

June 2026 KY K-12 CIOs/EdTech Leaders agenda

[Click here to view recorded session](#)

1. June 4th notice by Federal Communications Commission (FCC) about restructuring the federal e-rate program regarding student screen time controls, program necessity review, e-rate consultants and streamlined administration. *Mike Leadingham and e-rate staff*
2. Draft of updated KY K-12 student technology standards that will be presented for approval to the KY Local Supts Advisory Council (LSAC) on 28 July and to the Kentucky Board of Education (KBE) during their meeting on 5-6 August. *Marty Park*
3. KY K-12 Connected User Experience System (CUES) implementation update. *Chuck Austin and CUES Team*
4. KY K-12 student social security data diet update. *DeDe Conner*
5. School districts and Infinite Campus' play a role regarding the recently passed KY legislation to make KY K-12 public school students aware of their academic eligibility (e.g., their grades) to attend KY public colleges after graduation. Need your feedback. *DeDe Conner*
6. Recent success story about KY K-12 Internet redundancy. *Matt Jury and Brian Spellman*
7. FYI. OET will share the SY2026-2027 Kentucky Education Technology System (KETS) operational budget with all districts on 21 July 2026 during the monthly webcast and to the KBE on 5-6 August during their board meeting. *David Couch*
8. Reminder: annual KY K-12 cybersecurity health check due to be shared with Supt and local board by all districts no later than August 2026. Same is true for OET with Kentucky Department of Education (KDE) Commissioner and KBE members. *Bob Hackworth*

Closed session for just districts and OET staff:

Update on progress of virus protection transition in KY K-12. David Couch

It could happen to you but don't let it. Recent cyberattack and old school scam targeting KY K-12 over the past 3 weeks that all districts need to be aware of and need to take precautions to keep from happening in their district. *Bob Hackworth*
