SRC14 – SRC Contacts and Principals

SRC Contacts

The information below was shared with superintendents and district assessment coordinators this morning. Please be aware of the timeline and embargo restrictions associated with this release.

2025-2026 Embargoed Data Release

The information below was shared with superintendents and district assessment coordinators this morning. Please be aware of the timeline and embargo restrictions associated with this release.

2025-2026 Embargoed Data Release

The 2025-2026 School Report Card (SRC) data including assessment and accountability results are being released to districts today under embargo until **Thursday, Oct. 15, at 12:01 a.m. ET**. **After 1 p.m. ET today**, districts may discuss the data with media representatives who have agreed to follow the embargo in preparation for public release.

During the embargo period, district and school staff may view and discuss SRC data internally. Embargoed data may not be shared or discussed in public meetings before public release. Anyone reviewing embargoed data in the district should sign an Embargoed Data Release Nondisclosure Agreement, which the district assessment coordinator (DAC) should keep on file.

Access to School Report Card Embargo Data

Superintendents, district assessment coordinators, principals, vice principals and counselors may access the SRC Dashboard and datasets through the School Report Card Public Test site. Authorized school and district staff can preview the embargoed data using their KETS user ID and password in the site listed below

- Public Test Site: School Report Card Public Test site

If you have problems accessing the site, please reach out to your district's web application administrator point of contact (WAAPOC).

Media Release and Briefing Packet

The attached media release and briefing packet will be made available today at 1 p.m. ET to working media who have signed a nondisclosure agreement.

Final Data Review Period and Reporting Requirements

After public release, district assessment coordinators will have a final opportunity to request changes to student-level data in the for a finalduring the 10-day regulatory data review, which runs from **Oct. 15, 9 a.m. ET through Oct. 26 at 5 p.m. ET**.

As a reminder, districts must complete the School and District Requirements for sharing SRC data locally after public release. Even if the SRC is posted on district and school websites, districts should verify that 2025-2026 data is the default view.

The SRC Access Instructions include information on which roles can access the Embargo site. Any technical difficulties should be reported to kysrcsupport@anlar.com.
