Functional Mental Disability (FMD) Eligibility Determination Form

Attachment to Admissions and Release Committee (ARC) Conference Summary

| Initial Determination of Eligibility for this Category of Disability | Re-Determination of Eligibility for this Category of Disability |
|---|---|
| Student's Full Name: | SSID: |
| Date of Birth: | Date of Eligibility Determination: |
| School: | |

The ARC determines a student to have a *functional mental disability* and is eligible for specially designed instruction and related services when:

| Complete During ARC | The ARC compared and analyzed evaluation data and documents the following interpreta | |
|---------------------------|--|--|
| | 1a. | Cognitive functioning is at least three standard deviations below the mean. |
| | 1b. | Adaptive behavior is at least three standard deviations below the mean. |
| □ Y □ N □ Insufficient | 1c. | A severe deficit exists in overall academic performance including acquisition, retention and application of knowledge. |
| | 1d. | Manifestation is typically during the developmental period. |
| | 2. | Evaluation information confirms there is an adverse effect on educational performance. |
| | 3. | Evaluation information confirms lack of instruction in reading and math is not a determinant factor in the eligibility decision. |
| | 4. | Evaluation information confirms limited English proficiency is not a determinant factor in the eligibility decision. |

On the following page provide supporting documentation that demonstrates the ARC:

- Used multiple sources to triangulate the data and substantiate the existence of the disability; and
- Confirmed the progress of the student is impeded by the disability to the extent the student's educational performance is significantly and consistently below the level of similar age peers.
