

## UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

December 8, 2021

The Honorable Jason E. Glass  
Commissioner of Education  
Kentucky Department of Education  
300 Sower Boulevard  
Frankfort, KY 40601

Dear Commissioner Glass:

I am writing in response to the Kentucky Department of Education's (KDE's) request on August 17, 2021, and November 1, 2021, for a one-year extension of the State's waiver of section 1111(b)(2)(D)(i)(I) of the Elementary and Secondary Education Act of 1965 (ESEA) which stipulates that a State may not assess using an alternate assessment aligned with alternate academic achievement standards (AA-AAAS) more than 1.0 percent of the total number of students in the State who are assessed in the subjects of reading/language arts (R/LA), mathematics, and science.

After reviewing KDE's waiver request, I am granting, pursuant to my authority under section 8401(b) of the ESEA, for school year 2021-2022, a one-year extension of the State's waiver of section 1111(b)(2)(D)(i)(I) of the ESEA so that the State may assess with an AA-AAAS more than 1.0 percent of the total number of students in the State who are assessed in R/LA, mathematics, and science.

As part of this waiver, KDE assured that it:

- Will continue to meet all other requirements of section 1111 of the ESEA and implement regulations with respect to all State-determined academic standards and assessments, including reporting student achievement and school performance, disaggregated by subgroups, to parents and the public.
- Had assessed in 2018-2019 at least 95 percent of all students and 95 percent of students with disabilities who are enrolled in grades for which an assessment is required. I note that while the State did not assess at least 95 percent of all students and 95 percent of students with disabilities in 2020-2021 due to disruptions caused by the COVID-19 pandemic, it assessed students with disabilities at about the same rate as all students in 2020-2021. Therefore, consistent with information provided in the guidance to States on October 29, 2021,<sup>1</sup> I am also approving a one-year waiver of the requirement in 34 § CFR 200.6(c)(4)(ii)(B) that a State must have assessed at least 95 percent of students in the prior year.
- Will require that a local educational agency (LEA) submit information justifying the need of the LEA to assess more than 1.0 percent of its assessed students in any such subject with an AAAAAS.
- Will provide appropriate oversight of an LEA that is required to submit such information to the State.

---

<sup>1</sup> See: <https://oese.ed.gov/files/2021/10/Memo-to-States-re-One-Percent-Waiver-Requirements-2021-2022.pdf>.

- Will verify that each LEA that is required to submit such information to the State is following all State guidelines in 34 CFR § 200.6(d) – excluding (d)(6) – and will address any subgroup disproportionality in the percentage of students taking an AA-AAAS.
- Will implement, consistent with the plan submitted in KDE’s waiver request, system improvements and will monitor future administrations of the AA-AAAS to avoid exceeding the 1.0 percent cap.

I want to remind you of the requirement in 34 CFR § 200.6(c)(3)(iv) that the State must make publicly available the information submitted by an LEA justifying the need of the LEA to assess more than 1.0 percent of its students on the AA-AAAS, provided that such information does not reveal personally identifiable information about an individual student. I also encourage you to make available your State’s plan and timeline and your progress to date in reducing the percentage of students taking the AA-AAAS.

Given the workplan submitted by KDE, I expect to continue to see positive results of this plan in the 2021-2022 school year and beyond. I note that the rate of AA-AAAS participation has declined in your State and I want to thank you for your continued efforts in achieving this. Future requests for an extension of this waiver will continue to expect both continued progress implementing your plan and progress in reducing the percentage of students taking the AA-AAAS in all tested subjects.

I appreciate the work you are doing to improve your schools and provide a high-quality education for your students. If you have any questions, please contact my staff at [ESEA.Assessment@ed.gov](mailto:ESEA.Assessment@ed.gov).

Sincerely,

Ian Rosenblum  
Deputy Assistant Secretary for Policy and Programs  
Delegated the Authority to Perform the  
Functions and Duties of the Assistant Secretary
