This will help meet Improvement Priority #2, which states “Develop, implement, and monitor a systemic process to adjust instruction to meet the academic needs of individual students. Ensure the use of evidence-based practices that produce rigorous instruction, support higher order thinking skills, and actively engage students in learning. Collect and analyze data and use findings to identify gaps in student learning and adjust instructional practices to meet student academic needs”. By continuing the work with our consultant, we will be providing our teachers with a working knowledge of how to ensure that instruction and classroom practices are culturally responsive, which will have a direct impact on student achievement.</p> <p>We ask that any additional monies be placed in MUNIS code 322, “educational consultants”, so that we can extend the contract from our CRTL vendor (Dr. Ahmad Washington) from the 20-21 school year to include services for the 21-22 school year.</p>
