

SRC 15 - Distribute to: Superintendents, Principals, DAC and SRC contacts

School Report Card Update No. 15: SRC Public Site

The [School Report Card \(SRC\) Dashboard](#) is now open with 2024-2025 data. This is the initial release (soft launch) and does not include assessment, accountability or career readiness data. That data is tentatively scheduled for release on Nov. 19.

Before the November release, there will be an embargo period prior to public release. During the embargo period, district and school staff may discuss the data internally; however, the **data cannot be shared in public meetings or by the media until public release.**

The SRC Collection tool will reopen after public release, Oct. 21-Nov. 7, to allow districts to enter or update data as needed. Collection data will be refreshed on the public site twice a week on Wednesday and Friday evenings. Data must be updated by 3p.m. ET to be included in the biweekly refresh. Updates will be viewable in the public card within two days. The SRC Dashboard and datasets will refresh concurrently. The Collection tool will close at 3 p.m. ET on Nov. 7 and no changes can be made after that date until after the official public release.

Reach out to the appropriate KDE data point of contact listed in the [Quality Assurance Worksheet](#) with any data concern. KDE will have an opportunity to refresh data after public release during the same window, Oct. 21–Nov. 7. As a reminder, the SRC should display current principal and superintendent contacts; however, board members and school-based decision making (SBDM) council members should reflect 2024-2025 members.

The [SRC Resources webpage](#) continues to serve as the central repository for communications and resources. The SRC timeline, resources and all SRC communications are posted to this webpage.

CONTACTS

- For questions related to AnLar's access and functionality, contact the [Anlar Helpdesk email](#) or call (502) 509-0041 between 8 a.m. and 6 p.m. ET.
- Email [Caryn Davidson](#) for School Profile Report questions.
- For Preview Tool, data quality questions, email applicable KDE contacts as referenced in the [Quality Assurance Worksheet](#).
- For Collection Tool, data entry questions, email applicable KDE contacts as referenced in [SRC Collection Items](#).
- Email [KDE Data Services](#) for general questions.
- Email [KDE DAC Information](#) for assessment and accountability questions
