## State Published Ad Hoc Filters

(Feb 23, 2024)

<b>Filter Base</b>	<b>Filter Name</b>	<b>Purpose</b>
<b>person</b>	District Employment different than Credentials	This report lists active staff with details when the District Employment license number is populated but not equal to Credentials license number. If the only difference is leading zeros, then there is no need to adjust. Use the SQL passthrough query to identify staff with values that are not equivalent. An incorrect EPSB ID in the license number field for EPSB certified staff will impact the accuracy of KDE reports and LEAD.
<b>person</b>	District Employment not equivalent Credentials	This filter is a pass-through SQL query that can only show the staff member names. Use this filter with the Search option to filter to only active staff when the District Employment license number is not equivalent to Credentials license number.
<b>curriculum</b>	Dual Credit Courses	This report lists all courses with Teaching Method of 11: Dual Credit - District Offered; 12: Dual Credit - College Offered; 17: NAF Academy Dual Credit – District Offered; 18: NAF Academy Dual Credit – College Offered; or Difficulty Level of DC: Dual Credit.  <a href="#">See Course data standard</a> for more information about Teaching Method & Instructional Setting.
<b>student</b>	Dual Credit Indicator on Roster	This filter will list dual credit students in a course defined per the Dual Credit Course data standard for a single course that includes dual credit and non-dual credit students.
<b>student</b>	Dual Credit on Roster Missing from Transcript	This filter will list students who have a transcript entry without a Difficulty Level for a course with dual credit selected on the roster. To fix this issue, edit the transcript entry and set Difficulty Level to DC: Dual Credit so the student’s GPA will calculate correctly for KEES.
<b>student</b>	Early Graduate EOC Order Report	This ad hoc filter is used to create the 2017-18 EOC test order report for students who have signed an intent to graduate early. To be included in the report, the student must have the Intent to Graduate Early flag assigned with no Eligibility End Date entered. The filter should be exported as a CSV and the following column headings added to the report: Algebra II EOC, Biology EOC, English EOC, US History EOC and Test Date Window. The DAC or his/her designee will mark an "X" in the EOC columns indicating the needed exam for each student and enter the appropriate testing window
<b>student</b>	Early Learning Prior Settings	This query will return a list of all kindergarten students (KG) who are enrolled in the current school year. A student may have multiple entries if they were in multiple settings. KG students with no prior setting location entered will show a blank in those fields. Please note that when reporting this information KDE will remove any repeating KG students. They are not removed from this ad-hoc. This ad hoc includes the prior setting type of each student that was tested. Prior Setting Type: 01: State Funded Preschool 02: Out of State-State Funded Preschool 03: Head Start 04: Out of State- Head Start 05: Child care 06: Out of State- Child care 07: Home 08: Private Sitter 09: Kin Care 10: Therapy 11: Other

## State Published Ad Hoc Filters (Feb 23, 2024)

<b>Filter Base</b>	<b>Filter Name</b>	<b>Purpose</b>
<b>Student</b>	EL with invalid accommodations	This report will list active English Learners (EL) with an EL accommodation that is no longer valid and is not end dated. The accommodations screen will have "(Inactive)" listed behind any accommodation that is no longer available as an EL accommodation.
<b>student</b>	ENR - CO1 with Diploma Dates	A 12th grade student who is graduating with a diploma should have: • An End Action of promoted or blank • An appropriate End Status of G01, G02, G03 or G04 • A diploma date. This filter will identify student records marked with the following incorrect scenarios: • A 12th grade student retained with a CO1 end status who also has a diploma date • A 12th grade student promoted (or has a blank End Action) with a diploma date who has a CO1 End Status
<b>student</b>	ENR - G Codes	This filter will return a list of students who have an enrollment end status of G01, G02, G03 or G04. These students should also have an appropriate diploma date.
<b>student</b>	ENR – First Enrollment in District Grades 1-12	The purpose of this report is to generate a list of students, 1st through 12th grade who are new to the district.
<b>student</b>	ENR – First Enrollment in School Grades 1-12	The purpose of this report is to generate a list of students, 1st through 12th grade, who are new to the school based and the school selected in the tool bar.
<b>student</b>	ENR - G Codes on Enrollments Under 11th Grade	This filter will return a list of students enrolled in 10th grade and below with an end status code of G01, G02, G03 or G04. The list should be reviewed to identify enrollments with an incorrect graduation-related end status.
<b>student</b>	ENR - Grade 14 Students with CO1 End Status	This filter returns a list of students in grade 14 students with an end status of CO1 and no diploma date. Grade 14 students should be given the CO1 end status code unless they are receiving an alternate diploma. The appropriate G code and diploma date should be used in the year they receive an alternate diploma. If they subsequently return to school the following year after receiving an alternate diploma, the end status for that year and each year until they age out should be CO1. Use this filter to verify that the appropriate code has been assigned to these grade 14 students.
<b>Student</b>	ENR – Senior SSYP with Invalid G Code	This report generates a list of graduating seniors who participated in the SSYP program who have an invalid G-Code. Seniors who participated in SSYP should have a G03 - Graduated in 5 years on the enrollment end status.
<b>student</b>	ENR - Seniors with CO1	Grade 12 students should only have a CO1 end status on their enrollment if they did not graduate and will be returning in the next school year. If marked correctly, they should have: • an end status CO1 • no diploma date • an end action of R-Retained The following scenarios of grade 12 students with a CO1 end status are invalid and will need to be corrected: • diploma date and an end action of R-Retained • diploma date and an end action of P-Promoted • no diploma date and an end action P-Promoted The filter will pull a list of all grade 12 students with a CO1 end status. It can be adjusted to pull just the correct or incorrect students. The filter should be used to verify all data. Any invalid records meeting the criteria listed above need to be corrected.

