Data Standard Early Graduation

Revised 9/19/2025

Overview

Description

[KRS 158.142](#) establishes the Early Graduation Program (EGP), an optional program in which a student may receive a high school diploma, Early Graduation Certificate and scholarship award from the Kentucky Higher Education Assistance Authority (KHEAA) upon successful completion of all program requirements provided in [704 KAR 3:305](#) in three (3) academic years or less.

Due to the passage of Senate Bill (SB) 61 (2022), any student who wishes to complete the EGP must:

- [Communicate intent](#) to the principal within the first thirty (30) days of the academic year in which the student intends to graduate.
 - NOTE: There is a deadline for flagging the student in Infinite Campus (IC): The school or district shall enter the enrolled EGP student into the student information system by **October 15** of the year in which the student intends to graduate.
- Meet the requirements as stated on the [EGP webpage](#).

Data use

- Data gathered indicates and informs KDE and KHEAA of the possible number of students who will graduate before their cohort. KHEAA tracks the number of eligible students for estimating the financial impact per year. KDE tracks the participants into postsecondary education and beyond to determine the effectiveness of the program.
