District Homeless Coordinators,
The State Published Ad Hoc *Student Homeless Record Missing for Transfer Students* was not working properly. The issue is resolved, and districts can now use this report to identify students who have moved into the district and the student records transfer includes a Homeless Summary indicating previous homeless identification. Reference the [Homeless Data Standards](#), Overview section, for details about this report and other available reports that contain available data to support this student group.

Please let me know if you have any questions, thank you!
