**To:** All State KSIS Contacts

**Subject:** KSIS Notification: [Webinar] Traceable Communication Tools with Campus SIS

KSIS Points of Contact. Please see information below on functionality available in Infinite Campus. This is an opportunity to explore Infinite Campus offerings further but it is a district decision on what tool(s) are used locally to meet requirements of [SB181](#) for traceable and trackable communications.

**Kentucky: Traceable Communication Tools with Campus SIS**

Jun 24, 2025 02:00 PM ET

[Register now](#)

If you can't attend, [Register](#) and we'll send you the recording.

Looking for traceable messaging systems? Register for our webinar and see how we can help Kentucky districts. Communicate with families (students and parents) via email, phone, and text. Every message is automatically tracked, showing who sent it, when it was sent, and the full message content. This webinar will showcase messaging tools in your core SIS and our Premium Product, Messenger with Voice.

- Seamless integration with Campus SIS.
- Messages are retained up to 10 years.
- No manual list uploads or downloads required.
- Eliminate untraceable third-party systems.
- Comprehensive and traceable reporting.

**"Communicating with parents and students is now a breeze!** No more asking parents to join a list or worrying that you will miss someone. Because the tool integrates with rostered students, you always are communicating effectively, whether it is at the district, school, or teacher level."

Andi Hudson, Director of Technology, Durant Independent School District