## State Published Ad Hoc Filters (Feb 23, 2024)

<b>Filter Base</b>	<b>Filter Name</b>	<b>Purpose</b>
<b>student</b>	ENR – Student Enrollments Missing End Date/Status	All student enrollments should be end-dated after the close of the school year. This ad hoc will generate a list of students with no end date and or end status on their enrollment record. An appropriate end-date and status should be entered for all students returned by the query.
<b>student</b>	ENR End Date with no End Status	Withdrawn students with no end status cause an error on the SAAR report. Please enter appropriate end statuses.
<b>student</b>	EOC Bulk Roster Registration for Algebra II	This filter can be used to populate the bulk roster registration template for the End of Course Algebra II assessment. This filter will pull Algebra II State course code: 270311. The EOC assessment is only required for this course if students receive Algebra II credit for the course. If a student should be on this list and is not, check the course code the student is enrolled in and make the necessary changes.

## State Published Ad Hoc Filters (Feb 23, 2024)

<b>Filter Base</b>	<b>Filter Name</b>	<b>Purpose</b>
<b>student</b>	SPED Students with IEP and PLP	This filter will pull students with both an IEP AND a PLP with start dates later than 12/01/2011. If one of these students has a PLP start date later than their IEP start date, the student will be excluded from the December 1 Child Count report.
<b>curriculum</b>	State Course Codes	It continues to be very important that districts and schools have linked their local courses accurately to the Kentucky Uniform Academic Course Codes in Infinite Campus. The accuracy of the LEAD report and the teacher/student data link related to the attribution of student growth data both depend on the accuracy of the linking process at the school and district level. As a step toward this accuracy, this ad hoc report will allow schools and districts to see all course names, the state code and the description of the code so districts can verify their course codes.
<b>student</b>	Student Enrollment	This ad hoc lists all students enrolled or withdrawn in the year and school selected at the top of the screen. It lists basic demographics such as grade, gender, race/ethnicity, and number of days enrolled.
<b>curriculum</b>	Student Voice Survey School Parameters	This report lists the school parameters from the school resource records that control the student voice survey process. Fields reported are Auto Assignment Choice and Date; Survey Start Date and Time; and Survey End Date and Time.
<b>Student</b>	Students marked as retained	This report will populate a list of students whose current enrollment has been mark as retained. Use this report to verify that that the correct students have been marked retained and have the correct end date and end status. Once the students end action is validated, use this filter in student advanced search to adjust the grade level on future enrollments.
<b>student</b>	Students with unlocked IEPs	This report will show all students w/ unlocked IEPs, and will show their SpEd status in both IEP and Enrollments (Updated 2014)
<b>student</b>	TFEDS students no fed checked (2)	This ad hoc query can be used to search for students who need to have the federal indicator marked on one of their records. A school MUST be selected before running the report. The search can be done by double clicking the name of this filter in Filter Designer or Data Export. It also can be used on a student search by clicking Advanced Search and selecting the filter in the saved filter box. Once the list of names is populated the user can click on each and select the appropriate record and click the federal indicator checkbox. This filter has been updated to pull only ACTIVE students.
<b>student</b>	Title 1 Status	This ad-hoc should be used to verify schools Title 1 Status for the current school year. Please refer to the <a href="#">data standards for definitions of Title 1 Status Codes</a> .
