EDUCATION

SRC 12 - Distribute to: Superintendents, Principals, DAC and SRC contacts

School Report Card Update No. 12: SRC Portal Closes Oct. 1

The final day to enter data into the School Report Card (SRC) Portal Collection Tool to complete data entry for the School Profile Report, Access to Technology, Ineffective Teachers, Parental Involvement, and Precautionary Measures is Oct. 1. It is also the last day to verify and flag data in the Preview Tool and approve data in the Approval tool. The initial public release without assessment and accountability data is scheduled for Oct. 15. The SRC Portal URL is included in the SRC Annual tasks documentation at the top of page 1.

The SRC Approval Status Report displays status of district approvals and is available on the SRC Resources webpage. You can check the status of your district's domain-level approvals using this report or in the Approval tool in the portal.

Oct. 1 is also the due date to have the School Profile Report completed with applicable signatures and available in the local Board office. This is a statutorily required date that KDE cannot change.

Assessment, Accountability and Career Readiness data will be released later this year. At that time, there will be a media release prior to public opening. The Quality Control (QC) Day is tentatively scheduled for Oct. 23. The Office of Assessment and Accountability will communicate directly with District Assessment Coordinators (DACs) to prepare for this release.

The outstanding issue(s) listed below should be resolved by Sept. 30:
- The school-level view of the superintendent message is not currently displaying data.
- Faculty, Staff and Community > Disproportionality > Students Taught by Ineffective Teachers has a calculation error causing the data to be displayed incorrectly. Vendor has been notified of the issue.

The SRC Resources webpage serves as the central repository for communications and resources. The SRC timeline, resources and all SRC communications are posted to this webpage.

CONTACTS

- For questions related to AnLar's access and functionality, contact the **Anlar Helpdesk email** or call (502) 509-0041 between 8 a.m. and 6 p.m. ET.
- Email **Caryn Davidson** for School Profile Report questions.
- For Preview Tool, data quality questions, email applicable KDE contacts as referenced in the **Quality Assurance Worksheet**.
- For Collection Tool, data entry questions, email applicable KDE contacts as referenced in **SRC Collection Items**.
- Email **KDE Data Services** for general questions.
- Email **KDE DAC Information** for assessment and accountability questions
