School Report Card Update No. 16: SRC Next Release

The next release of the public-School Report Card (SRC) dashboard is tentatively scheduled for Nov. 19 to include Assessment, Accountability and Career Readiness data. The public [School Report Card \(SRC\) Dashboard](#) currently includes 2024-2025 data for Overview, Career and Technical Education, Education Opportunities, and School Safety. Financial Transparency will open in the spring when audited financial data is available.

An embargoed release is scheduled to be distributed to districts and media on Nov. 17, beginning an embargo period until the public release on Nov. 19. During the embargo period, district and school staff may discuss the data internally; however, the **data cannot be shared in public meetings or by the media until public release**. Additional information on the embargo release will be shared soon.

The last date to update data before the next release is Nov. 7. The SRC portal will close at 3:00 p.m. ET on Nov. 7. Districts can enter/update data into the Collection tool and the Kentucky Department of Education (KDE) can refresh data until that time. If there are questions about the data KDE has loaded to the SRC dashboard, please reach out to the appropriate KDE data point of contact listed in the [Quality Assurance Worksheet](#).

Data will be refreshed on the public site twice a week on Wednesday and Friday evenings. Data must be updated by 3 p.m. ET to be included in the biweekly refresh. Updates will be viewable in the public card within two days. The SRC dashboard and datasets will refresh concurrently.

The [SRC Resources webpage](#) continues to serve as the central repository for communications and resources. The SRC timeline, resources and all SRC communications are posted to this webpage.
