Subject: KSIS Alert: KECSAC Data Loss and Required Actions

KSIS Contact,

I'm writing to make you aware of an unexpected data loss affecting KECSAC information in district editions.

On July 6, 2026, the KECSAC tool was inadvertently removed and then recreated in district editions during a published update. When the tool was removed, all KECSAC data stored in district editions was deleted. Data in the state edition was not affected. Infinite Campus is actively researching the best approach to restore the deleted district-level data.

Until further notice:

- Do not initiate a Resync State Data – Batch for PublishedTabCustomStudent.
- Do not create new KECSAC records.

We will provide additional updates as soon as more information becomes available. We sincerely apologize for the disruption and appreciate your patience while this issue is being resolved.

If you have any questions, please contact the [Division of School Data Services by email](#).

Thank you,

Lisa
