

Critical Fact Sheet

A Publication of the Office of Special Education and Early Learning

KSB Outreach

Overview/Background:

The Outreach department supports proficient student performance by assisting local school districts, including KSB and the Kentucky School for the Deaf, in reducing barriers to learning associated with a vision loss and providing students access to the general curriculum, the Kentucky Core Academic Standards, and Expanded Core Curriculum for Students with Visual Impairments.

Critical Points

The Outreach department fulfills its responsibilities to students, teachers, parents, school districts, and regional cooperatives through services offered by

- Regional consultants,
- A certified low vision therapist,
- A family support specialist,
- A campus based short term program for non-KSB students, and
- Materials provided through the Kentucky Instructional Materials Resource Center (KIRMC)
