Infinite Campus Eligibility Imports for 2025-2026

Please do not attempt to update the eligibility year in Infinite Campus until notified to do so later this month. There is currently an Infinite Campus bug within the Eligibility Import Wizard that is being resolved by the vendor. Instructions for simply updating the eligibility year will be provided when the issue is resolved. Instructions for the districts utilizing MySchoolApps for HIFs will also be provided. Please note that the Mosaic direct certification automation and automated export to Infinite Campus will be scheduled to begin on August 1, 2025, as part of the Start of Year service appointment. SCN will again offer assistance to any Statewide POS district that requests to manually complete a July direct certification import.
