Title IV, Part A Coordinator:	Finance Officer:	KDE Program Monitors:	

The following checklist is used in the evaluation of a district's Title IV, Part A program. The Kentucky Department of Education (KDE) is required to conduct compliance reviews to ensure that school districts use funds in accordance with the authorizing statute. The objectives of the reviews are:

- To assess the degree to which program requirements are being fulfilled and make recommendations when appropriate; and
- To provide technical assistance and guidance to strengthen program administration and quality.

The tool itself is organized into sections that directly align with the Title IV, Part A sections of the Every Student Succeeds Act. Each section contains monitoring questions that will be evaluated individually. The list found under Evidence (within each monitoring question) contains examples of documentation that may be submitted for review. Additionally, only documentation for the current school year must be submitted unless the program monitor(s) request(s) prior year information or it is applicable to the question.

During monitoring, the program monitor(s) will select an indicator for each monitoring item.

- Compliant means there is evidence that supports the approved application and compliance. The district provides sufficient evidence identified for meeting the compliance requirement and implementation of the approved Consolidated Application.
- Noncompliant means the district is unable to provide sufficient evidence identified for meeting the compliance requirement and implementation of the approved Consolidated Application.

On-site visits will include district staff, public and private schools receiving services under Title IV, Part A. Districts receiving federal funds must adhere to statute and federal grant requirements in the [Every Student Succeeds Act \(ESSA\) | U.S. Department of Education](#) and [Education Department General Administrative Regulations \(EDGAR\)](#) and other applicable grant regulations.
