Subject: KSIS Notification: Release of Campus.2539 Scheduled for October 8

KSIS Contact,

Please be advised that KDE has confirmed the release of **Campus.2539** to start **Wednesday, October 8, at 7:00 p.m., (Central)/ 8:00 p.m. (Eastern)**. Infinite Campus will be temporarily unavailable during the update process. Please contact Lisa Keeter or DeDe Conner if you have any questions or concerns about the update schedule.

See the Kentucky release notes for state specific items and Campus.2539 for the full manifest of changes.

Please share this information with individuals in your district or office as appropriate.

Thank you!

Infinite Campus Release Highlights – Campus.2539
Kentucky Specific

Item	Description
Enrollment	These districts, Kentucky School for the Blind (602), Kentucky School for the Deaf (603), Craft Academy (610), We Lead CS (680), Kentucky Tech System (777), and Kentucky National Guard Youth ChalleNGe Academies (880), were removed from the list of options available on the Enrollment's Dropout/KTS Primary District and Resident District fields.
Health	The DTaP, Hepatitis B, Meningococcal, MMR, Pneumococcal, and Polio vaccine compliance rules were updated for Kentucky. See the Kentucky Immunization Rules article for additional information.
Preschool	The Preschool Enrollment Count report was updated.
TEDS	The Credit Hours field on the Kentucky TEDS tool is now required. The list of TEDS CIP Codes was updated for Kentucky for the 2025-2026 school year.

Core Product

Item	Description
Assessments	Validations were updated to ensure proper step progression in the Assessment Center: • Steps 4 and 5 are now disabled after modifying Step 2. • Users must revisit Step 3 before accessing Steps 4 and 5. The validation update applies to any changes made in Step 2, including: • File uploads • "Source File Includes Header" "Which fields will map to student identifiers?"
Campus Learning	A new tool called My Curriculum has been added to Instruction. This tool allows teachers to create folders, assignments, and resources outside of the context of a section. Teachers can build out curriculum, with content, quizzes, etc., and then add it to their sections later. From My Curriculum, teachers can add curriculum to individual or multiple sections at a time. Matching and ordering quiz question types have been updated to include rich text editors for answer options, allowing teachers to enter images and formatted text. If a teacher clicks View Submissions in the submission scoring screen, a new Submitted By column in the table of submissions displays the name of the submitter if it was someone other than the student.

Item	Description
Campus Student/Parent	An option has been added for students taking quizzes that allows them to pin page-level Instructions to the top of the screen, so they can scroll through questions while keeping the Instructions visible. When Account Linking is enabled for a state, if an admin logs into a parent's account using the 'Login as User' feature, they did not see the Manage Districts tool for data privacy reasons. Logic has been updated so that admins can see the Manage Districts tool but not information about any linked accounts. This change gives admins a better understanding of what parents and students see.
Classroom Integrations	The Digital Learning Applications Configuration tool has been updated so that if Identity Management is enabled for a connection, the option to Use Secondary Email will be disabled. The Digital Learning Applications Configuration tool has been updated so that all four URL fields are now required for LTI 1.3 connections.
Data Access Tracker	Data Access Tracker now properly logs user access to tools in New Look.
Data Extract Utilities	The Data Extract Utility, Data Extract Zip, and Data Extract History tools have been combined into one tool, and the user interface has been updated to address technology initiatives. Tool rights must be reassigned.
DIS	The fuzzy match logic, which was causing ambiguous match errors and preventing students and staff members from syncing to the state edition, has been removed. This may increase the number of Combine Persons that need to be done at the state level. Always use Student Locator and Staff Locator when adding people to the district.
Messenger	Added a Summary button to Scheduled and In-Progress messages in Messenger 2.0.
