**Sent:** Thursday, June 19, 2025 7:20 AM  
**To:** All State KSIS Contacts  
**Subject:** KSIS Notification: Release of Campus.2523 Scheduled for June 25

KSIS Contact,

Please be advised that KDE has confirmed the release of **Campus.2523** to start **Wednesday, June 25, at 7:00 p.m., (Central)/ 8:00 p.m. (Eastern)**. Infinite Campus will be temporarily unavailable during the update process. Please contact Lisa Keeter or DeDe Conner if you have any questions or concerns about the update schedule.

See the [Kentucky release notes](#) for state specific items and [Campus.2523](#) for the full manifest of changes.

Please share this information with individuals in your district or office as appropriate.

*Thank you!*

#### **Infinite Campus Release Highlights – Campus.2523**

##### **Kentucky Specific**

<b>Item</b>	<b>Description</b>
<b>Career Readiness</b>	Added state course codes: 170503 Co-op (Allied Health), 170504 Internship: Patient Care Technician, 170505 Co-op (Patient Care Technician), 170549 Internship: EKG, 170556 Internship: Medical Assistant, 170561 Co-op (Pharmacy Tech), 170562 Internship: Pharmacy Technician, 170570 Internship: Phlebotomy Technician, 170581 Co-op (Medical Assisting), 170582 Internship: Medical Assisting, 170603 Internship: Pre-Nursing, 170708 Internship: Biomedical Science, 470801 Co-Op Small Engine Repair
<b>OneRoster (CUES)</b>	Updates have been made to the OneRoster API Documentation to make it easier for Digital Learning Partners to sync email address data for students. This feature is tied to the Roster Provisioning aspect of OneRoster, which does not require a Campus Learning license. If Campus has enabled Identity Management for a Digital Learning Partner, an Identity Management option displays in the Data to Share section of a connection. When enabled, the partner can sync student email addresses back to Campus. <b>This is now available for Identity Automation's RapidIdentity connection and will be used by CUES.</b>

##### **Core Product Bug Fixes**

<b>Item</b>	<b>Description</b>
<b>Academic Planning</b>	The Academic Programs and Graduation Programs tools have been combined into a new interface called Academic and Graduation Programs. These programs can be created and managed within this single tool.
<b>Ad hoc Reporting</b>	Fixed an issue where reporting on School Boundaries in Ad hoc only displayed students enrolled in the boundary school. It now correctly includes all students within the defined school boundaries, regardless of their enrollment status.
<b>Assessments</b>	Child assessments did not load when the 'Save & Test' option under Step 4 in the <a href="#">Assessment Center</a> was selected if the assessment name included certain keywords and special characters. This issue was resolved, and the assessments load as expected.
<b>FRAM</b>	Added 'Direct' option back to Certified Type selection in the Eligibility Import Wizard.
<b>Messenger</b>	Resolved an issue where household phone numbers were receiving Opt-Out text messages when an OLR Application was posted.
<b>Scheduling</b>	In the Walk-In Scheduler, overlapping sections set for replacement were not being deleted. This has been corrected.

Item	Description
<b>Security</b>	The default for the Minimum Password Characters field has been changed from 6 to 8 characters. Districts can increase this to more than eight characters if they choose, but they cannot go lower than eight characters. Users with passwords of less than eight characters will be forced to create a new eight-character or greater password the next time their password is reset.
<b>User Interface</b>	Some non-production sites were incorrectly showing a green banner (which is meant to indicate it is a production site). This issue was corrected, and these sites now properly appear with an orange banner with white icons.
