

The image shows the 'Home' dashboard of the Growth Factor Application. It has three main sections: 'Growth Factor', 'January Growth Factor', and 'SAAR'. The 'January Growth Factor' section shows the status as 'Verified by KDE' and the next action as 'Waiting District Review'. The 'Verify Submission' button is highlighted with a red box. The 'SAAR' section shows the status as 'Completed' and the next action as 'None'.
