Subject: KSIS Notification: Digital Kentucky Academic Standards Update Delayed

KSIS Contact,

We want to inform you that the automated deployment of the updated digital **Kentucky Academic Standards (KAS) for Reading and Writing (2025)** has been delayed. Campus Technical Services was unable to complete the necessary development changes in time for inclusion in the July 31 Infinite Campus release in the previous notification below.

As a result, districts that need access to the revised digital KAS framework before the next scheduled Infinite Campus update on **Sept. 9** will need to manually import the standards. Instructions are available in the [Import Kentucky Academic Standards into Infinite Campus](#) document.

We understand this may require additional effort at the district level and apologize for the inconvenience. Campus Technical Services is continuing work to support the updated standards through the planned September release.

Please share this information with appropriate staff within your district or organization who may be responsible for standards management and curriculum-related processes.

Thank you for your patience and understanding.
