### Section A – School Designation

**Campus Path:** System Administration / Resources / School

When the district completes the Consolidated Application in the Grant Management Application & Planning (GMAP) System for Title I, Part A for the current school year, the school *Title I Status* should be confirmed in Infinite Campus (IC) as well. The status entered in GMAP for current year should match the *Title I Status* in IC for the current year.

All schools must have a selection. If school is not eligible to receive Title I funds, the appropriate selection is *Not a Title I School*.

#### Step1 – Verify the Title I Status for each school

- Expand appropriate school
- Select the hyperlink directly under the school name; this could be a display of *Original Record* or a *date*, if it is a date then it is the effective date of the most recent record.

- Select most recent record and verify Title I Status

#### Step 2- Update Title I Status

- If the school's Title I Status needs to be updated; click *New School History* button.  
NOTE: to obtain the *New School History* option, you must select the most recent hyperlink as directed in step above.

- Enter Effective Date as of July 1 of current school year

- Select current year Title I status from the drop list
