(7) Explain, as it relates to the entities identified in (3)(a), (4)(a), and (5)(a):

(a) Whether this administrative regulation will have a “major economic impact”, as defined by KRS 13A.010(14): This regulation will not have a “major economic impact” as defined by KRS 13A.010(14).

(b) The methodology and resources used to reach this conclusion: As previously stated, local boards of education are not required to take any action as a result of the administrative regulation. However, if they choose to apply to the Kentucky Board of Education for a waiver pursuant to KRS 156.161, they must utilize the forms and comply with the procedures set forth in the regulation. Costs to local school districts are in the form of staff time completing required forms if the school district chooses to pursue a waiver request. These costs are estimated to be minimal. Costs to the Kentucky Department of Education are in the form of staff time processing waiver requests. These costs depend on the volume of requests received. At this time, costs to the Kentucky Department of Education are estimated to be moderate based on historical volume of requests from school districts to waive administrative regulations.
