

SRC Communication #10 – 9/16/2026– Principals, DAC, and SRC contacts

School Report Card – CTE and Transition Open

The [School Report Card Secure Portal](#) remains open and includes two additional domains for district review. The Career and Technical Education (CTE) domain is open for review; however, Career Readiness and Perkins data won't be released until the media embargo Oct. 13. The Transition to Adult Life (Transition) data is also available for review. Both should be reviewed by high schools and districts by close of business Sept. 30.

Reminder that we are down to the last two weeks of data entry and review. Please complete any remaining School Report Card (SRC) tasks as outlined in [last week's SRC communication](#).

The following data lagged the initial release but is now available in the SRC Portal for review:

- Overview/Faculty, Staff and Community > Faculty Profile > Total Staff Turnover.
- Overview/Faculty, Staff and Community > Faculty Profile > Teacher Certification Data > Rank I and Rank II counts.
- Overview/Faculty, Staff and Community > Faculty Profile > Instructional Staff Turnover.
- Overview/Faculty, Staff and Community > Disproportionality > Inexperienced Staff
- Education Opportunity > Advanced Coursework > Advanced Coursework Participation and Performance > IB exam scores,
- Education Opportunity > Advanced Coursework > Advanced Coursework Participation and Performance > CAI exam scores.
- Education Opportunity > Advanced Coursework > Advanced Coursework Participation and Performance > AP exam scores updated to reflect previously unmatched scores.

Select Help in the SRC Portal to access user guides. These guides, along with additional resources, are also available on the [SRC Resources webpage](#) to support schools and districts in completing SRC tasks.
