Subject: Infinite Campus .2407 Release - Homeless Data Collection

District Homeless Coordinator,
The Infinite Campus (IC) .2407 release altered the homeless data entry screen. Before this release, the *End Date* would auto-populate as 6/30 of the academic school year on a newly created record. Unfortunately, this date is no longer auto-populating, the date will have to be manually entered on any newly created records. The end date should be 6/30/2024 for records entered until this known issue is resolved.

The screenshot shows a web form titled "Homeless Detail". It contains several fields: "Start Date" with a date picker showing 03/14/2024, "End Date" with a date picker showing 06/30/2024 (highlighted with a yellow sticky note), "Program Status" with a dropdown menu, "Primary Nighttime Residence" with a dropdown menu, and "Unaccompanied Youth" with a checkbox. The form is set against a light gray background.

This release also added as part of core product, a new data element named *Program Status*. This field is not relevant to Kentucky data requirements and can be disregarded.

Please be aware of these updates and inform other staff in the district who create homeless student records.

Reference the [Homeless Data Standards](#) for data collection and reporting requirements. Do not hesitate to reach out with any questions or concerns, thank you!
