Subject: KSIS Notification: End-of-Year Homeless Data Verification

FYI – this information went out to Homeless Coordinators earlier today.

Subject: End-of-Year Homeless Data Verification

District Homeless Coordinators,

In preparation of end of year reporting for the 2024-2025 school year, districts should review the homeless student data in Infinite Campus (IC). This data is used for federal reporting of the 2024-2025 school year by the Kentucky Department of Education (KDE). The aggregate data will also be publicly reported on the School Report Card.

Data can be reviewed using the QA Homeless report (Detail version) via KY State Reporting | KDE Reports. Districts should review the data to ensure all students served as homeless during the school year are included.

Reference the [Homeless Data Standards](#) for data entry instructions and the [QA Homeless Quick Reference Card](#) for report description and use.

All homeless data must be reviewed and accurate in the IC district database by June 27, 2025. KDE will extract the data from the district reporting warehouses on July 1, 2025.

Programmatic questions regarding homeless should be directed to [Zachary Stumbo](#). For IC data entry or reporting questions, please contact [Margalee Conlee](#), thank you!
