To: All State KSIS Contacts; All State CIOs
Subject: KSIS Notification: Reminder KSIS Server Update Q&A Session - Registration Link

KSIS and CIO contacts:

Infinite Campus has opened support cases to help districts prepare for the December server upgrade and move. The subject line in the support case is SQL 2022 Update, please look for these support cases to see important details. The support case is being used to communicate district-specific details related to the upcoming upgrade/move; districts can enter questions directly into the support case, as needed.

Districts are also encouraged to attend the KDE and Infinite Campus Q&A session on Thursday, Nov. 13. This session is designed to address questions submitted by districts, in advance. We encourage both KSIS and technology contacts to participate in this Q&A opportunity. The registration link and email address to submit questions are provided below.

Date/Time: Thursday, November 13 at 10:00 AM EST

To participate:

- Submit your questions in advance to [KDE Data Services by email](#).
-  [Click here to register](#) to receive the Teams meeting link.

The training will be recorded but we do encourage live participation. We look forward to your participation!

The [Infinite Campus Move schedule](#) is available for district planning.
